REF: Request for Proposal (RFP) for the Imperial County Transportation Commission (ICTC); IVT MedTrans **ADDENDUM #1**

The following is provided as answers and clarifications to questions from or corrections to this RFP:

- 1. The implementation period is identified from award of contract at a five-and-a-half week timeframe. Will ICTC extend the implementation timeframe to at least three months to ensure a smooth transition for all stakeholders?**

ICTC has identified an "Estimated Project Schedule" for this project on page 2 for the RFP. It is stated as "estimated" as there can be variables that can affect the schedule that are beyond ICTC's and any provider's control. ICTC's goal is to have the new contracted service start at a reasonable time frame which we estimate to be Sept. 1, 2019, primarily to remain consistent with federal grant funding restrictions and constraints.

Providers can review and make recommendations in the response to the RFP based on page 15, Section VI. A. 3. f. Exceptions or Deviations:

"...State any exceptions to or deviations from the requirements of this RFP, segregating "technical" exceptions from "contractual agreement" exceptions. Each technical exception must reference the particular section and page in the RFP or Scope of Work that refers to the ICTC's requirements for easy reference..."

In this manner, providers can list recommendations for consideration by ICTC, including consideration of any potential schedule change. ICTC is not obligated to accept any recommendations, exceptions or deviations.

Thank you for your interest in the bid process. Should there be any questions, please email kathiwilliams@imperialctc.org.
