VI. ACTION CALENDAR
A. San Diego State University /Imperial Valley College Transit Shuttle Analysis

The San Diego State University / Imperial Valley College Transit Shuttle Analysis completed by the AECOM consultant team assessed the feasibility of an inter-college campus shuttle service in Imperial County. A technical advisory committee team comprised of staff from SDSU - Imperial Valley Campuses, Imperial Valley College, SCAG, ICTC and Caltrans provided guidance in the development of the project deliverables. A critical element of the project deliverables included multiple outreach efforts at the campuses of SDSU-Calexico, IVC and SDSU - Brawley.

The study developed a phased approach for implementation and future consideration. The consultant team completed the 2nd round of outreach at SDSU - Calexico, IVC and SDSU - Brawley campuses to obtain input from the student body regarding these proposed route alternatives.

The study alternatives were presented to the IVC Board of Trustees on June 15, 2016. The IVC Board of Trustees expressed support for the project and future implementation of the first phase when funds are available. The AECOM consultant team presented to Management and Commission in July 2016 as an information item only. Attached is the

A brief presentation was made by Ms. Mendoza.

It was requested that the ICTC Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Approve the San Diego State University /Imperial Valley College Transit Shuttle Analysis

A motion was made by Bayon Moore and seconded by Villa, **Motion Carried unanimously**.

B. Fund Request to the Local Transportation Authority (LTA) – City of Calexico

The City of Calexico has made a request to the LTA for funds from the regional highway set-aside for traffic control staff assistance on State Route 111/Imperial Avenue, for southbound traffic leading to the Downtown Calexico West Port of Entry (POE). During afternoon peak period delays the queue of vehicles can go as far back as 1.4 miles north of the Port of Entry (or .25 miles north of State Route 98/Birch St.). The average daily traffic volume on SR-111/Imperial Avenue is 26,000 to 34,000 vehicles. Based on border crossing volumes it is estimated that 75 percent of the daily vehicles on SR-111/Imperial Ave. have origin and destination in Mexicali, Mexico.

The City’s request is $150,000 for two years for a total request of $300,000 for Fiscal Year 2016-17 and FY 2017-18. The City is committed to using $493,580 in available funding sources for FY 2016-17. The City’s contribution pays for three (3) full-time employees and three to seven (3 to 7) part-time traffic control staff (contract employees). The LTA request will provide funding for four (4) additional part-time traffic control staff to assist with the weekly afternoon peak hours of delay to the POE to fully fund the seven (7) part-time contract employees needed. The proposed request is a short-term solution to a longer term need as the federal government is under construction to expand the POE in 2018. In 2018, traffic will use SR-111/Imperial Avenue and Cesar Chavez Boulevard to access the Calexico West POE. See attached letter of request. With the two-year request for assistance the City is committed to work with all local, state and federal stakeholders to analyze and evaluate traffic control measures for the opening of the completed Phase 1 construction for the Calexico West POE.

SR-111/Imperial Avenue is a regional corridor for Imperial County and the revenue is available in the highway set-aside program.

It was requested that the ICTC Management Committee forward this item to the LTA for their review and approval after public comment, if any:

1. Approve the allocation for additional funding needed in the amount $150,000 for 2 years for a total request of $300,000 from the Regional Highway set-aside from the Measure D allocations
2. Authorize the Executive Director to execute the necessary agreements between the City of Calexico and ICTC

A motion was made by Bayon Moore and seconded by Villa, **Motion Carried unanimously**.

B. Update on the Federal Transit Administration (FTA) Section 5310 Grant Program for Elderly and Disabled Transportation Services FY 2014-15 – ICTC grant application for Mobility Coordination

In February 2015, the Commission approved ICTC’s submittal of a FY 2014-15 FTA 5310 Grant application. The federal grant program had been revised to include funding for certain transit operational expenses and mobility management program functions.

It was staff’s recommendation to fund a Mobility Management/Coordination position with a new ICTC employee. The position was to be of a professional classification and require a standard recruitment process. The recruitment process was completed and the staff person has been engaged in Mobility Coordination since February 2016.

The Mobility Coordinator is responsible for assisting existing ICTC transit and contractor staff in addressing two primary areas:

1. The 2014 Human Services – Public Transit Coordinated Planning efforts goals; to use a bilingual Mobility Coordinator to bridge the gap between current public transit service providers, human service agencies, social service agencies and the senior citizen and disabled communities of Imperial County.

2. Address the recommendations in the consultant prepared ADA Certification and Eligibility Process, Demand Management Project; to revise the certification and eligibility process (scheduled for January 2017)

As of August 2016, several presentations have been made to social service agencies, service clubs and agencies such as County Behavioral Health. In addition, public outreach was provided for the recent IVT RIDE El Centro and IVT MedTrans service launches.
C. Review of the Increase in IVC Express trips between Calexico and El Centro on Imperial Valley Transit (IVT) Fixed Route Bus System

In FY 2013, Staff had made the recommendation and the Commission approved this new service frequency after analyzing testimony, ridership data and passenger comments. Transit service had been in effect for many years, but demand was outpacing available trips. Students complained of being left at the bus stops due to overcrowding. As a result of the FY 2013-14 UTN Public Hearing, a need was established to increase the trips available.

Once a new route or trip has been implemented a demonstration phase ensues. The “demo” phase typically lasts for a minimum of twelve months. This allows for review and evaluation of the public’s acceptance and use of the transit service. Services adjustments can also be made as necessary in order to remain efficient and effective. In August 2013, the additional trips to increase capacity were introduced. Ridership responded favorably and no further complaints have been received. Due to other concerns expressed by students at that time, IVC also began to assist with supervising the loading and unloading at the IVC bus transfer terminal via security staff. IVC security staff now are present and direct the students to form a queue resulting in an orderly process.

In early Spring 2016, Wi-Fi was introduced on the buses and in September 2016, a Facebook page for IVT was created. Both of these services were introduced with the IVC college student in mind.

There has been a single question recently regarding interest in evening IVC express trips. In addition, it is noticed that in conversations with the students, they prefer to take the bus closest to their class start and end times, but are willing when necessary to take an earlier or later bus to campus. Passengers per trip data is indicating an average of 45 to 55 passengers on each IVC Express trip #21.

D. 2016 Regional Transportation Plan (RTP)/Sustainable Communities Strategy (SCS), Amendment #1

The Southern California Association of Governments (SCAG) has approved the regional 2016 RTP/SCS that has been accepted by the Air Resource Board. SCAG developed the RTP/SCS in collaboration with ICTC, other County Transportation Commissions, and local governments from the six county Southern California region through a bottoms-up, collaborative process. The RTP/SCS addresses many challenges including projected growth, changing demographics, climate change adaption, housing needs, and transportation demands.

SCAG has opened Amendment 1 of the 2016 RTP/SCS for any changes to existing projects or adding new projects. Projects listed in the RTP/SCS must be of regional significance and increase the road capacity. ICTC has received a request to submit 3 projects as part of Amendment 1.

B. Update on the Federal Transit Administration (FTA) Section 5310 Grant Program for Elderly and Disabled Transportation Services FY 2014-15 – ICTC grant application for Mobility Coordination

In February 2015, the Commission approved ICTC’s submittal of a FY 2014-15 FTA 5310 Grant application. The federal grant program had been revised to include funding for certain transit operational expenses and mobility management program functions.

It was staff’s recommendation to fund a Mobility Management/Coordination position with a new ICTC employee. The position was to be of a professional classification and require a standard recruitment process. The recruitment process was completed and the staff person has been engaged in Mobility Coordination since February 2016.

The Mobility Coordinator is responsible for assisting existing ICTC transit and contractor staff in addressing two primary areas:

1. The 2014 Human Services – Public Transit Coordinated Planning efforts goals; to use a
bilingual Mobility Coordinator to bridge the gap between current public transit service providers, human service agencies, social service agencies and the senior citizen and disabled communities of Imperial County.

2. Address the recommendations in the consultant prepared ADA Certification and Eligibility Process, Demand Management Project; to revise the certification and eligibility process (scheduled for January 2017).

As of August 2016, several presentations have been made to social service agencies, service clubs and agencies such as County Behavioral Health. In addition, public outreach was provided for the recent IVT RIDE El Centro and IVT MedTrans service launches.

C. Review of the Increase in IVC Express trips between Calexico and El Centro on Imperial Valley Transit (IVT) Fixed Route Bus System

In FY 2013, Staff had made the recommendation and the Commission approved this new service frequency after analyzing testimony, ridership data and passenger comments. Transit service had been in effect for many years, but demand was outpacing available trips. Students complained of being left at the bus stops due to overcrowding. As a result of the FY 2013-14 UTN Public Hearing, a need was established to increase the trips available.

Once a new route or trip has been implemented a demonstration phase ensues. The “demo” phase typically lasts for a minimum of twelve months. This allows for review and evaluation of the public’s acceptance and use of the transit service. Services adjustments can also be made as necessary in order to remain efficient and effective. In August 2013, the additional trips to increase capacity were introduced. Ridership responded favorably and no further complaints have been received. Due to other concerns expressed by students at that time, IVC also began to assist with supervising the loading and unloading at the IVC bus transfer terminal via security staff. IVC security staff is now present and direct the students to form a queue resulting in an orderly process.

In early Spring 2016, Wi-Fi was introduced on the buses and in September 2016, a Facebook page for IVT was created. Both of these services were introduced with the IVC college student in mind.

There has been a single question recently regarding interest in evening IVC express trips. In addition, it is noticed that in conversations with the students, they prefer to take the bus closest to their class start and end times, but are willing when necessary to take an earlier or later bus to campus. Passengers per trip data is indicating an average of 45 to 55 passengers on each IVC Express trip #21.

IV. CONSENT CALENDAR

D. 2016 ACTIVE TRANSPORTATION PROGRAM REGIONAL GUIDELINES
October 11, 2016

ICTC Management Committee  
Imperial County Transportation Commission  
1405 N. Imperial Ave., Suite 1  
El Centro, CA  92243

SUBJECT:  2017 Active Transportation Program Regional Guidelines

Dear Committee Members:

Imperial County Transportation Commission (ICTC) staff has been working with staff from the Southern California Association of Governments (SCAG) in the review of the Active Transportation Program (ATP) guidelines. The ATP is funded from various federal and state funds including the federal Transportation Alternatives Program (TAP), the Highway Safety Improvement Program (HSIP), State Highway Account, and Safe Routes to Schools (SR2S).

Per the 2017 guidelines issued by the California Transportation Commission (CTC), the program is divided into state and regional shares. Project applications that are not selected for funding from the state’s share of the funds will be passed on to the other Metropolitan Planning Organizations (MPOs) for consideration for regional share funding.

Program funding is segregated into three components and is distributed as follows:

- 50% to the state for a statewide competitive program
- 10% to small urban and rural regions with populations of 200,000 or less for the small urban and rural area competitive program
- 40% to Metropolitan Planning Organizations (MPO) in urban areas with populations greater than 200,000 for the larger urbanized area competitive program

In this third call for projects of ATP funds, SCAG does not intend to host a separate Call for Projects. Caltrans will instead forward grant proposals from the SCAG region that were not awarded funding at the statewide selection round for consideration in the Regional Program. Therefore, all project applications must meet the state’s criteria and be submitted to Caltrans first. To date, five applications have been submitted by member agencies for this current cycle.

ICTC is responsible for scoring from within Imperial County for their consistency with plans adopted by local and regional governments within the county. In this round of funding, there is an emphasis on projects that are ready to go.

CITIES OF BRAWLEY, CALEXICO, CALIPATRIA, EL CENTRO, HOLTVILLE, IMPERIAL, WESTMORLAND, IMPERIAL IRRIGATION DISTRICT AND COUNTY OF IMPERIAL
Assigning a methodology for assigning the ten (10) points needs to be completed by ICTC. During the programs first funding cycle in 2014, ICTC was required to establish the ten point scoring methodology. Previously, if a project was determined to be consistent with plans adopted by local and regional governments within the county, ICTC could add up to 10 points. In 2014, 2015 and 2016 ICTC adopted the following scoring methodology: 10 points for projects that have been identified in an adopted local and/or regional plan; zero points for projects that have not been identified in an adopted local and/or regional plan. ICTC staff is recommending the same methodology for cycle three (3) of ATP funding.

It is requested that the Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Approve the following methodology for assigning points of the 2017 Active Transportation Program Regional Guidelines:
   a. 10 points for projects that have been identified in an adopted local and/or regional plan; and
   b. Zero points for projects that have not been identified in an adopted local and/or regional plan.

Sincerely,

MARK BAZA

From: Mark Baza, Executive Director
Re: Executive Director’s Report

The following is a summary of the Executive Director’s Report for the Management Committee Meeting on October 12, 2016.

1. Imperial Mexicali Binational Alliance Meeting: The next IMBA meeting will be on October 13, 2016 at 10 a.m. at the SDSU-IV Campus Library in Calexico, CA. The meeting will include presentations on the Southern California Association of Governments (SCAG) Goods Movement Border Study Phase 2 and the Calexico Urban Planning Feasibility Study presented by the U.S. General Services Administration.

2. IVT Facebook Page: Imperial Valley Transit (IVT) recently launched a Facebook Page. The concept is to communicate with FB users, particularly IVC students regarding service, schedules, detours etc.

3. Assembly Bill 2170 (AB 2170): In August 2016, the bill was approved by the California legislature and was pending Governor Brown’s signature. AB 2170 reauthorizes the Trade Corridor Improvement Fund (TCIF) process for allocating funds for freight and trade related projects. The current fund source available to California is from the U.S. government’s Fixing America’s Surface Transportation (FAST) Act. The Bill was vetoed by Governor Brown, however, there is potential to revisit the bill with opportunity for California’s Border with Mexico. See attached letter from Governor to State Legislature.

4. State Route 86 (Northbound) Border Patrol Checkpoint: ICTC has initiated discussions with management and staff with Customs and Border Protections (CBP) Border Patrol regarding the potential to add a second inspection lane at this very busy checkpoint. Coordination efforts will follow with Border Patrol, Caltrans and the region to determine feasibility, costs and funding of required improvements within Caltrans right-of-way. A meeting was held on July 20\textsuperscript{th} with all of the above stakeholders. Following the meeting input, Border Patrol will begin to draft concept alternates to meet short-term and mid-term needs. Our follow-up meeting is tentative for late September / early October, 2016.

5. Repurposing Demo Funds: The Federal Highways Administration (FHWA) passed the Consolidated Appropriations Act, 2016 which allows State to repurpose any earmark that was designated on or before September 2005. It is anticipated that FHWA will approve the repurposing project list by the end of October 2016. In Imperial County there is an opportunity to repurpose the following projects:

6. **2016 Regional Transportation Plan (RTP)/Sustainable Communities Strategy (SCS), Amendment #1:**
The Southern California Association of Governments (SCAG) has approved the regional 2016 RTP/SCS that has been accepted by the Air Resource Board. SCAG developed the RTP/SCS in collaboration with ICTC, other County Transportation Commissions, and local governments from the six county Southern California region through a bottoms-up, collaborative process. The RTP/SCS addresses many challenges including projected growth, changing demographics, climate change adaption, housing needs, and transportation demands.

SCAG has opened Amendment 1 of the 2016 RTP/SCS for any changes to existing projects or adding new projects. Projects listed in the RTP/SCS must be of regional significance and increase the road capacity. ICTC has received a request to submit 3 projects as part of Amendment 1.

10. **California HERO Program:** The California Hero Program was launched in April 2014 in Imperial County with ICTC as the administering agency. Attached is a copy of the program activity report through August 31, 2016.
11. **RSTP and CMAQ Obligation**: All FY 2015-2016 Congestion Mitigation Air Quality (CMAQ) and Regional Surface Transportation Program (RSTP) request for allocations (RFA) have been obligated by Imperial County. All RFA’s have been processed for FY 2015-2016 with the exception of the City of Holtville’s Cedar Avenue CMAQ project that was unable to submit the obligation request. The Cedar Avenue project funds will be used by the City of Brawley’s Sidewalk Rehabilitation project.

12. **Funding for Phase II of the Calexico West Port of Entry Project in the President’s FY17 Budget – Press Release (Summary)**: (February 9, 2016) – Rep. Juan Vargas (CA-51) announced the inclusion of $248 million for the Calexico West Land Port of Entry (LPOE) reconfiguration and expansion project in the Fiscal Year (FY) 2017 budget released today. If approved, the funding would be sufficient to complete the project.” As previously noted, Congress authorized $98 million for Phase 1. The U.S. General Services Administration (GSA) began construction for Phase 1 in December 2015 with completion scheduled for January 2018.

As part of the POE Expansion project, traffic will be rerouted from the existing roadways to SR-98 and Cesar Chavez Boulevard which are not designed to handle the high volumes of traffic associated with the border travel. As result, ICTC submitted a 2016 TIGER grant in the amount of $12,046,400 to improve SR-98 and Cesar Chavez Boulevard. Improvements will include widening, signalization, channelization, lighting, pedestrian/bicycle and ADA improvements. The TIGER grant application was submitted on April 29, 2016. TIGER awards were approved by the U.S. Department of Transportation in July 2016 and ICTC did not receive an award.

13. **Calexico East Commercial Vehicle Port of Entry Expansion Project**: ICTC submitted the Calexico East Commercial Vehicle Port of Entry Expansion Project under the California Sustainable Freight Action Plan: Pilot Project Ideas. The project is a proposed public-private partnership for the construction costs of the freight elements of the Calexico East Expansion that include: bridge expansion, commercial vehicle primary inspection booths and road construction totaling $30 million. The California Environmental Protection Agency Air Resources Board has reviewed the project ideas submitted and presented pilot project concepts at the Sustainable Freight Action Plan workshop held on February 1, 2016. The concepts presented in the workshop included “Advanced Technology Truck Fast Lane (Border)”. Additionally in December 2015, Safer Community Foundation, Inc. in partnership with the County of Imperial and ICTC submitted the expansion proposal to Customs and Border Protection through their “559 Donation Authority.” In addition to the Sustainable Freight Action Plan submittal, ICTC also submitted a FASTLane grant application on April 14, 2016 and a 2016 TIGER program on April 29, 2016.

The 559 Donation proposal was not approved due to concerns related to the toll collections within federal property. The discretionary grant application submittals for FASTLane and TIGER grant programs were also not successful for this year’s grant programs. All stakeholders are considering options that will address federal agencies concerns.

14. **Regional Mobility Hubs Strategy for Imperial and San Diego**: This project funded by Caltrans will develop a Regional Mobility Hubs Implementation Plan for San Diego County and Imperial Valley. This project is led by SANDAG in collaboration with ICTC. The focus of the plan will be to develop recommended improvements, conceptual designs, and implementation strategies for different mobility hub station place types for both regions. Mobility hubs can help maximize the capital investment in transit services and support the emphasis on smart growth and transit-oriented development.

The Consultant team hosted a series of public outreach events in Imperial Valley and gathered a total of 249 responses from the 3 day outreach event. During the month of September the Consultant will complete Existing Conditions Booklets and Conceptual Designs. The Consultant team presented the study at the Caltrans External Team Building meeting of September 22, 2016. Virginia Mendoza, Project Manager

15. **Community of Niland Bus Stop Bench and Shelter Request**: The ICTC submitted a formal request to the California Department of Transportation (Caltrans) District 11 requesting their assistance in identifying a location for a bus stop bench and shelter in the Community of Niland along State Route 111 (SR-111).
Caltrans and ICTC are finalizing a preferred location and any improvements necessary for installation of the bench and shelter.

16. **California-Baja California Binational Region:** A Fresh Look at Impacts of Border Delays: Building upon previous Caltrans, SANDAG, and ICTC studies, this project will refine the economic models developed to assess economic impacts of delays at the land ports of entry (POEs) between the San Diego and Imperial Counties region and Baja California, Mexico, on the border region economies. It will also estimate greenhouse gas (GHG) emissions of passenger and commercial vehicles due to northbound and southbound border delays at the six California POEs, and propose strategies to reduce GHG emissions at the border region. Lastly, extensive outreach to government agencies, local border communities, and private sector stakeholders will be conducted. Extensive data collection and modeling work has been conducted on these areas by ICTC, SANDAG and other agencies, this project will build upon that work. The consultant team is completing the development of the survey instrument that will be used in all 6 POEs. Survey sampling took place in late June. Imperial Valley surveys at the border crossings were completed in August 2016.

To the Members of the California State Assembly:

I am returning Assembly Bill 2170 without my signature.

This bill allocates federal funds through the California Transportation Commission to improve trade corridors in the state.

Unfortunately, the bill does not include key amendments agreed to by the author to ensure urgent state priorities are addressed, including improvements to California’s border with Mexico and important rail safety projects.

I direct the Transportation Agency to work with the Commission and the author to ensure these funds are allocated to high-priority trade projects as soon as practicable.

Sincerely,

Edmund G. Brown Jr.

Memorandum

Date: October 12, 2016
To: ICTC Management Committee Meeting
From: David Salgado, Regional Affairs Officer
Re: Southern California Association of Government’s Report

The following is a summary of the SCAG Executive Director’s Report and/or Federal and State Legislature Staff Report for the Imperial County Transportation Commission Management Committee Meeting September 14, 2016.

1. **2016 California Housing Summit:** The 2016 California Housing Summit took place October 11, 2016 from 8:00am to 3:00pm at the L.A. Hotel, 333 S. Figueroa St., Los Angeles, CA. The program was presented in partnership with 30 partner agencies. The summit will connect attendees with strategies, resources, and opportunities created by State legislation and local policies to build more housing aligned with the goals of SCAG’s RTP/SCS. The goal of the summit will clearly explain the causes of the California housing crisis and offer solutions to allow for more housing to be built. For any questions please contact David Salgado.

2. **2017 SCAG Sustainability Program Call for Proposals:** The 2016-17 Sustainability Grants (SPG) Call for Proposals was approved September 29, 2016 by the Regional Council. The program was formerly known as the Compass Blueprint Program. The effort is designed to support and implement the policies and initiatives of the 2016 RTP/SCS and continues the themes of the previous call. There is a funding commitment of approximately $5 million including $1 million from SCAG in FY 2016-17. There will be an informational workshop on October 13, 2016 broadcast from the Los Angeles office to SCAG’s Satellite offices, TIME TBD. All available information has been distributed to partner agencies and is available online.

The 2016 SPG Call for Proposals updates the program application and guidelines to promote implementation of the goals, objectives and strategies of the recently adopted 2016 RTP/SCS, and incorporates the planning components of SCAG’s 2017 Regional Active Transportation Program (ATP). In addition, the Call for Proposals will support the development of concepts that contribute to a shared regional vision and support planning work that will help local agencies compete for federal and statewide competitive grant programs offered through the statewide Cap & Trade program, ATP and other programs. For any questions please contact David Salgado.

3. **SCAG Earthquake Resiliency Workshops:** SCAG will be hosting a series of 7 workshops in the SCAG region. The workshops will be led by world renowned seismologist Dr. Lucy Jones. The workshops will be tailored to the region in which they are held to fit the areas physical/geographic make-up and needs. The workshop is scheduled for Wednesday November 9, 2016 from 9:00am to 12:00pm. The workshop will be held at the City of Coachella Corporate Yard 53-462 Enterprise Way, Coachella, CA 92236. This workshops is available only to elected officials as it is the goal to provide information which will assist in developing policy for earthquake resiliency. For questions please contact David Salgado.
4. **Regional Bike Safety Training Workshops:** SCAG held a series of 3 bike safety workshops in the communities of Calexico, El Centro, and Brawley. The workshops were conducted as a part of the SCAG GO Human Campaign. GO Human is a community outreach campaign with the goals of reducing traffic collisions in Southern California and encouraging people to walk and bike more. The Go Human campaign will continue throughout region and is a great resource for SCAG partner agencies to utilize. For questions please contact David Salgado.

5. **FY 2017-18 Sustainable Transportation Planning Grant Workshop and Opportunities:** On September 7th, 2016 SCAG hosted a workshop for all interested parties, in cooperation with Caltrans, regarding the FY 2017-18 Sustainable Planning Grant Workshop. There are 2 programs with a combined $9.3 million funding availability.

   **Strategic Partnerships Grant:** Encourage regional agencies to partner with Caltrans to identify and address statewide/interregional transportation deficiencies in the state highway system, strengthen government-to-government coordination, and result in programmed system improvements that achieve the states overarching goals. Interested sub-recipients may also partner with their regional agencies for this grant.

   **Sustainable Communities Grant:** Funds transportation planning to identify and address mobility deficiencies in the multimodal transportation system, encourage stakeholder collaboration, involve active public engagement, integrate Smart Mobility 2010 concepts, and ultimately result in programmed system improvements, and achieve the Caltrans Mission and overarching objectives.

   The call for applications was released August 26th, 2016. Sub-applicants in the SCAG region must submit their applications to SCAG by 5:00pm on October 7, 2016. The deadline for applications to Caltrans is November 4th, 2016. SCAG is willing to partner and assist partner agencies in the submittal of grants. Additional workshop information will be provided as it becomes available. For questions please contact David Salgado or Beth Landrum, Caltrans District 11, (619)688-6017.

6. **SCAG Regional Council and Policy Committees:** SCAG’s Regional Council and policy committee meetings will take place Thursday November 3, 2016 at SCAG’s main offices in Los Angeles.

7. **2016 RTP/SCS FINAL APPROVAL** – On April 7, 2016, SCAG’s Regional Council adopted the 2016 RTP/SCS, a long range visioning plan that balances future mobility and housing needs with economic, environmental and public health goals. The Plan charts a course for closely integrating land use and transportation – so that the region can grow smartly and sustainably. It outlines more than $556.5 billion in transportation system investments through 2040. The Plan was prepared through a collaborative, continuous, and comprehensive process with input from local governments, county transportation commissions, tribal governments, non-profit organizations, businesses and local stakeholders within the counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura.

   The 2016 RTP/SCS is available for download by chapter or as one file. Please note that some files are large and may take longer to download depending on individual connection speeds. We strongly recommend that you first download it onto your computer before opening the file. All files are in Adobe Acrobat PDF format. The executive summary is available upon request. For further information please contact David Salgado.

A. Agreement for Professional Financial Reporting Services of the ICTC Transit Operations - FY 2015-16 through FY 2019-20
October 7, 2016

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave. Suite 1
El Centro, Ca. 92243

Dear Committee Members:

The Commission conducts fiscal reviews of its transit operators on an annual basis as a prudent management practice. The most recent five year agreement for this service completed its final year in FY 2014-15. The work associated includes but is not limited to; reviews and sampling of operator financial records i.e. invoices and billing, operator budget and schedule development, records management and financial controls, review of reportable revenue hours for billing purposes, review of spare parts inventories, monitoring of the accountability and security of the cash handling, conducted by each transit operator in the collection of fare revenue on a daily basis.

A competitive bid was completed in September 2016 for a new five year contract for the reporting period of FY 2015-16 through FY 2019-20. A Request for Proposal was circulated for the five year period in order to maximize pricing reductions, increase potential competition and reduce the level of effort for ICTC staff. An Evaluation Committee comprised of staff from Caltrans, the Southern California Association of Governments (SCAG) and ICTC conducted the proposal scoring and ranking process, as well as, an oral interview.

Two proposals were received as follows:

<table>
<thead>
<tr>
<th>Firm</th>
<th>Annual/Total Hours</th>
<th>Total 5 Yr Cost</th>
<th>Avg Cost/Per hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>Vavrinek, Trine, Day &amp; Co., LLP</td>
<td>362 / 1810</td>
<td>$228,227</td>
<td>$126.10</td>
</tr>
<tr>
<td>Hutchinson and Bloodgood, LLP</td>
<td>284 / 1420</td>
<td>$219,393</td>
<td>$154.50</td>
</tr>
</tbody>
</table>

For comparison, the expiring contract final year allowed 459 hours at a rate of $152 per hour, or a total annual cost of $69,768.
It must be noted that the current four transit operations are under separate contracts, but with one operator, First Transit Inc. This reduces the physical locations and accounting systems etc. that must be reviewed by the audit team, thereby reducing the annual cost. Should future competitive bids be conducted for transit services during this five year period, a contract modification may be required for additional time and expense.

The Evaluation Team recommends that a contract be awarded to the firm of Vavrinek, Trine, Day & Co., LLP (VTD). The proposal from VTD indicated that their project team were focused on governmental accounting at several peer transit agencies in Southern California, and are familiar with transit regulations and transit administrative practices. In addition, the VTD project team offered value added benefits through their knowledge and association with larger transit agencies including periodic review sessions with ICTC staff on financial reporting, validating and reporting transit related metrics, best practices, or a variety of other topics depending on the future needs and interests of ICTC.

Funding for this project is in the ICTC adopted 2016-17 Budget and specifically in the ICTC Overall Work Program and Budget/Transit Finance Plan: through the Transportation Development Act (TDA) Fund, approved on July 27, 2016.

It is requested that the ICTC Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Authorize the Chairman to sign the agreement for the ICTC Transit Operators Fiscal Reporting services effective October 1, 2016, for the audit period FY 2015-16 through FY 2019-20, with the firm of Vavrinek, Trine, Day & Co., LLP:

   A. For the fiscal reporting period of July 1, 2015 through June 30, 2016, the annual not to exceed fee set at $42,988
   B. For the fiscal reporting period of July 1, 2016 through June 30, 2017, the annual not to exceed fee set at $44,277
   C. For the fiscal reporting period of July 1, 2017 through June 30, 2018, the annual not to exceed fee set at $45,605
   D. For the fiscal reporting period of July 1, 2018 through June 30, 2019, the annual not to exceed fee set at $46,974.
   E. For the fiscal reporting period of July 1, 2019 through June 30, 2020, the annual not to exceed fee set at $48,383

Sincerely,

MARK BAZA

If CPA should subcontract all or any portion of the services to be performed under this Agreement, CPA shall require each subcontractor to indemnify, hold harmless and defend ICTC and each of its board members, officers, employees, agents and volunteers in accordance with the terms of the preceding paragraph. This section shall survive termination or expiration of this Agreement.

7. INSURANCE.

Throughout the life of this Agreement, CPA shall pay for and maintain in full force and effect all policies of insurance required hereunder with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated not less than "A- VII" in Best's Insurance Rating Guide, or (ii) authorized by ICTC’s Executive Director or his/her designee at any time and in his/her sole discretion. CPA shall be responsible for payment of any deductibles contained in any insurance policies required hereunder and CPA shall also be responsible for payment of any self-insured retentions. Any deductibles or self-insured retentions must be declared to, and approved by, the ICTC’s Executive Director or his/her designee. At the option of the ICTC’s Executive Director or his/her designee, either: (i) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects to ICTC, its board members, officers, employees, agents and volunteers; or (ii) CPA shall provide a financial guarantee, satisfactory to ICTC’s Executive Director or his/her designee, guaranteeing payment of losses and related investigations, claim administration and defense expenses. At no time shall ICTC be responsible for the payment of any deductibles or self-insured retentions.

All policies of insurance required hereunder shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after 30 calendar day written notice has been given to ICTC. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, CPA shall furnish ICTC with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for ICTC, CPA shall provide a new certificate, and applicable
endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

The General Liability and Automobile Liability insurance policies shall be written on an occurrence form and shall name ICTC, its board members, officers, employees, agents and volunteers as an additional insured. Such policy(ies) of insurance shall be endorsed so CPA’s insurance shall be primary and no contribution shall be required of ICTC. The coverage shall contain no special limitations on the scope of protection afforded to ICTC, its board members, officers, employees, agents and volunteers. The Workers’ Compensation insurance policy shall contain a waiver of subrogation as to ICTC, its board members, officers, employees, agents and volunteers.

If the Professional Liability (Errors and Omissions) insurance policy is written on a claims-made form:

1. The retroactive date must be shown, and must be before the effective date of the Agreement or the commencement of work by CPA.
2. Insurance must be maintained and evidence of insurance must be provided for at least 3 years after any expiration or termination of the Agreement or, in the alternative, the policy shall be endorsed to provide not less than a 3-year discovery period.
3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement or the commencement of work by CPA, CPA must purchase extended reporting coverage for a minimum of 3 years following the expiration or termination of the Agreement.
4. A copy of the claims reporting requirements must be submitted to ICTC for review.
5. These requirements shall survive expiration or termination of the Agreement.

CPA shall furnish ICTC with all certificate(s) and applicable endorsements effecting coverage required hereunder. All certificates and applicable endorsements are to be received by ICTC and approved by ICTC’s Executive Director or his/her designee prior to ICTC’s execution of the Agreement and before work commences. Upon request of ICTC, CPA shall immediately furnish ICTC with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.

If at any time during the life of this Agreement or any extension, CPA or any of its subcontractors fail to maintain any required insurance in full force and effect, all work under this
Agreement shall be discontinued immediately, and all payments due or that become due to CPA shall be withheld until notice is received by ICTC that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to ICTC. Any failure to maintain the required insurance shall be sufficient cause for ICTC to terminate this Agreement. No action taken by ICTC hereunder shall in any way relieve CPA of its responsibilities under this Agreement.

The fact that insurance is obtained by CPA shall not be deemed to release or diminish the liability of CPA, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify ICTC shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by CPA. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of CPA, its principals, officers, employees, agents, persons under the supervision of CPA, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

If CPA should subcontract all or any portion of the services to be performed under this Agreement, CPA shall require each subcontractor to provide insurance protection in favor of ICTC, its board members, officers, employees, agents and volunteers in accordance with the terms of each of the preceding paragraphs, except that the subcontractors’ certificates and endorsements shall be on file with CPA and ICTC prior to the commencement of any work by the subcontractor.

paid without abatement or reduction immediately upon termination of this Agreement.
CPA shall be entitled to no further compensation as of the date of termination.

9.2. CPA is, and at all times during the term of this Agreement shall represent and conduct itself as, an independent contractor and not as an agent or employee of ICTC. CPA shall not have the authority, express or implied, to bind or obligate ICTC in any way.

10. **ASSIGNMENT.**

Neither this Agreement nor any duties or obligations hereunder shall be assignable by CPA without the prior, written, consent of ICTC.

11. **NON-DISCRIMINATION.**

11.1. During the performance of this Agreement, CPA and its subcontractors shall not unlawfully discriminate against any employee or applicant for employment or member of the public because of race, religion, color, national origin, ancestry, physical or mental disability, medical condition, marital status, age or gender. CPA shall also abide by the Federal Civil Rights Act of 1964 and all amendments thereto, and all administrative rules and regulations issued pursuant to said Act. CPA shall give
written notice of its obligations under this clause to labor organizations with which it
