To: Prospective Respondents

From: David Aguirre, Project Manager

REF: Request for Proposal (RFP) for Material Testing Services (Acceptance Testing and Independent Assurance Program Verification) for: Calexico East Port of Entry (POE) Bridge Widening Project Imperial County Transportation Commission; Federal Aid Project Build L-6471(017)
ADDENDUM #2

The following is a clarification based upon questions posed by potential respondents:

- 1) Is this within Caltrans' right of way and going to have testing with full Caltrans methods? Or is this going to follow Caltrans' methods similar requirements to other Imperial County Public Works road projects?

The project site is not within Caltrans right of way, but the project will have Caltrans oversight throughout the completion of the project. It is requested that full Caltrans methods (as if the project was in Caltrans ROW) be utilized to complete the applicable material testing services.

We thank you for your interest in the bid process. Should there be any further questions, please send an email to davidaguirre@imperialctc.org
