Section 99401.5 of the Public Utilities Code states that: "The Transportation Planning Agency (TPA) shall hold at least one public hearing pursuant to 99238.5, for the purpose of soliciting comments on the Unmet Transit Needs that may exist within the jurisdiction."

Unmet Transit Needs that are determined to be “Reasonable to Meet” by ICTC may be established by providing transit services directly, by contracting for new transit services, or the expansion of existing services. In addition, consultant studies are also conducted when practical to evaluate options or complete evaluations.

In the recent past, these Public Hearings have been held in the January - March time frame at the El Centro Chambers, at approximately 3:00 PM. ICTC is required to select the Hearing Panel from the elected official members of the Commission. It has been customary to appoint
five members with two alternates. Typically, two members from the County are selected, with three City representatives. The alternates are also from the Cities.

The Panel meets twice, once for the actual hearing and then reconvenes approximately one month later to review testimony and adopt the “Findings” or actions to be implemented in the subsequent fiscal year. The date of the second meeting is determined by the panel members during the preliminary meeting. ICTC staff issue the public notices and coordinates administrative arrangements, which includes bilingual translation.

Last year the appointed panel members were:

George Nava  Councilmember, City of Brawley  
Lewis Pacheco  Councilmember, City of Calexico  
Robert Amparano  Councilmember, City of Imperial  
Luis Plancarte  Supervisor #2, County of Imperial  
Ryan Kelley  Supervisor #4, County of Imperial  
Larry Ritchie  Councilmember, City of Westmorland, Alternate #1  
James Predmore  Councilmember, City of Holtville, Alternate #2  

A Thursday afternoon or evening hearing is recommended, as there are typically no regularly scheduled City Council Board meetings; and the public is generally able to attend.

It was requested that ICTC Management Committee forward this item to the Commission for review and approval after public comment, if any:

1. Appoint the Unmet Transit Needs Hearing Panel: two members from the County, three City representatives with two City alternates.

24) **Partnerships with IVEDC:**

   a) **Southern Border Broadband Consortium (SBBC):** ICTC in partnership with IVEDC received a California Advanced Services Regional Consortia Grant award of $450,000 from their Rural and Regional Consortia program. The grant covers a 3-year period. ICTC is fiscal agent and developed an MOU which defines roles and responsibilities (Audits, Administration and Project Management) for ICTC and IVEDC. Since the project’s approval, IVEDC staff Sean Wilcock designed a new logo for SBBC to assist the clarity in larger marketing materials. An update was presented to the Commission at the August 2018 meeting. Currently, the project is in year two of the contract. In year two/quarter two, Ms. Barrett began working with other consortiums on the Caltrans Strategic Corridors Plan. SBBC submitted corridors that would need better broadband sources in Imperial and San Diego Counties. A new staff was hired during this time; Mr. Rene Pollard has been attending meetings with Ms. Barrett since September. An Area Agency on Aging (AAA) Board Meeting was attended in October, along with another AAA event in Bombay Beach; and SBBC is planning to attend more AAA events to assist seniors attain internet access in their homes. The SBBC staff designed a USB with both their logo and AAA’s logo to hand out to seniors when they complete the “internet
needs questionnaire” and has worked as a great incentive. Glenna Barrett provided an update at the Commission meeting in September. The goals for the third year of the program are to continue to work with local stakeholders to identify, prioritize and advance digital access projects; facilitate and promote broadband education and conduct community and business surveys; work with the Boys and Girls Club of IV and the Workforce Development Board to create Digital Literacy Centers throughout Imperial County; form a preferred scenario for 98% deployment in Imperial County and present to the California Advanced Service Fund and the CPUC in January 2020; and work with Spectrum to install five Wi-Fi towers in Imperial County.

b) The Brawley Transit Corridor Brownfield Assessment: ICTC in partnership with IVEDC received a U.S. Environmental Protection Agency (EPA) Brownfields Communitywide Assessment Grant award of $300,000 from the Environmental Protection Agency’s Brownfields Assessment Program. This assessment will be focused along the transit circulator route within the 13-mile Imperial Valley Transit’s (IVTs) Brawley Gold Line Transit Route and the Brawley Transit Center that serves as the IVTs North Imperial County transfer terminal. The commercial corridors in the target assessment area include over 100 known commercial properties and suspected historical gas station sites with known or suspected underground tanks in the target area. ICTC will be the fiscal agent and has developed an MOU which will define roles and responsibilities (Audits, Administration and Project Management) or ICTC and IVEDC. SCS Engineers have initiated early Tasks that include the Quality Assurance Project Plan (QAPP) and project management plan as required by EPA. The Steering Committee consisting of agency partners and stakeholders met on August 22, 2018. The draft QAPP is nearing completion. The first community outreach meeting was held on October 11, 2018. The consultant and IVEDC presented an overview of the project and the opportunities available for property owners to consider participating and requesting Phase 1 or 2 Brownfield Assessments. Currently we are processing 4 Property Eligibility applications with the Dept. of Toxic Substance Control (DTSC) which will be later submitted to the Environment Protect Agency for final approval. All 4 of these properties are seeking to redevelop or sell properties for redevelopment within the project’s subject area. These properties will be processed for Phase 1 and potentially Phase 2 Environmental Site Assessments to clear them of contamination concern or evaluate them for site cleanup planning if necessary.

Mr. Sean Wilcock provided an update at the October Commission meeting regarding the status of the properties.
- The Finnell Property has 3 parcels. It received DTSC approval on March 8, 2019. Phase 1 report completion occurred on October 15, 2019. Pending is Field Sampling Plan and Phase 2 report completion.
- The Chai Property has 2 parcels. It received DTSC approval on March 28, 2019. Phase 1 report completion occurred on October 15, 2019 and no further work is necessary.
- The Lesicka Property has 2 parcels. It received DTSC approval on August 29, 2019 and Phase 1 and Phase 2 report completion, and Field Sampling Plan are all still pending.

A map of the transit corridor in Brawley as it pertains to this project was provided at the December Commission meeting and attached to this report in January.

25) California-Baja California Binational Region: A Fresh Look at Impacts of Border Delays: Building upon previous Caltrans, SANDAG, and ICTC studies, this project will refine the economic models developed to assess economic impacts of delays at the land ports of entry (POEs) between the San Diego and Imperial Counties region and Baja California, Mexico, on the border region economies. It will also estimate greenhouse gas (GHG) emissions of passenger and commercial vehicles due to northbound and southbound border delays at the six California POEs and propose strategies to reduce GHG emissions at the border region. Lastly, extensive outreach to government agencies, local border communities, and private sector stakeholders was conducted. A final report is scheduled to be completed in the spring of 2020.

Re: Southern California Association of Government’s (SCAG) Report

The following is a summary of the SCAG Executive Director’s Report and/or Federal and State Legislature Staff Report for the Imperial County Transportation Commission Management Committee Meeting Wednesday February 26th, 2020.

1. 2019 SCAG 54th Annual General Assembly: The 55th Regional Conference and General Assembly will convene on May 6-8 at the JW Marriott Desert Springs Resort & Spa in Palm Desert, CA. The annual conference brings together over 900 of Southern California’s most influential leaders, innovators and policymakers for collaborative, solution-oriented discussions on the region’s greatest challenges. Registration for the 2020 Regional Conference is available. The event is free for elected officials and city managers in the region, and a room block is currently available through the SCAG General Assembly Website. For information about sponsorship opportunities, contact Communications Manager Jeff Liu at liuj@scag.ca.gov.

2. 2021 Cycle 5 Active Transportation Program (ATP) Grant: The Active Transportation Program (ATP) is a competitive statewide program created to encourage increased use of active modes of transportation, such as biking and walking. Senate Bill 99 (Chapter 359, Statutes of 2013) and Assembly Bill 101 (Chapter 354, Statutes of 2013) created the ATP, and Senate Bill 1 (SB 1) (Chapter 2031, statutes of 2017) directs additional funding from the Road Maintenance and Rehabilitation Account to the ATP.

Currently there is a total of $445 million available for fiscal years 2021 to 2025. Currently the draft guidelines are available on the California Transportation Commission (CTC) website as well as other resources. The guidelines are set to be approved in late March which will coincide with a release for the “Call for Projects.” The current deadline for application submittals is set for June 15, 2020. SCAG is working towards holding an ATP workshop in Imperial County sometime in the coming months. Please feel free to contact David Salgado, SCAG RAO, with any questions.

3. RHNA Update – FEB 2020: The California Department of Housing and Community Development (HCD) provided their Regional Housing Need determination for the SCAG region – a total of 1,344,740 housing units that the six-county region must plan for in the October 2021 – October 2029 planning period.

HCD has reviewed the DRAFT SCAG RHNA Methodology and found that the methodology furthers the five
statutory objectives of RHNA. HCD provided a response to SCAG on January 13th, 2020. This response from HCD will allow SCAG to move forward with the formal approval of the DRAFT Methodology and finds the methodology to be in compliance with the statutory objectives. The final RHNA methodology should be approved in the March 2020/April 2020 time frame for formal ratification at the 2020 SCAG General Assembly.

4. **DRAFT Connect SOCAL** - The DRAFT Connect SOCAL Plan was released on Thursday November 7th by the Regional Council at its regular meeting. The plan incorporates the Sustainable Communities Strategy (SCS) for a second time. All of the documentation is available on the Connect SOCAL website. The Program Environmental Impact Report (PEIR) was released concurrently for comment and review. SCAG will be traveling the region to brief officials and solicit feedback from folks through January 2020.

5. **CONNECT SO-CAL Website**: The official website is now live for Connect SoCal, SCAG’s Regional Transportation Plan/Sustainable Communities Strategy. The newly launched page, [connectsocial.org](http://connectsocial.org), offers a clear and user-friendly way to get updates about the ongoing process of building the plan. Check it out!

This website will be a cornerstone of public participation for Connect SoCal, a plan that provides Southern California with a comprehensive transportation vision through 2045. Plan development takes many years to complete and involves working with six county transportation commissions, 15 sub-regional organizations, 191 cities, numerous other stakeholder organizations and the public. Adoption of a final plan is anticipated in April 2020.

SCAG is working to have the DRAFT Connect SOCAL out for public review in November 2019 with a tentative approval date in April 2020. SCAG is working hard to ensure the Connect SOCAL plan compliments and takes into consideration the RHNA process as they are both critical components to the future development and success of the SCAG region. There are several elements being developed as a part of Connect SOCAL. These include a Job Centers Strategy, SoCal Electric Vehicle Strategy, Transportation Safety Element, and a Goods Movement Environmental Strategy.

6. **Regional Housing Needs Assessment (RHNA) Working Group**: As a part of the upcoming RHNA Cycle SCAG President Alan Wapner has appointed 2 elected officials from each SCAG county to participate in the SCAG RHNA Working Group. The group will meet periodically to ensure participation from each county throughout the RHNA development process. Imperial Counties representative is City of Holtville Councilman, ICTC Commissioner, and SCAG Regional Council and Policy Committee Member Jim Predmore with Councilman Bill Hodge as the alternate. Please feel free to contact SCAG RAO David Salgado with any questions regarding RHNA or reach out to your local delegate to carry any concerns to the presidents sub-committee. We appreciate everyone’s responsiveness to requests to provide the most accurate and current information for the RHNA process.
CONNECT SoCAL UPDATE

SCAG recently completed the public comment and review period for the Draft Connect SoCal plan, the 2020-2045 Regional Transportation Plan and Sustainable Communities Strategy. The draft plan was released for public comment and review starting on Nov. 14. During the 10-week comment period, SCAG held three public hearings, a webinar and a tele-town hall, welcoming anyone to learn more and provide comments regarding the draft plan. SCAG also hosted a series of 21 briefings for local elected officials throughout the region. These meetings were designed to inform elected officials, stakeholders and interested citizens on the key investments and strategies in the draft plan and solicit feedback.

Upon closing the comment period on Jan. 24, SCAG had received more than 1,000 comments on the draft plan. The public review and comment period caps off more than three years of dialogue and consultation on with residents and stakeholders from throughout the counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura sharing their comments and questions. A report summarizing the entirety of comments will be presented to the Regional Council at their March meeting and a document summarizing all comments and staff responses will be available online shortly thereafter. Consideration of a Proposed Final Connect SoCal plan is anticipated in April. For more information and updates on the Connect SoCal plan, the Program Environmental Impact Report (PEIR) and related documents, visit connectsocal.org.

REGIONAL HOUSING NEEDS ASSESSMENT UPDATE

On Jan. 13, the California Department of Housing and Community Development sent a letter to SCAG indicating that HCD had completed its review of the proposed Draft Regional Housing Needs Assessment (RHNA) Methodology submitted by SCAG, finding that it was in compliance with state law by furthering the five statutory objectives of RHNA. With HCD’s acceptance of the methodology, staff will recommend that the RHNA Subcommittee recommend that the Community, Environment and Human Development recommend that the Regional Council adopt the Draft RHNA Methodology as the Final RHNA Methodology at its meeting on March 5. After the Final RHNA Methodology is adopted by the Regional Council, SCAG will distribute each jurisdiction’s RHNA allocation and begin the appeals process in April 2020.

With the number of changes since the prior RHNA cycle to the appeals process, SCAG staff held a workshop on Feb. 3 to provide an overview of the changes to the appeals process and information on how to appeal a jurisdiction’s draft allocation. A Draft RHNA Appeals Procedures document is available online at http://www.scag.ca.gov/programs/Documents/RHNA/RHNA-Draft-Appeals-Procedures.pdf. Staff will consider any comments on the Draft RHNA Appeals Procedures up until Feb. 10. Staff will subsequently submit its recommended RHNA Appeals Procedures for approval at the next RHNA Subcommittee meeting on Feb. 24.

SCAG DELEGATION STUDIES ROAD USER CHARGING IN NEW ZEALAND AND AUSTRALIA

SCAG collaborated in January with the Ministry of Transport in New Zealand and the Department of Infrastructure, Regional Development and Cities in Australia on a study tour focused on sharing information about the use of road user charges (RUC) to fund system development and operational performance. The cost of using New Zealand’s roads is recovered from road users either via gasoline taxes or through road user charges (RUC), which pertain to certain types of vehicles such as light- and heavy-duty diesel powered vehicles that require RUC credits (in 1,000 kilometer increments) in order to operate on roadways. New Zealand has over 40 years of experience with road user charging systems and is recognized internationally as a successful test case in road funding. The Australian Government is embarking on a large scale pilot that models and analyzes the impact of alternative charging approaches for heavy vehicles. The study tour, which was led by SCAG President Bill Jahn and also included First Vice President Rex Richardson and Transportation Committee Chair Cheryl Viegas-Walker, yielded important insights related to privacy, equity, operational efficiency, enforcement and public support that will be shared with the Transportation Committee in March 2020. The replacement of the fuel excise tax with a mileage-based user fee is a key policy objective of the Draft Connect SoCal plan and has been an essential component of the financial plan for SCAG’s regional transportation plans since 2012.
SCAG MEETS WITH ASSEMBLYMEMBER RICHARD BLOOM

On Dec. 16, 2019, SCAG President Bill Jahn, Executive Director Kome Ajise, Chief Operating Officer Darin Chidsey, and Legislation department staff met with California State Assemblymember Richard Bloom (D-Santa Monica) to discuss the second half of the legislative session in Sacramento and share some preliminary priorities for the year around affordable housing. Other topics of discussion included the Regional Housing Needs Assessment (RHNA) and the adoption of Connect SoCal. Assemblymember Bloom is a member of the Appropriations, Budget, Business and Professions, Higher Education, and Local Government committees and also chairs Budget Subcommittee No. 3 on Natural Resources and Transportation. He represents the communities of Agoura Hills, Bel Air, Beverly Hills, Brentwood, Hollywood, Malibu, Pacific Palisades, Santa Monica, Topanga, West Hollywood, and West Los Angeles.

APPLICATIONS AVAILABLE FOR THE 2020 SCAG SCHOLARSHIP PROGRAM

SCAG is now accepting applications for its scholarship program through April 3. The scholarship program offers financial support and professional development to the region’s high school and community college students. Scholarships of $4,000 will be awarded to at least seven eligible students across the six-county SCAG region. Winners will also complete a two-week internship with a local planning agency or council of governments, getting the opportunity to meet with elected officials and practicing planners to learn more about careers in public service. Community college students or high school juniors and seniors who live in the counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino or Ventura are eligible to apply. Application materials and additional details are available at: www.scag.ca.gov/scholarship. If you have questions, contact Scholarship Program Coordinator Jonathan Hughes at hughesj@scag.ca.gov.

GOVERNOR’S OFFICE OF BUSINESS AND ECONOMIC DEVELOPMENT HONORS CIVIC SPARK WITH ZEVe AWARDS

SCAG’s CivicSpark Climate Fellows—Natasha Arreaga, Amanda Caswell and Vannesa Reyes Salazar—were honored with ZEVe awards by the Governor’s Office of Business and Economic Development (GO-Biz) for their leadership and dedication to improving the zero emission vehicle (ZEV) infrastructure approval process. They have moved bureaucratic mountains to evaluate the electric vehicle charging station permitting status of every jurisdiction in the SCAG region, successfully tracking down the ordinances, checklists and all relevant information about charging station permitting. They directly contacted planners and building officials from throughout the region, leading to many enlightening conversations and sharing of resources including the GO-Biz Electric Vehicle Charging Station Permitting Guidebook. Their work has been invaluable and will go a long way in ensuring Southern California is ready for the millions of ZEVs that are anticipated to be on the road in the coming years.

SCAG WORKSHOP AT THE ANNUAL CALIFORNIA GIS CONFERENCE IN LONG BEACH

As part of SCAG’s Future Communities Initiative, there will be a special workshop for local jurisdictions on Feb. 10 at the California GIS Conference. This session will update stakeholders on SCAG’s current data resources, future grant opportunities related to data and new technology, as well as several upcoming data initiatives for Local Jurisdictions in Southern California. Additional information is available at https://calgis2020.sched.com.

SCAG COMPLETES REGIONWIDE INVENTORY OF PUBLIC-OWNED LANDS

SCAG staff conducted a regionwide inventory of public-owned lands and produced the preliminary regional geospatial dataset of public-owned lands information at parcel-level. The public-owned lands database provides the public with information that could help put public properties to better use and spur innovative ideas that create new economic development, affordable and homeless housing, revenue generation and other opportunities to improve communities. The product of this project will help to identify potentially developable lands in the SCAG region, focusing on lands and properties owned by public entities, such as federal, state, county, city and other public agencies. The product will be useful sources for our elected leaders, local planners, community developers and those who are interested in opportunities for future land transformation, infill and redevelopment.
**OZONE AIR PLANS FOR COACHELLA VALLEY AND VENTURA COUNTY ARE RECEIVING PROPOSED APPROVAL BY U.S. ENVIRONMENTAL PROTECTION AGENCY**

The U.S. Environmental Protection Agency published in the Federal Register a proposed rule to approve the latest ozone state implementation plans (SIPs) for Coachella Valley and Ventura County on Dec. 20, 2019 and Jan. 17, 2020, respectively, to address the federal 2008 eight-hour ozone ambient air quality standards. SCAG staff had previously worked with the staff of the South Coast Air Quality Management District, the Ventura County Air Pollution Control District, and the California Air Resources Board in developing the air plans especially the new ozone transportation conformity budgets in the air plans. If the rules are finalized as proposed, Coachella Valley and Ventura County would fulfill all air quality planning requirements with the exception of one element under conditional approval for the 2008 ozone national ambient air quality standards. Failure to meet the required federal air quality planning requirement could lead to serious consequences that impact regional transportation plan, program, and projects. In addition, upon final approval, the new ozone transportation conformity budgets in the ozone plans will apply to SCAG’s Regional Transportation Plan, Federal Transportation Improvement Program, and their amendments. For additional information about the proposed rules, see the respective Federal Register Notices at: [https://www.govinfo.gov/content/pkg/FR-2020-01-17/pdf/2020-00538.pdf](https://www.govinfo.gov/content/pkg/FR-2020-01-17/pdf/2020-00538.pdf) (Coachella Valley) and [https://www.govinfo.gov/content/pkg/FR-2019-12-20/pdf/2019-27545.pdf](https://www.govinfo.gov/content/pkg/FR-2019-12-20/pdf/2019-27545.pdf) (Ventura County).

**REGIONAL GREENPRINT TOOL IN DEVELOPMENT**

On Jan. 22 and 23, SCAG held kick-off meetings to develop the Regional Greenprint, which is a planned strategic conservation tool and website to help users make better land use and transportation infrastructure decisions and support conservation investments based on the best available scientific data. The Greenprint development process is expected to last two years. The first year will entail extensive, targeted outreach to stakeholders to gain insight on the tool’s uses, main themes, and the best datasets to include. The second year will focus on developing and testing the tool, and a launch campaign. Additionally, the Nature Conservancy will create a white paper advising SCAG on developing a Regional Advanced Mitigation Program, which is envisioned by the draft Connect SoCal Plan as establishing and/or supplementing regional conservation and mitigation banks and/or programs to address impacts for projects that support reduction of per-capita vehicle miles traveled.

**REGIONAL INTELLIGENT TRANSPORTATION SYSTEMS WORKSHOPS**

SCAG recently updated its regional intelligent transportation systems (ITS) architecture in late 2019, marking the final stage of a years-long project to modernize and reintroduce this valuable planning tool. The multi-county architecture, which had not been updated since 2011, provides a framework or blueprint for cross-county transportation technology elements in Southern California, and is used by municipalities and counties to ensure that their transportation projects are adequately connected to each other so as to produce a cohesive experience for road, transit and active transportation users. SCAG has been holding workshops around the region to familiarize ITS stakeholders and users with the update, and provide a refresher on the basics of ITS. The Orange County, Los Angeles County/Ventura County, and Coachella Valley/Imperial County workshops have been completed, and the Inland Empire workshop will be held in San Bernardino on Feb. 11. A recording of the workshop will be posted online at the conclusion of the trainings.

**LOS ANGELES UNION STATION/CIVIC CENTER TAX INCREMENT FINANCING PROJECT KICKOFF**

On Jan. 28, the Los Angeles Union Station/Civic Center Tax Increment Financing (TIF) Study kicked off at Metro’s headquarters. The project intends to study and evaluate potential TIF opportunities near Union Station to help support and fund active transportation projects and sustainable improvements in and around the transit hub. The year-long project will begin with community outreach that transitions into exploring TIF alternatives based off of land-uses and potential future growth and development.

**CLIMATE ADAPTATION FRAMEWORK FINANCING SESSION**

In December 2019, SCAG hosted a special workshop for regional stakeholders on how to fund resilient infrastructure in response to climate change. Several financing approaches from across the state were highlighted, including in-person guidance from the Governor’s Office of Planning and Research, as well as options for financing under tax increment financing and special assessment tools. A webinar from the workshop is available online at [https://youtu.be/IfwecdekMGQ](https://youtu.be/IfwecdekMGQ). Questions can be directed to SCAG staff at adaptation@scag.ca.gov.
SCAG SHARES KNOWLEDGE AT 2020 TRANSPORTATION RESEARCH BOARD ANNUAL MEETING

Early in January 2020, SCAG presented at the Transportation Research Board’s (TRB) 99th Annual Meeting in Washington, DC. SCAG staff presented and exchanged knowledge on a poster presentation about transit usage analysis in the region titled, “What Happened to Our Transit Usage? (Part 2)—an Exploratory Investigation on the Impacts on Commuting Pattern, Built Environments, and Neighborhood Change on Transit Usage.” This project continues to build upon the analysis done in 2019 by further investigating the factors influencing transit usage for those who live near transit stations; the second part of the project examines the commuting patterns and distance of these residents by different transportation modes and socioeconomic groups. The overall theme of this year’s meeting was “A Century of Progress: Foundation for the Future.” This annual conference brings more than 13,000 transportation professionals from around the world and its program includes over 5,000 presentations in nearly 800 sessions and workshops.

SCAG COLLABORATES WITH THE UNIVERSITY OF SEOUL

As a part of an international partnership with the University of Seoul in South Korea, SCAG hosted two volunteer interns, Na Youn Jung and Jae Min Lee, from December 2019 to February 2020. By the end of their internships, they had learned about how SCAG collaborates with key stakeholders to develop regional plans and policy options to address diverse urban and regional planning issues. Additionally, the students learned insightful regional planning knowledge through field study and guided research on a topic area of their interests. Na Young conducted a research on local park efficiency and Jae Min conducted a research on housing affordability as a comparison between the SCAG region and Seoul.

SCAG CONTINUES INTERNATIONAL COLLABORATION

On Jan. 21, SCAG hosted a delegation from the Research Institute of Coexistence and Collaboration in South Korea. The nine-member delegation, led by the director of the institute, visited SCAG to learn more about public participation and conflict resolution in Southern California. SCAG staff introduced SCAG’s primary roles and responsibilities, programs, Connect SoCal outreach and public participation. The delegation shared some of their policy tools to prevent conflicts on the policy-making process in Seoul Metropolitan area.
The following is the California Department of Transportation, District 11 report for the Imperial County Transportation Commission (ICTC) Commissioner’s meeting of February 26, 2020:

1. Project Updates:

Please see maps at end of report for project level detail.

2. Construction:

I-8/Imperial Avenue Interchange

Caltrans will be reconstructing the interchange at Imperial Avenue and I-8 with work anticipated to begin in early 2020. The project will include installing two ramps that will provide direct access to southbound Imperial Avenue which will provide connectivity to the south portion of El Centro. These improvements will complement the City of El Centro’s plans for future development.

The bid has been awarded and the contractor is expected to begin construction on April 1, 2020. Closures are likely to begin in late April/early May; with construction scheduled to last until 2022. Additional outreach to businesses in and near the construction zone will be held on an as-needed basis to continue to inform and educate of the project details and impacts.
3. Traffic Operations:

SR-86/Customs & Border Protection Checkpoint Expansion

Caltrans continues to work on design reviews with the goal being to have a design approved project ready for when funding becomes available. Structural design review is still pending. Recent discussions with CBP have indicated that federal funding may be available in this federal Fiscal Year; more information will be provided as it becomes available.

4. Planning:

SR-78/Glamis Grade Separated Crossing Feasibility Study

Caltrans was successful in obtaining State Planning and Research funds for a feasibility study to develop alternatives for a grade separated crossing at the Union Pacific rail line in Glamis. ICTC is the project manager for this study with Caltrans providing contract oversight and participation on the Technical Working Group.

The Technical Working Group meetings have begun, and initial outreach to the Off Highway Vehicle (OHV) community was held at the Glamis Dunes on Saturday, January 18, 2020. There was significant attendance by OHV users, with maps and displays, surveys and one-on-one feedback and input provided. A TWG meeting was held on February 13, 2020 in San Diego and an initial set of alternatives was selected to move forward for evaluation.

El Centro Land Use, Mobility Element and Environmental Justice Update:

The City of El Centro was successful in obtaining a Sustainable Communities Planning Grant from Caltrans which will address such topics as reducing suburban sprawl and vehicle dependency, and encouraging multimodal activity. The updated Plan will embrace key planning principles and goals such as GHG emission reduction targets, provide consistency with the Southern California Association of Governments (SCAG) Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS), provide improvements to public health, reduce vehicle miles traveled (VMT), and seek improvements to transportation technology as well as to incorporate Active Transportation Planning goals.

This contract was awarded to Chen Ryan and City Place Planning. The kick-off meeting was held on August 20, 2019 and the contract is expected to be complete in early 2021.

The City of El Centro and consultant staff set up an informational booth at the Aquatic Center Grand Opening. A Technical Advisory Committee has been formed, with meetings being held monthly.

*The General Plan has an introductory video featuring Mayor Efrain Silva. It can be viewed at the following link: [https://youtu.be/WxiP7S_HPjc](https://youtu.be/WxiP7S_HPjc)*
Planning (continued):

Traffic counts at numerous intersections throughout the City have been completed, and the consultant will begin the intersection and roadway analysis. The Existing Conditions Mobility Element and the Environmental Justice Element have been provided to the TAC for an internal review.

Outreach efforts and marketing continue with Community Advisory Committee (CAC) meetings, pop-up events, and increased exposure to the website and survey link. The next Public Outreach event is anticipated to be held in late April 2020.

District 11 Active Transportation Plan:

Caltrans District 11 is developing an Active Transportation Plan for San Diego and Imperial Counties. This plan will include an existing conditions analysis and a prioritized list of identified bicycle and pedestrian needs on and around the State Highway System.

Input from regional and local partner agencies and local advocates is essential to the development of this plan. Caltrans encourages our partner agencies to participate in the Active Transportation Plan Working Group (ATPWG). Your agency’s involvement will ensure Caltrans has an accurate inventory of existing conditions as well as planned and necessary active transportation improvements.

Caltrans will conduct public outreach activities in Imperial County. Caltrans introduced the plan overview to the Imperial County Transportation Commission Management Committee on February 12, 2020 and will conduct an ATPWG meeting at the next Imperial County Transportation Commission Technical Advisory Committee meeting on February 27, 2020.

5. Senate Bill 1 Projects:

The remaining project which received SB1 funding is the widening of the bridge over the All American Canal at the Calexico East POE. Caltrans is providing design and environmental services.

Caltrans began internal District circulation of the Draft Project Report on October 31, 2019, with an anticipated completion date by spring 2020. The Project Report will then be circulated to outside agencies for comments. It is estimated that the PA&ED phase will be complete by May 2020.

The Design-Build phase could potentially begin in September 2020. Construction is expected to last two years with completion expected in September or October 2022.
6. Upcoming Projects:

For 2020, there are several projects that have been confirmed in the Caltrans Project Delivery Plan in Imperial County. They are:

- Culvert rehabilitation on SR-78, from approximately Midway Well to Palo Verde.
- Widening on SR-98/SR-111, from Ollie to Rockwood.
- Upgrade curve warning signs along various routes.
- Paving on SR-86 from the SR-111/SR-86 junction to the City of El Centro.

SUBJECT: Imperial County Transportation Commission (ICTC) resolution for Federal Fiscal Year (FFY) 2020/2021 – 2025/2026 Federal Transportation Improvement Program

Dear Commission Members:

The Imperial County Transportation Commission has submitted its portion of the Federal Transportation Improvement Program (FTIP) for inclusion into the Southern California Association of Governments (SCAG) 2021 FTIP. The program has been prepared in accordance with State and Federal requirements. Every effort was made to contact local agencies to allow them the opportunity to update the status of all projects on the attached list.

Attached is a resolution that establishes our commitment to implement all listed projects in the FTIP in partnership with member agencies and Caltrans. Commitment is based on the assumption that funding sources/revenue remain stable and consistent.

The Technical Advisory Committee met on January 23, 2020 and forwarded this item to the ICTC Management Committee.

The ICTC Management Committee met on February 12, 2020 and forwards this item to the Commission for their review and approval after public comment, if any:

1. Authorize the Chairman to sign the resolution that certifies funding has been identified for the projects in the FFY 2020/2021 - 2025/2026 FTIP and affirms our commitment to implement all projects in the program.

Sincerely,

MARK BAZA

A RESOLUTION OF THE IMPERIAL COUNTY TRANSPORTATION COMMISSION (ICTC) WHICH CERTIFIES THAT ICTC HAS THE RESOURCES TO FUND THE PROJECTS IN THE FFY 2020/21 – 2025/26 TRANSPORTATION IMPROVEMENT PROGRAM AND AFFIRMS ITS COMMITMENT TO IMPLEMENT ALL PROJECTS IN THE PROGRAM

WHEREAS, Imperial County is located within the metropolitan planning boundaries of the Southern California Association of Governments; and

WHEREAS, the Fixing America’s Surface Transportation Act (FAST Act) requires SCAG to adopt a regional transportation improvement program for the metropolitan planning area; and

WHEREAS, the FAST Act also requires that the regional transportation improvement program include a financial plan that demonstrates how the transportation improvement program can be implemented; and

WHEREAS, the ICTC is the agency responsible for short-range capital and service planning and programming for the Imperial County area within SCAG; and

WHEREAS, as the responsible agency for short-range transportation planning, the ICTC is responsible for the development of the Imperial County Transportation Improvement Program, including all projects utilizing federal and state highway/road and transit funds; and

WHEREAS, the ICTC must determine, on an annual basis, the total amount of funds that could be available for transportation projects within its boundaries; and

WHEREAS, the ICTC has adopted the FFY 2020/21-2025/26 Imperial County Transportation Improvement Program with funding for FFY 2020/21 and 2021/22 available and committed, and reasonably committed for FFY 2022/23 through 2023/24.

NOW, THEREFORE, BE IT RESOLVED by the ICTC that it affirms its continuing commitment to the projects in the FFY 2020/21-2025/26 Imperial County Transportation Improvement Program (TIP); and

BE IT FURTHER RESOLVED, that the FFY 2020/21-2025/26 Imperial County TIP Plan identifies the resources that are available and committed in the first two years and reasonably available to carry out the program in the last four years, and certifies that:

2. All of the projects in the Imperial County TIP have complete funding identified in the
Program.

3. ICTC has the funding capacity in its county Surface Transportation Block Grant (STBG) Program and Congestion Mitigation and Air Quality (CMAQ) Program allocation to fund all of the projects in the FFY 2020/21-2025/26 Imperial County TIP; and

4. The local match for projects funded with federal STBG and CMAQ program funds is identified in the TIP.

5. All the Federal Transit Administration funded projects are programmed within the FAST Act Guaranteed Funding levels.
