8. **Funding for Phase II of the Calexico West Port of Entry Project in the President’s FY17 Budget – Press Release (Summary):** (February 9, 2016) – Rep. Juan Vargas (CA-51) announced the inclusion of $248 million for the Calexico West Land Port of Entry (LPOE) reconfiguration and expansion project in the Fiscal Year (FY) 2017 budget released today. If approved, the funding would be sufficient to complete the project.” As previously noted, Congress authorized $98 million for Phase 1. The U.S. General Services Administration (GSA) began construction for Phase 1 in December 2015 with completion scheduled for January 2018.

As part of the POE Expansion project, traffic will be rerouted from the existing roadways to SR-98 and Cesar Chavez Boulevard which are not designed to handle the high volumes of traffic associated with the border travel. As result, ICTC submitted a 2016 TIGER grant in the amount of $12,046,400 to improve SR-98 and Cesar Chavez Boulevard. Improvements will include widening, signalization, channelization, lighting, pedestrian/bicycle and ADA improvements. The TIGER grant application was submitted on April 29, 2016.

9. **State Route 86 (Northbound) Border Patrol Checkpoint:** ICTC has initiated discussions with management and staff with Customs and Border Protections (CBP) Border Patrol regarding the potential to add a second inspection lane at this very busy checkpoint. Coordination efforts will follow with Border Patrol, Caltrans and the region to determine feasibility, costs and funding of required improvements within Caltrans right-of-way. A meeting is tentatively scheduled for July 20th with all stakeholders and the County of Imperial.

10. **Calexico East Commercial Vehicle Port of Entry Expansion Project:** ICTC submitted the Calexico East Commercial Vehicle Port of Entry Expansion Project under the California Sustainable Freight Action Plan: Pilot Project Ideas. The project is a proposed public-private partnership for the construction costs of the freight elements of the Calexico East Expansion that include: bridge expansion, commercial vehicle primary inspection booths and road construction totaling $30 million. The California Environmental Protection Agency Air Resources Board has reviewed the project ideas submitted and presented pilot project concepts at the Sustainable Freight Action Plan workshop held on February 1, 2016. The concepts presented in the workshop included “Advanced Technology Truck Fast Lane (Border)”. Additionally in December 2015, Safer Community Foundation, Inc. in partnership with the County of Imperial and ICTC submitted the expansion proposal to Customs and Border Protection through their “559 Donation Authority.” In addition to the Sustainable Freight Action Plan submittal, ICTC also submitted a FASTLane grant application on April 14, 2016 and a 2016 TIGER program on April 29, 2016.

11. **Regional Mobility Hubs Strategy for Imperial and San Diego:** This project funded by Caltrans will develop a Regional Mobility Hubs Implementation Plan for San Diego County and Imperial Valley. This
The project will be led by SANDAG in collaboration with ICTC. The focus of the plan will be to develop recommended improvements, conceptual designs, and implementation strategies for different mobility hub station place types for both regions. Consultant work is underway with preparation for a full range of stakeholder outreach.

Mobility hubs can help maximize the capital investment in transit services and support the emphasis on smart growth and transit-oriented development. The project and Consultant team hosted an agency workshop in Imperial County on December 2, 2015. The meeting covered the study purpose, roundtable discussion of criteria for locating mobility hubs, amenity priorities, and what are potential locations. The Consultant team conducted “pop-up” outreach events to gather public and transit users input at the following locations: Tuesday, May 31st at the Brawley Transit Terminal, Wednesday, June 1st at IVC Main Transit Station, and on Thursday, June 2nd at the El Centro Regional Transit Terminal. All outreach events were held from 6:30am to 6:30pm to maximize public input. A total of 249 responses were gathered from the 3 day outreach event. Virginia Mendoza, Project Manager

12. **The San Diego State University / Imperial Valley College Transit Shuttle Analysis:** The Transit Shuttle Analysis will assess the feasibility of an inter-college shuttle service in Imperial County. ICTC and SCAG staffs worked together with Imperial Valley College and San Diego State University staff to complete the consultant selection process. SCAG staff completed the contract agreement with the selected consultant AECOM. Student surveys and campus workshops at SDSU-Calexico and IVC were held on Wednesday, November 18, 2015 and Thursday, November 19, 2015. The existing conditions analysis has been completed. The 3rd Technical Advisory Committee (TAC) meeting was held on April 19, 2016 at the ICTC office to discuss the draft route alternatives and next steps. In addition to the TAC meeting on April 19th, the consultant team conducted the 2nd round of outreach at SDSU-Calexico, IVC and SDSU-Brawley campuses to obtain input from the student body regarding the proposed route alternatives. The project was presented to the IVC Board of Trustees on June 15, 2016. The IVC Board of Trustees expressed support for the project and looked forward to possible funding for phased implementation. The consultant team is working on the draft final report scheduled for approval during the month of July. Virginia Mendoza, Project Manager

13. **Community of Niland Bus Stop Bench and Shelter Request:** The ICTC submitted a formal request to the California Department of Transportation (Caltrans) District 11 requesting their assistance in identifying a location for a bus stop bench and shelter in the Community of Niland along State Route 111 (SR-111). Caltrans and ICTC are finalizing a preferred location and any improvements necessary for installation of the bench and shelter.

14. **California-Baja California Binational Region:** A Fresh Look at Impacts of Border Delays: Building upon previous Caltrans, SANDAG, and ICTC studies, this project will refine the economic models developed to assess economic impacts of delays at the land ports of entry (POEs) between the San Diego and Imperial Counties region and Baja California, Mexico, on the border region economies. It will also estimate greenhouse gas (GHG) emissions of passenger and commercial vehicles due to northbound and southbound border delays at the six California POEs, and propose strategies to reduce GHG emissions at the border region. Lastly, extensive outreach to government agencies, local border communities, and private sector stakeholders will be conducted. Extensive data collection and modeling work has been conducted on these areas by ICTC, SANDAG and other agencies, this project will build upon that work. The consultant team is completing the development of the survey instrument that will be used in all 6 POEs. Start survey sampling will begin surveying in mid to late June.

Re: Southern California Association of Government’s Report

The following is a summary of the SCAG Executive Director’s Report and/or Federal and State Legislature Staff Report for the Imperial County Transportation Commission Management Committee Meeting on July 13, 2016.

1. **2016 RTP/SCS Final Approval:** On April 7, 2016, SCAG’s Regional Council adopted the 2016 RTP/SCS, a long range visioning plan that balances future mobility and housing needs with economic, environmental and public health goals. The Plan charts a course for closely integrating land use and transportation – so that the region can grow smartly and sustainably. It outlines more than $556.5 billion in transportation system investments through 2040. The Plan was prepared through a collaborative, continuous, and comprehensive process with input from local governments, county transportation commissions, tribal governments, non-profit organizations, businesses and local stakeholders within the counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura.

The 2016 RTP/SCS is available for download by chapter or as one file. Please note that some files are large and may take longer to download depending on individual connection speeds. We strongly recommend that you first download it onto your computer before opening the file. All files are in Adobe Acrobat PDF format. The executive summary is available upon request. For further information please contact David Salgado.

2. **2017 Active Transportation Program Call for Applications:** The 2017 Active Transportation Program (ATP) application deadline is June 15, 2016. The ATP will award approximately $240 million to infrastructure, non-infrastructure and planning projects with funding available in fiscal years 2019/20 to 2020/21. As with previous cycles, applicants will have two opportunities to receive funding, either through the Statewide and Small Rural and Urban process (Projects
selected in December 2016) or the Regional Program (projects selected in March 2017). For more information on the program, including the program guidelines and scoring rubrics, visit http://catc.ca.gov/programs/ATP.htm. SCAG will also be having a supplemental call for projects to fund planning type ATP projects in order to bolster future ATP program participation and success. The supplemental call will take place in September and only agencies without current ATP awards will be considered. If you have any questions please contact SCAG’s ATP Program Manager, Stephen Patchan, patchan@scag.ca.gov.

3. **SCAG Regional Council and Policy Committees:** SCAG will be dark for the month of August 2016. The next Regional Council and Policy Committee meetings will be held September 1st, 2016. For more details please contact David Salgado.

4. **2016 SCAG Scholarship Awardees:** Two local college bound graduates were selected by the SCAG Scholarship Committee to receive $4,000 and a 2 week planning internship. The participants had to write a 500 word essay describing their interests in urban planning and public policy and 2 letters of recommendation. Imperial County was the only county with 2 awardees. SCAG received 42 application and forwarded 17 for review by the committee. The committee was chaired by Immediate Past President Cheryl Viegas-Walker.

Re: District Director’s Report

The following is the California Department of Transportation, District 11 report for the Imperial County Transportation Commission (ICTC) Management Committee meeting of July 13, 2016:

1. **Project Updates:**

   Please see maps at end of report for project level detail.

   **State Route 98 (SR-98) Widening Project in Calexico**

   Funding in the amount of $13 million for SR-98 widening (Phase 1B, Ollie Avenue to V.V. Williams Avenue) was approved by the California Transportation Commission on June 29, 2016.

   Caltrans anticipates advertising the project in August with construction estimated to begin in early 2017. The project will widen SR-98 from two to four lanes from Dogwood Road to west of Ollie Avenue and from four to six lanes from Ollie Avenue to SR-111.

   The work will be done in several phases and will help to increase capacity and relieve congestion on SR-98. Please see Project Fact Sheet at the end of the report for additional details.
2. **Maintenance:**

In early June, Maintenance crews resurfaced the pavement at the Sand Hills Rest Area located on I-8. The rest area was closed for a day while this work was completed.
In late June, Maintenance was advised of a hole on SR-78 which required emergency one-way traffic control until a temporary repair could be completed. The permanent repair will be scheduled as soon as possible.
3. Construction:

**Interstate 8 (I-8) Continuously Reinforced Concrete Pavement Project**

The first three segments of the *Interstate 8 Continuously Reinforced Concrete Pavement Project* recently began construction. To assist with communications, KPBS-FM and KQVO-FM radio are providing informational ads in Imperial County and in Mexicali three times a day, which began in March. Another round of radio spots will begin in July and run through mid-August. Project Fact Sheets are included in this report.

- **Segment 1**, is near El Centro from 0.6 mile west of Anderholt Road overcrossing to 0.5 mile east of the East Highline Canal Bridge. It was awarded to Coffman Specialties, Inc. on November 18, 2015. Construction began the first week of February. Construction is expected to be completed early 2018. Segment 1 and Segment 2 crews are working together to complete eastbound paving before the hottest part of summer.

- **Segment 2**, which is located 26 miles east of El Centro from 0.8 mile west of SR-98/I-8 separation to 0.6 mile east of the All American Canal, was awarded to Coffman Specialties, Inc., on December 15, 2015. Construction began in early March 2016 and is scheduled to be complete in early 2019. Summer work includes removing old pavement, removing and widening inside shoulders on westbound I-8, west of SR-186 and installing crossovers at various locations.

- **Segment 3**, near Winterhaven from 0.7 mile west of the SR-186/I-8 separation to 0.3 mile east of Fourth Avenue overcrossing, was awarded to Security Paving Company, Inc., on December 22, 2015. Construction began mid-March 2016 and is scheduled to be completed in early 2018.

The other two segments are scheduled to begin construction in February 2017. These two segments are:

- **Segment 4**, near El Centro from 0.6 mile west of I-8/SR-111 separation to 0.6 mile west of Anderholt Road overcrossing and from 0.5 mile east of the East Highline Canal Bridge to 0.8 mile west of I-8/SR-98 separation.

- **Segment 5**, near Winterhaven from 0.7 mile west of Ogilby Road overcrossing to 0.7 west of the I-8/SR-186 separation.

**Evan Hewes Highway Pavement Rehabilitation**

As a detour for Segment 2 of the I-8 CRCP project, Caltrans will repave roadway, install signage and delineation, as well as other work on Evan Hewes Highway from 0.8 miles west of SR-98/I-8 separation to 0.9 miles west of Gordons Well. Environmental clearance has been obtained. Construction began on July 1, 2016; upon completion of Segment 2 of the I-8 project, the County of Imperial will resume ownership, control, operation, and maintenance of Evan Hewes Highway. Caltrans will not seek reimbursement for the cost of improving this section of Evan Hewes Highway. The anticipated use is 18 months and the detour will not add cost to the I-8 project.
Construction (continued):

I-8/Dogwood Interchange

Construction on the I-8/Dogwood Interchange is nearing completion. The project widens the ramps from one to two lanes and replaces the bridge overcrossing, which will also be widened from two to six lanes including two turning lanes. Construction started in 2014 and is expected to be completed in October 2016. The bridge lanes are expected to open the first week of September and will be celebrated shortly thereafter with a ribbon cutting ceremony. Please see Project Fact Sheet included in this report for additional details.

Caltrans El Centro Maintenance Station

Phase 1 construction on the Caltrans El Centro Maintenance Station is expected to be completed as early as September 2016. Caltrans will plan a ribbon cutting ceremony to celebrate the opening of the new Maintenance Station.

Phase 2 of the El Centro Maintenance Station is scheduled to be complete in spring 2017.

4. Traffic Operations:

Concern has been raised by the Calexico Unified School District in regards to speeding vehicles on SR-98 and C. N. Perry Avenue. This intersection is nearby the Rockwood Elementary School and the Calexico High School and generates significant pedestrian traffic.

Caltrans will install flashing beacons on the school speed limit signs ahead of the crosswalk, as well as refreshing the school crossing pavement markings and crosswalk delineations.

Procurement of the flashing beacons is being researched.

5. Planning Studies:

Caltrans recently released the award notification for applications submitted for the Fiscal Year (FY) 2016-2017, Discretionary Sustainable Communities Grant Program. The Sustainable Transportation Planning Grant Program was created to support Caltrans current Mission: Provide a safe, sustainable, integrated and efficient transportation system to enhance California’s economy and livability.

The Grant Program Objectives are to insure consideration of these major efforts in transportation planning, including: Sustainability, Preservation, Mobility, Safety, Innovation, Economy, Health and Equity.

http://www.dot.ca.gov/hq/tpp/grants.html

The County of Imperial was one of two successful applications from the District 11 region to be awarded. There were a total of nine applications submitted from San Diego and Imperial Counties. The County of Imperial’s Active Transportation Plan will address issues such as safety and security, liability, environmental concerns, convenience, accessibility, usage,

connections and linkages for bicycle users, as well as pedestrians and safe routes to school planning efforts. It will identify and prioritize active transportation projects and identify potential funding opportunities. Funding was allocated in the amount of $177,060 for this study.

6. **Local Assistance:**

Local Assistance Procedures Manual (LAPM) Exhibits 9-B and 9-C

According to LAPM Chapter 9 sections 9.3 and 9.6, Local Agencies are required to submit a completed "Local Agency DBE Annual Submittal Form" (Exhibit 9-B) and "Local Agency ADA Annual Certification Form” (Exhibit 9-C) by **June 30, 2016** for the following Federal Fiscal Year (October 1, 2016 to September 30, 2017). Failure to submit the completed forms will result in a delay to the processing of an agency’s ‘Request for Authorization’.

Projects currently programmed and applications received prior to October 1, 2016 will continue to follow the existing HBP Guidelines. After October 1, 2016, the following categories of bridge projects will no longer be eligible for HBP funding:

- Bridges that are not in the National Bridge Inventory (NBI) and low-water crossing projects.
- Bridges that are Functionally Obsolete (FO) due to bridge deck geometrics.
- Bridges that were NOT designed and constructed to acceptable standards.
- Bridge Preventative Maintenance Program (BPMP) projects under $100,000.

EXPANDING THE HIGHWAY

Caltrans proposes to widen State Route 98 (SR-98) from two to four lanes from Dogwood Road to west of Ollie Avenue, and from four to six lanes from Ollie Avenue to State Route 111. Project limits were extended to the west as required from Traffic studies that took into account planned growth in the area. Construction will include widening and signalizing a half-dozen intersections.

SECURING DOLLARS

The estimated total cost of the project is $75.9 million broken down in the following phases (see map on the back of page):

- Phase 1A $31 million
- Phase 1B $12.9 million
- Phase 1C1 $4 million
- Phase 1C2 $9 million
- Phase 2 $19 million

Phase 1C1 and 1B are fully funded from federal, state and local sources.

Funding is needed for the remaining phases.

WHAT’S AHEAD?

Phases 1B and 1C1 are in the Design phase. Phase 1B is scheduled to begin construction late 2016. Construction on the other phases will be scheduled when funding is available.

BETTER PAVEMENT, SMOOTH RIDE

Caltrans will break ground early 2016 on a project to extend the life expectancy of the pavement and to provide motorists with a smoother ride along Interstate 8 in Imperial County, from State Route 111 to the border with Arizona. Without this project, the pavement would soon deteriorate.

The project will construct Continuously Reinforced Concrete Pavement (CRCP), providing a superior roadway while at the same time improving safety for highway workers exposed to traffic by reducing maintenance time and costs.

The highway’s asphalt shoulders will be replaced with CRCP reducing environmental impacts and increasing durability.

The five construction segments (see map on back) are a combined 48 miles at a cost of $417.7 million. The first three segments begin construction in early 2016 and are expected to be completed in 2018. The remaining two segments will start in early 2017 and finish in 2019. There will be some impacts to motorists during this time.

Funding for this project is provided by the State Highway Operation and Protection Program.

A portion of the highway in the eastern county is not part of this project because it will not require improvement for several years.

CONSTRUCTION SCHEDULE

Begin construction early 2016
Segment One: 9.5 miles at $78.5 million,
Segment Two: 9.5 miles at $79.7 million and
Segment Three: 6.8 miles at $59.7 million.

Begin construction early 2017
Segment Four: 15.1 miles at $130.8 million and
Segment Five: 6.9 miles at $69 million.
EXPANDING THE HIGHWAY
Construction will widen the ramps from one to two lanes and replace the bridge overcrossing, widening it from two to six lanes, including two turning lanes. This will help reduce congestion at freeway on- and off-ramps and on Dogwood Road.

MEETING TRAFFIC DEMANDS
The Interstate 8 (I-8) Dogwood Road area has experienced unprecedented rapid commercial and residential development, making this part of Imperial County the commercial hub of the region.

During busy commercial seasons, vehicle back-ups are experienced on the I-8 ramps and main lanes. Traffic studies have determined that widening the ramps, signalizing and widening the bridge will reduce congestion on I-8 and Dogwood Road.

SECURING DOLLARS
The estimated total cost of the project is $28.1 million. Funding is provided by the Regional State Transportation Improvement Program ($21.8 million), developer contributions from the city of El Centro ($4.5 million) and federal funding ($1.7 million).

WHAT’S AHEAD?
Construction began in October 2014 and will be completed at the end of 2016. A separate landscaping project will follow.

A. SDSU / IVC TRANSIT SHUTTLE ANALYSIS
July 8, 2016

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave, Suite 1
El Centro, CA 92243

SUBJECT: San Diego State University / Imperial Valley College Transit Shuttle Analysis

Dear Committee Members:

The San Diego State University / Imperial Valley College Transit Shuttle Analysis completed by the AECOM consultant team assessed the feasibility of an inter-college campus shuttle service in Imperial County. A technical advisory committee team comprised of staff from SDSU - Imperial Valley Campuses, Imperial Valley College, SCAG, ICTC and Caltrans provided guidance in the development of the project deliverables. A critical element of the project deliverables included multiple outreach efforts at the campuses of SDSU-Calexico, IVC and SDSU - Brawley.

The study developed a phased approach for implementation and future consideration. The consultant team completed the 2nd round of outreach at SDSU - Calexico, IVC and SDSU - Brawley campuses to obtain input from the student body regarding these proposed route alternatives.

The study alternatives were presented to the IVC Board of Trustees on June 15, 2016. The IVC Board of Trustees expressed support for the project and future implementation of the first phase when funds are available. The AECOM consultant team will present the final study to the Commission on July 27, 2016.

It is requested that the ICTC Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Approve the San Diego State University / Imperial Valley College Transit Shuttle Analysis

Sincerely,

MARK BAZA
Executive Director

**Slide 4 – Phase 1 (2017-2025)**

*Implement IVC Transfer Concept*

- Two new “shuttle” routes that meet at the IVC campus
  - **SDSU Brawley-IVC Route** requires approximately 60 minutes cycle time
    - Uses 1 bus to provide a 60 minute frequency
    - Service operates from approximately 12:00PM to 10:30PM when school is in session
  - **SDSU Calexico-IVC Route** requires approximately 60 minutes cycle time
    - Uses 1 bus to provide a 60 minute frequency

Ridership/Revenue Estimates
Slide 13 – Annual Operating Cost Estimates – Standard Transit Bus
All Costs Estimates Are Approximate

• Phase 1
  – SDSU Brawley-IVC Route = $248,100/year
  – SDSU Calexico-IVC Route = $389,900/year
  – TOTAL Phase 1 Cost = $638,000/year

• Based on revenue hours
• Uses approximate potential operating cost (all in current dollars):
  – $117.57/hour for potential standard transit bus cost operating cost
Slide 15 – Capital Cost Estimates

All Cost Estimates Are Approximate

- **Two new shelters = $40,000**
  - Assumes approximately $20,000/bus stop, with one at SDSU Brawley and one at SDSU Calexico

- **New standard transit buses = approximately $3,000,000 in vehicle costs**

Slide 17 – Annual Ridership and Revenue Estimates

All Estimates Are Approximate

• Phase 2 Annual Ridership
  – SDSU Brawley-IVC Route = 14,200/year
  – SDSU Calexico-IVC Route = 44,800/year (approximately 30,000/year from existing IV Transit Route 21)

• Phase 2 Annual Revenue
  – SDSU Brawley-IVC Route = $17,800/year
  – SDSU Calexico-IVC Route = $56,000/year
  – SDSU Calexico-SDSU Brawley Express Route = $34,300/year
  – TOTAL Phase 2 Revenue = $108,100/year

• Phase 2 Farebox Recovery = 12%

Slide 18 – Funding Considerations

• All phasing assumptions are contingent on funding availability

• Current sources of state and federal funds are essentially prioritized and “spoken for”
  – Implementation of additional circulator routes considered a priority
  – Diversion of existing funds for new intercampus shuttle services would mean service reductions elsewhere
  – Funding new service under current programs could require several years’ lead time
Slide 19 – Potential Funding Programs

• Federal Sources
  – Section 5307 Urbanized Formula for both capital and operating funds (operating funds require a 50% local match)
  – Section 5339c Low or No Emission Vehicles Grant (capital funds require 20% local match)
  – CMAQ for capital expenditures (capital funds require 20% local match)

• State Sources
  – Transportation Development Act (TDA): IV Transit already uses allocation of Local Transportation Fund (LTF) and State Transit Assistance (STA)
  – Low Carbon Transit Operation Program (LCTOP) from Cap-and-Trade

• Local Sources
  – Existing – fares from the public
  – Potential:
    • U-Pass for IVC and San Diego State University
    • Local Option Sales Tax Measure: requires ballot initiative

Slide 20 – Other Transit Recommendations

• For the new “Imperial Valley University Transit Shuttle” services:
  – Ridership eligibility
    • General public – must be available to the general public if it is an IV Transit service
  – Express stopping pattern assumed – “closed door” between campus stops
  – Fare/transfer policy should assume integration with existing IV Transit services to maximize convenience and ridership – no “fare advantage” to using new shuttle routes as opposed to existing services
  – Recommended plan assumes a “regularly-scheduled” service
    • Orientation to class times might increase required resources

• New service will be branded as the “Imperial Valley University Transit Shuttle”
Slide 21 – Potential Alternative Modification of Existing Services  
Modification of Existing Resources Would Also Incur New Costs

• Operate Route 21 IVC Express using new Calexico route alignment directly serving SDSU Calexico campus
  – Potential “sub-option” is to modify existing alignment to directly serve SDSU campus as well as the IV Transit Terminal in Calexico

• Operate Route 22 IVC Express via SDSU Brawley campus

Slide 22 - Modified Route 21 IVC Express Alignment in Calexico
Slide 24 – Examples of Vehicle Types

- Recommended – Standard Transit Bus
  - 35 foot model recommended

- Body-on-chassis “cutaway” bus

- 15 passenger van

➢ For FY 2015-16, managed and administered distribution of $14.7 Million in Measure D (half-cent sales tax) revenues for member agency road projects, and regional transit and highway projects
➢ In partnership with Western Riverside Council of Governments (WRCOG) and Renovate America implemented the HERO/PACE energy savings program that has completed $1.6 million in local residential projects and to date $13 million in projects have been approved
➢ Completed the following transit and transportation studies of regional and national significance:
  - The Safe Routes to School Regional Master Plan
  - The SDSU-IVC Transit Shuttle Analysis and Feasibility Study
  - The Cross-Border and Goods Movement Analysis Study, Phase 2
➢ In partnership with the Imperial Valley Economic Development Corporation (IVEDC) hosted our second annual General Assembly and Economic Summit; and,
➢ Initiated the following studies in partnership with Caltrans, SCAG, SANDAG, member agencies and local partners:
  - Imperial/San Diego Mobility Hub Strategy
  - Fresh Look at Impacts of Border Delays for the California-Baja California Binational Region
    - The study area will include all six land ports of entry of Imperial and San Diego to determine Greenhouse Gas (GHG) emission and economic impacts of delay

The studies initiated are scheduled to be completed during the upcoming FY 2016-17.

As in the past, the OWP and Budget is divided into three sections: the Budget Summary, and the core programs of Regional Transportation Planning and Programming, and, Transit Planning and Program Management. Our Budget Summary contains all the program overviews and projections and is intended to provide a general understanding of ICTC’s budgeted activities and programs for the coming fiscal year. The total ICTC Budget is estimated at $15.6 million that will maintain our key services and programs; ICTC salaries and benefits; ICTC’s administration and operation costs; the 100 transit operations staff (bus drivers, dispatchers, supervisors and operation managers) and related contract costs. The $15.6 million budget amount does not include Measure D revenues, or state and federal funds allocated for state highways, local roads and bridges in Imperial Valley.

This budget proposes ICTC staffing of the eight full-time positions to manage the programs and services described in this budget. The full-time positions includes one Office Technician, one Secretary/Clerk to Commission, one Administrative Analyst, one Mobility Coordinator, three transportation planner positions from entry-level to senior-level in classifications (responsible for: Regional Transportation Planning and Programming, and Transit Planning, Programming, Contracts and Transit Service Administration), and the Executive Director.

The budget includes funding for consultant and vendor services to continue to support the Commission’s administrative functions, i.e., accounts payable, accounts receivable, payroll, various program and fiscal audits, and support services for human resources, legal counsel, planning and project programming.

A workshop was conducted on May 25, 2016 and input was received from members of the Commission, and subsequently with the Management Committee on June 15, 2016.

The Draft Imperial County Transportation Commission (ICTC) FY 2016-2017 Overall Work Plan (OWP) and Budget is hereby presented for your review and recommendation prior to finalization for approval to our ICTC Board. Our Draft OWP and Budget is balanced and provides for development and implementation of vital transportation projects and programs for our region.
Following review and input, it is requested that ICTC Management Committee recommend that the Draft ICTC Overall Work Program (OWP) and Budget for FY 2016-2017 be presented to the Commission for review and approval.

Sincerely,

Mark Baza
Executive Director

C. STIP/RTIP CONSULTANT AGREEMENT, COH AND ASSOCIATES, FY 2016-17 AND FY 2017-18
July 7, 2016

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave, Suite 1
El Centro, CA 92243

Dear Committee Members:

Since 2006, the ICTC has had specific consultant assistance to maintain, evaluate and participate in the programmatic functions of the regional State Transportation Improvement Program (STIP) and Regional Transportation Improvement Program (RTIP) for the Imperial region.

These activities include assistance with the development and submittal of financial and project programming related documentation to the Southern California Association of Governments (SCAG) and the California Transportation Commission (CTC). The consultant assists ICTC staff and member agencies in keeping informed of changes to federal and State requirements. In addition, there is the periodic need for attendance at CTC or CALTRANS sponsored meetings, participation in teleconferences and the development of specific technical documentation for regional transportation projects and assistance with "calls for projects" for specific State and or federal funding.

An agreement for services with COH and Associates was executed in 2014 to ensure that ICTC staff had up to date information and assistance in the development of these programs. The consultant also attended various meetings and has provided staff training and recommendations in these subject areas.

The contract will expire on June 30, 2016. ICTC staff is recommending that the ICTC maintain this valuable relationship by executing a two year extension contract. In the extension contract, ICTC staff is also recommending an increase in funding over the two year period for an increase in assistance to pursue future complex grant and other funding opportunities.

Funding for this project is in the ICTC 2016-17 Budget. The STIP allocation of Planning and Program Management (PPM) funding offsets the costs of this project.

accordance with this Agreement, as determined by ICTC, and payment in full of all subcontractors
of CONSULTANT.

8. **METHOD OF PAYMENT**

CONSULTANT shall at any time prior to the fifteenth (15th) day of any month, submit to
ICTC’s Contract Manager a written claim for compensation for services performed. The claim
shall be in a format approved by ICTC. No payment shall be made by ICTC prior to the claims
being approved in writing by ICTC’s Contract Manager or a designee. CONSULTANT may
expect to receive payment within a reasonable time thereafter and in any event in the normal course
of business within thirty (30) days after the claim is submitted.

9. **TIME FOR COMPLETION OF THE WORK**

The Parties agree that time is of the essence in completion of the Project. Time extensions
may be allowed for delays caused by ICTC or other governmental agencies or factors not directly
brought about by the negligence or lack of due care on the part of CONSULTANT.

CONSULTANT in writing seven (7) days prior to termination and by paying the
compensation due and payable to the date of termination; provided, however, if this
Agreement is terminated for fault of CONSULTANT, ICTC shall be obligated to
compensate CONSULTANT only for that portion of CONSULTANT’s services
which are of benefit to ICTC. Said compensation is to be arrived at by mutual
agreement between ICTC and CONSULTANT; should the Parties fail to agree on
said compensation, an independent arbitrator shall be appointed and the decision of
the arbitrator shall be binding upon the Parties.

Such materials shall become the permanent property of ICTC.

All work done and materials furnished, if any, shall be subject to ICTC’s Contract Manager’s inspection and approval. The inspection of such work shall not relieve CONSULTANT of any of its obligations to fulfill its agreement as prescribed.

15.2.6. Any breach by CONSULTANT of the terms, requirements or covenants of this Agreement.

15.3. The indemnification provisions of Paragraphs 15.2.1 through 15.2.6 above shall extend to Claims occurring after this Agreement is terminated as well as while it is in force.

16. INDEPENDENT CONTRACTOR

This Agreement shall not render CONSULTANT an employee, partner, or joint venturer with ICTC for any purpose. The CONSULTANT is and will remain an independent contractor in its relationship to ICTC. ICTC shall not be responsible for withholding taxes with respect to the CONSULTANT's compensation hereunder. D. IVT—FIXED ROUTE TRANSIT SERVICES OPERATING AGREEMENT, FY 2017-2019, MODIFICATION #7
July 7, 2016

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave. Suite 1
El Centro, CA 92243

SUBJECT: IMPERIAL VALLEY TRANSIT (IVT) – Fixed Route Transit Services Operating Agreement, Fiscal Year 2017-2019, Modification #7

Dear Committee Members:

IVT is the public fixed route bus system operated by First Transit, Inc. The ICTC administers and manages the fixed route contract on behalf of the member agencies. The service operates in tandem with IVT ACCESS for persons with disabilities, with coordinated service schedules and service areas. There currently is an average of 73,000 passenger trips a month, Monday through Sunday. The services are provided by a fleet of 40 ft. and 22 ft. ramp or wheel chair lift equipped buses. The contract is for a five year period with a three year extension from FY 2016-17 through FY 2018-19.

Within the last five years, the Commission has approved numerous transit service adjustments in contract modifications, which included the expansion of service hours for the IVC Express routes between Calexico and El Centro for the college students, additional service hours on Saturdays, the addition of limited service hours on Sundays, an afternoon weekday trip for the Brawley “FAST”, and developed a new weekday roundtrip Holtville / El Centro “FAST” route, the implementation of 35 minute headways to reduce wait times between Calexico and El Centro and the IVT Gold line in the City of Brawley.

In April 2014, the Commission also approved the purchase of the ten (10) 2012 Gillig transit buses from First Transit Inc. The contract was last modified in June 2014 in order to revise (reduce) the cost and subsidy amounts due to a reduction in pricing due to the ICTC owned vehicles. In addition, specific language was added regarding roles and responsibilities for the care and maintenance of the public agency owned equipment. Since that time, ICTC has purchased an additional six (6) 2015 Gillig transit buses and six (6) 2016 cutaways.

CITIES OF Brawley, Calexico, Calipatria, El Centro, Holtville, Imperial, Westmorland, Imperial Irrigation District and County of Imperial.
This modification is for the final three year period allowed in the eight year contract. At the conclusion of that three year period, ICTC will be required to conduct a competitive bid for IVT for another multi year period.

First Transit, Inc. has been responsive to all of the Commission requests and continues to provide a high quality and valuable service to the community. This contract employs approximately 62 people who live and work in Imperial Valley with their families.

Funding for this service is derived from the State’s Transportation Development ACT (TDA) Fund, the State Transit Assistance Fund, as well as, the Federal Transit Administration (FTA) and is available in the FY 2016-17 ICTC Overall Work Program and Budget.

ICTC staff recommends that the ICTC Management Committee forward this item to the Commission for their review and approval, after the receipt of public comment:

1. Authorize the Chairperson to sign the modification #7 to the operating agreement with First Transit Inc. for the continued operation of Imperial Valley Transit, effective July 1, 2016 with an annual not to exceed operating subsidy, with an annual not to exceed up to 5% marketing allowance, and with an annual fuel escalator clause:

   a. For the period July 1, 2016 through June 30, 2017, the annual not to exceed subsidy is set at $2,600,599.

   b. For the period July 1, 2017 through June 30, 2018, the annual not to exceed subsidy is set at $2,677,086.

   c. For the period July 1, 2018 through June 30, 2019, the annual not to exceed subsidy is set at $2,743,965.

Sincerely,

MARK BAZA
Executive Director

3. Paragraph 24 of the Agreement is hereby deleted and a new Paragraph 24 is added to read as follows:

"24. INSURANCE

Throughout the life of this Agreement, Provider shall pay for and maintain in full force and effect all policies of insurance required hereunder with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated not less than "A- VII" in Best's Insurance Rating Guide, or (ii) authorized by ICTC's Executive Director or his/her designee at any time and in his/her sole discretion. The following policies of insurance are required:

(i) COMMERCIAL GENERAL LIABILITY insurance which shall be at least as broad as the most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01 and include insurance for "bodily injury," "property damage" and "personal and advertising injury" with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Contract) with limits of liability of not less than the following:

money and securities, inside the premises – robbery or safe burglary, outside the premises, computer fraud, funds transfer fraud and money orders and counterfeit paper currency, with limits of liability of not less than $50,000 per claim/occurrence.

(iv) WORKERS’ COMPENSATION insurance as required under the California Labor Code.

(v) EMPLOYERS’ LIABILITY insurance with limits of liability of not less than $1,000,000 each accident, $1,000,000 disease policy limit and $1,000,000 disease each employee.

Should Provider maintain higher limits than the minimum limits shown above, ICTC requires and shall be entitled to coverage for the higher limits maintained by Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to ICTC.

In the event Provider purchases an Umbrella or Excess insurance policy(ies) to meet the minimum limits of insurance set forth above, this insurance policy(ies) shall “follow form” and afford no less coverage than the primary insurance policy(ies).

Provider shall be responsible for payment of any deductibles contained in any insurance policies required hereunder and Provider shall also be responsible for payment of any self-insured retentions. Any deductibles or self-insured retentions must be declared to, and approved by, the ICTC’s Executive Director or his/her designee. At the option of the ICTC’s Executive Director or his/her designee, either: (i) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects to ICTC, its board members, officers, employees and agents; or (ii) Provider shall provide a financial guarantee, satisfactory to ICTC’s Executive Director or his/her designee, guaranteeing payment of losses and related investigations, claim administration and defense expenses. At no time shall ICTC be responsible for the payment of any deductibles or self-insured retentions.

All policies of insurance required hereunder shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after 30 calendar day written notice has been given to ICTC. Upon issuance by the insurer, broker, or agent of a notice
of cancellation, non-renewal, or reduction in coverage or in limits, Provider shall furnish ICTC with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for ICTC, Provider shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

The General Liability and Automobile Liability insurance policies shall be written on an occurrence form and shall name ICTC, its board members, officers, employees and agents as additional insured. Such policy(ies) of insurance shall be endorsed so Provider’s insurance shall be primary and no contribution shall be required of ICTC. The coverage shall contain no special limitations on the scope of protection afforded to ICTC, its board members, officers, employees and agents. The Fidelity Bond/Crime insurance policy shall name the ICTC as a loss payee. The Workers’ Compensation insurance policy shall contain a waiver of subrogation as to ICTC, its board members, officers, employees and agents.

Provider shall furnish ICTC with all certificate(s) and applicable endorsements effecting coverage required hereunder. Upon request of ICTC and before work commences, Provider shall immediately furnish ICTC with a complete copy of any insurance policy and all certificates and applicable endorsements required under this Agreement, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.

If at any time during the life of this Agreement or any extension, Provider or any of its subcontractors fail to maintain any required insurance in full force and effect, all work under this Agreement shall be discontinued immediately, and all payments due or that become due to Provider shall be withheld until notice is received by ICTC that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to ICTC. Any failure to maintain the required insurance shall be sufficient cause for ICTC to terminate this Agreement. No action taken by ICTC hereunder shall in any way relieve Provider of its responsibilities under this Agreement.
The fact that insurance is obtained by Provider shall not be deemed to release or diminish the liability of Provider, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify ICTC shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by Provider. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of Provider, its principals, officers, employees, agents, persons under the supervision of Provider, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

If Provider should subcontract all or any portion of the services to be performed under this Agreement, Provider shall require each subcontractor to provide insurance protection in favor of ICTC, its board members, officers, employees and agents, in accordance with the terms of each of the preceding paragraphs, except that the subcontractors' certificates and endorsements shall be on file with Provider, ICTC prior to the commencement of any work by the subcontractor."

4. Paragraph 29 of the Agreement is hereby deleted and a new Paragraph 29 is added to read as follows:

"29. INDEMNIFICATION

To the furthest extent allowed by law, Provider shall indemnify, hold harmless and defend ICTC and each of its board members, officers, employees and agents from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by ICTC, Provider or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Provider's obligations under the preceding sentence shall apply regardless of whether ICTC and each of its board members, officers, employees and agents are actively or passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence, or
caused by the willful misconduct, of ICTC or its board members, officers, employees and agents.

If Provider should subcontract all or any portion of the work to be performed under this Agreement, Provider shall require each subcontractor to indemnify, hold harmless and defend ICTC and each of its board members, officers, employees and agents in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.’

5. In all other respects, the Agreement, as amended, remains in full force and effect.

6. This Amendment is effective as of the day and year first written above.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed the day and year first above written.

E. IVT ACCESS—ADA PARATRANSPORT SERVICE OPERATING AGREEMENT, FY 2017-2019, MODIFICATION #3
July 7, 2016

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave. Suite 1
El Centro, CA 92243

SUBJECT: IVT ACCESS – ADA Paratransit Service Operating Agreement
Fiscal Year 2017-2019, Modification #3

Dear Committee Members;

IVT ACCESS is the complementary public paratransit service bus system operated by First Transit, Inc. The ICTC administers and manages the demand response contract per the Americans with Disabilities Act (ADA), on behalf of the member agencies. The service operates in tandem with Imperial Valley Transit (IVT), yet is designed for persons with disabilities, with coordinated service schedules and services areas. There currently is an average of 2,900 passenger trips a month, Monday through Sunday. The services are provided by a fleet of ten (10) 22 ft. wheelchair lift equipped cutaway style buses.

Within the last five years, the Commission has approved numerous transit service adjustments in contract modifications for IVT, with required corresponding changes to the IVT Access service. This included expanded service hours to offer complimentary service for the additional service hours on Saturdays, the addition of limited service hours on Sundays and the implementation of 35 minute headways to reduce wait times between Calexico and El Centro, and, the IVT Gold line in the City of Brawley.

In January 2016, the Commission also approved the purchase of the eleven (11) 2016 Cutaway style buses to replace the buses owned by First Transit Inc. Smaller, more maneuverable cutaway style buses were purchased in order to be able to get in and out of the medical office and hospital area parking lots. The vehicles were delivered in June 2016 and the contract can now be modified in order to revise (reduce) the cost and subsidy amounts due to a reduction in pricing due to the ICTC owned vehicles. In addition, specific language should be added regarding roles and responsibilities for the care and maintenance of the public agency owned equipment.

This modification is for the final three year period allowed in the contract. At the conclusion of that three year period, ICTC will be required to conduct a competitive bid for IVT ACCESS for another multi year period.

CITIES OF BRAWLEY, CALEXICO, CALIPATRIA, EL CENTRO, HOLTVILLE, IMPERIAL, WESTMORLAND, IMPERIAL IRRIGATION DISTRICT AND COUNTY OF IMPERIAL
First Transit, Inc. has been responsive to all of the Commission requests and continues to provide a high quality and valuable service to the community. This contract employs approximately 23 persons who live and work in Imperial Valley and their families.

Funding for these services is derived from the State’s Transportation Development ACT (TDA) Fund, the State Transit Assistance Fund, as well as, the Federal Transit Administration (FTA) and is available in the FY 2013-14 ICTC Overall Work Program and Budget.

ICTC staff recommends that the ICTC Management Committee forward this item to the Commission for their review and approval, after the receipt of public comment:

1. Authorize the Chairman to sign a modification #3 to the operating agreement with FIRST TRANSIT, INC. for the continued operation of IVT ACCESS contract effective July 1, 2016 with an annual not to exceed annual operating subsidy, with an annual not to exceed up to 5% marketing allowance, with an annual fuel escalator clause:
   a. For the period July 1, 2016 through June 30, 2017, the annual not to exceed subsidy is set at $1,437,068.
   b. For the period July 1, 2017 through June 30, 2018 the annual not to exceed subsidy is set at $1,476,122.
   c. For the period July 1, 2018 through June 30, 2019, the annual not to exceed subsidy is set at $1,513,909.

Sincerely,

MARK BAZA
Executive Director

WITNESSETH

WHEREAS, ICTC and PROVIDER entered into that certain Agreement dated May 25, 2011, ("AGREEMENT"), and attached hereto as Exhibit "1"; and

WHEREAS, during the course of the performance of that AGREEMENT the Parties became aware that additional services should be performed for the completion of said AGREEMENT; and

WHEREAS, the Parties to that AGREEMENT have identified the nature and cost of such additional work and wish to provide for completion of additional specialized work so identified; and

WHEREAS, during the course of the performance of that AGREEMENT the Parties became aware that modifications to the insurance and indemnity provisions were necessary; and

WHEREAS, the Parties agree to make such modifications; and

WHEREAS, Paragraph 1.2 of the AGREEMENT provides that the AGREEMENT may be extended up to three (3) times as follows: from July 1, 2016 through June 30, 2017; from July 1, 2017 through June 30, 2018; and from July 1, 2018 through June 30, 2019.

NOW THEREFORE, and in consideration of the promises and payments herein set forth, the Parties agree as follows:

1. The AGREEMENT is hereby extended from July 1, 2016 through June 30, 2017; from July 1, 2017 through June 30, 2018; and from July 1, 2018 through June 30, 2019.

2. Paragraph 8.1 of the AGREEMENT is hereby amended and shall read as follows:
8.1 "A fixed hourly rate shall apply for each vehicle service or revenue hour. The fixed hourly rate shall apply for the assigned fiscal year unless modifications are agreed to during the year. Vehicle revenue hours will be calculated based upon the actual time that each revenue service vehicle is in service and available to passengers. Vehicle revenue hours are identified by the schedule listing in the "Riders Guide." Vehicle revenue hours shall specifically exclude deadhead hours, including time for travel to and from the first stop and after the last stop, storage facilities, fueling facilities, road tests, inspections training, personnel lunches and breaks. The fixed hourly rate shall compensate PROVIDER for all hourly cost elements. Compensation for services provided shall be as follows:

8.1.1 For the period July 1, 2016 through June 30, 2017, the cost is identified as $1,596,742.00. The fare box ratio is established at 10%; therefore the annual not-to-exceed subsidy will be $1,437,068.00.

8.1.2 For the period July 1, 2017 through June 30, 2018, the cost is identified as $1,640,136.00. The fare box ratio is established at 10%; therefore the annual not-to-exceed subsidy will be $1,476,122.00.

8.1.3 For the period July 1, 2018 through June 30, 2019, the cost is identified as $1,682,121.00. The fare box ratio is established at 10%; therefore the annual not-to-exceed subsidy will be $1,513,909.00.

8.1.4 The fare box recovery ratio calculated and required annually is subject to the deduction of normal Transportation Development Act operating cost exclusions. PROVIDER shall provide all operating cost exclusions to ICTC.

8.1.5 In the event that the required fare box revenue is not achieved on an annual basis, PROVIDER may be allowed to request compensation from the ICTC for reimbursement up to the agreed upon annual cost. The lack of attainment for the annual fare box revenue must not be due to circumstances affecting the quality of transit service within PROVIDER'S control. "e.g. ICTC's documentation of
poor maintenance affecting the reliability of service or passenger comfort on
vehicles, or inappropriate behavior by customer service staff or vehicle drivers.”

3. A new paragraph 18.18 is added as follows:

“18.18 Any and all ICTC-owned buses used by PROVIDER in providing this ADA paratransit
service shall be maintained pursuant to the terms of the document entitled “BUS MAINTENANCE”,
attached hereto as EXHIBIT “C” and incorporated herein by this reference.”

4. Paragraph 26 of the AGREEMENT is hereby deleted and a new Paragraph 26 is added to read
as follows:

“26. INSURANCE

Throughout the life of this Agreement, Provider shall pay for and maintain in full force and
effect all policies of insurance required hereunder with an insurance company(ies) either (i)
admitted by the California Insurance Commissioner to do business in the State of California and
rated not less than "A- VII" in Best's Insurance Rating Guide, or (ii) authorized by ICTC’s
Executive Director or his/her designee at any time and in his/her sole discretion. The following
policies of insurance are required:

(i) COMMERCIAL GENERAL LIABILITY insurance which shall be at least as
broad as the most current version of Insurance Services Office (ISO) Commercial General
Liability Coverage Form CG 00 01 and include insurance for “bodily injury,” “property
damage” and “personal and advertising injury” with coverage for premises and operations
(including the use of owned and non-owned equipment), products and completed operations,
and contractual liability (including, without limitation, indemnity obligations under the
Contract) with limits of liability of not less than the following:

$20,000,000 per occurrence for bodily injury and property damage
$20,000,000 per occurrence for personal and advertising injury
$20,000,000 aggregate for products and completed operations
$20,000,000 general aggregate

(ii) COMMERCIAL AUTOMOBILE LIABILITY insurance which shall be at least
as broad as the most current version of Insurance Service Office (ISO) Business Auto Coverage
Form CA 00 01, and include coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1 - Any Auto) with limits of liability of not less than $20,000,000 per accident for bodily injury and property damage.

(iii) **FIDELITY BOND/CRIME** insurance which shall be at least as broad as the most current version of Insurance Services Office (ISO) Commercial Crime Coverage Form CR 00 20 and include coverage for employee theft, forgery or alteration, inside the premises – theft of money and securities, inside the premises – robbery or safe burglary, outside the premises, computer fraud, funds transfer fraud and money orders and counterfeit paper currency, with limits of liability of not less than $50,000 per claim/occurrence.

(iv) **WORKERS’ COMPENSATION** insurance as required under the California Labor Code.

(v) **EMPLOYERS’ LIABILITY** insurance with limits of liability of not less than $1,000,000 each accident, $1,000,000 disease policy limit and $1,000,000 disease each employee.

Should Provider maintain higher limits than the minimum limits shown above, ICTC requires and shall be entitled to coverage for the higher limits maintained by Provider. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to ICTC.

In the event Provider purchases an Umbrella or Excess insurance policy(ies) to meet the minimum limits of insurance set forth above, this insurance policy(ies) shall “follow form” and afford no less coverage than the primary insurance policy(ies).

Provider shall be responsible for payment of any deductibles contained in any insurance policies required hereunder and Provider shall also be responsible for payment of any self-insured retentions. Any deductibles or self-insured retentions must be declared to, and approved by, the ICTC’s Executive Director or his/her designee. At the option of the ICTC’s Executive Director or his/her designee, either: (i) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects to ICTC, its board members, officers, employees and agents; or (ii) Provider shall provide a financial guarantee, satisfactory to
ICTC’s Executive Director or his/her designee, guaranteeing payment of losses and related investigations, claim administration and defense expenses. At no time shall ICTC be responsible for the payment of any deductibles or self-insured retentions.

All policies of insurance required hereunder shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after 30 calendar day written notice has been given to ICTC. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, Provider shall furnish ICTC with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for ICTC, Provider shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

The General Liability and Automobile Liability insurance policies shall be written on an occurrence form and shall name ICTC, its board members, officers, employees and agents as an additional insured. Such policy(ies) of insurance shall be endorsed so Provider’s insurance shall be primary and no contribution shall be required of ICTC. The coverage shall contain no special limitations on the scope of protection afforded to ICTC, its board members, officers, employees and agents. The Fidelity Bond/Crime insurance policy shall name the ICTC as a loss payee. The Workers’ Compensation insurance policy shall contain a waiver of subrogation as to ICTC, its board members, officers, employees and agents.

Provider shall furnish ICTC with all certificate(s) and applicable endorsements effecting coverage required hereunder. Upon request of ICTC and before work commences, Provider shall immediately furnish ICTC with a complete copy of any insurance policy and all certificates and applicable endorsements required under this Agreement, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.

If at any time during the life of this Agreement or any extension, Provider or any of its subcontractors fail to maintain any required insurance in full force and effect, all work under
this Agreement shall be discontinued immediately, and all payments due or that become due to
Provider shall be withheld until notice is received by ICTC that the required insurance has been
restored to full force and effect and that the premiums therefore have been paid for a period
satisfactory to ICTC. Any failure to maintain the required insurance shall be sufficient cause
for ICTC to terminate this Agreement. No action taken by ICTC hereunder shall in any way
relieve Provider of its responsibilities under this Agreement.

The fact that insurance is obtained by Provider shall not be deemed to release or diminish the
liability of Provider, including, without limitation, liability under the indemnity provisions of
this Agreement. The duty to indemnify ICTC shall apply to all claims and liability regardless of
whether any insurance policies are applicable. The policy limits do not act as a limitation upon
the amount of indemnification to be provided by Provider. Approval or purchase of any
insurance contracts or policies shall in no way relieve from liability nor limit the liability of
Provider, its principals, officers, employees, agents, persons under the supervision of Provider,
vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed
directly or indirectly by any of them.

If Provider should subcontract all or any portion of the services to be performed under this
Agreement, Provider shall require each subcontractor to provide insurance protection in favor
of ICTC, its board members, officers, employees and agents, in accordance with the terms of
each of the preceding paragraphs, except that the subcontractors' certificates and endorsements
shall be on file with Provider, ICTC prior to the commencement of any work by the
subcontractor.”

5. Paragraph 31 of the AGREEMENT is hereby deleted and a new Paragraph 31 is added to read
as follows:

“31. INDEMNIFICATION

To the furthest extent allowed by law, Provider shall indemnify, hold harmless and defend
ICTC and each of its board members, officers, employees and agents from any and all loss,
liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict
liability, including but not limited to personal injury, death at any time and property damage)
incurred by ICTC, Provider or any other person, and from any and all claims, demands and
actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to
have arisen directly or indirectly out of performance of this Agreement. Provider's obligations
under the preceding sentence shall apply regardless of whether ICTC and each of its board
members, officers, employees and agents are actively or passively negligent, but shall not apply
to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the active
negligence, or caused by the willful misconduct, of ICTC or its board members, officers,
employees and agents.
If Provider should subcontract all or any portion of the work to be performed under this
Agreement, Provider shall require each subcontractor to indemnify, hold harmless and defend
ICTC and each of its board members, officers, employees and agents in accordance with the
terms of the preceding paragraph.
This section shall survive termination or expiration of this Agreement.”
6. In all other respects, the AGREEMENT, as amended, remains in full force and effect.
7. This Modification is effective as of the day and year first written above.

IN WITNESS WHEREOF, the Parties hereto have caused this Modification to be executed
the day and year first above written.

Exhibit C - BUS MAINTENANCE

It shall be First Transit’s responsibility to provide maintenance personnel and institute a vehicle maintenance program to achieve a high level of maintenance on the fleet of ICTC-owned buses provided to Contractor. ICTC expects maintenance of vehicles in the highest level of condition by covering the following, but not limited to, general elements:

- Preventative Maintenance
- Mechanical Maintenance
- Zero Tolerance Graffiti Removal
- Cleaning Program
- Engine and Transmission
- Quality Control
- Warranties on New Buses
- Interior Bus Maintenance (Seats, Driver Seats, Floors)
- Wheelchair Lift/Ramp Maintenance
- Farebox Maintenance
- Tire Servicing
- Wheel Cleaning
- Maintenance Performance Analysis
- Maintenance Reporting

All preventative maintenance inspections and mechanical maintenance shall be performed by qualified employees of the Contractor unless otherwise noted. Contractor is responsible for providing the necessary trained and qualified staff to perform all elements required as part of the maintenance program included within this Agreement. Contractor shall increase staffing as a function of need to perform all tasks required of the maintenance program over the course of the project.

If Contractor staffing levels for maintenance personnel fall below what it required by the agency and based on the Contractor staffing proposed, Contractor shall temporarily utilize existing personnel for additional time, or shifts, to insure that the maintenance staffing workload meets, or exceeds, the minimum Full Time Equivalent (FTE) requirements for each of the maintenance staffing categories proposed by Contractor, until such time that additional staff are hired, trained, and employed. Failure to maintain staffing levels that equal, or exceed the required levels for operating efficiency may subject Contractor to liquidated damages. Subcontracting of additional or specialized cleaning functions may be considered. However, all maintenance manager, mechanic and service positions must be employees of the Contractor. Contractor’s duty and responsibility to maintain all vehicles and equipment is not delegable to any other person, firm or corporation. All subcontracts of maintenance functions must be approved by ICTC in advance, and may not substitute for staffing levels shown in Contractor’s staffing plan.

1. MAINTENANCE PERSONNEL

Maintenance personnel assigned to work on ICTC-owned and other contractor buses shall have thorough knowledge of:

1.1. Bus engines, transmissions, and related mechanical parts.
1.2. Methods and procedures used in servicing mechanical equipment.
1.3. Bus chassis and bodies.
1.4. Tools, precision instruments, equipment, and procedures used in the general repair and maintenance of bus equipment.
1.5. Decimals, fractions, and specifications related to bus mechanics.
1.6. Specialized areas such as upholstery, brake lining, air conditioning, wheelchair lift or device, fareboxes, electronic destination signs, and laptop computer diagnostic programming.

2. **MAINTENANCE PERSONNEL SKILLS**

2.1. Inspect bus engines, transmissions, fuel systems, and other mechanical, electric, and electronic parts and components.
2.2. Diagnose bus engine, transmission, fuel systems, and other mechanical, electrical, and electronic parts and component system problems.
2.3. Repair bus engines, transmissions, fuel systems and other mechanical, electrical, and electronic parts and components when necessary.
2.4. Diagnose and repair electronic components, such as the bus electronic control system, fareboxes, electronic destination signs, wheelchair lift/ramp mechanisms and air conditioning systems.

3. **PREVENTIVE MAINTENANCE**

Contractor shall adopt and maintain a formalized preventative maintenance program for all vehicles in conformance with manufacturers’ preventative maintenance schedules, state law, industry standard practices, and other detailed maintenance required by ICTC. Preventative Maintenance Inspection (PMI) Checklists will be based on PMI intervals, as well as the minimum requirements for each interval (based on manufacturers recommended schedules). Any PMI procedures that go above and beyond these minimum requirements are entirely up to Contractor, but the minimum requirements must be met within +/- 500 miles of the specified interval.

PMI intervals shall be at the following inspection mileages:

- **A** 3,000 miles or 45 days
- **B** 6,000 miles
- **C** 24,000 miles
- **D** 48,000 miles

The mileage intervals are based on a progressive PMI cycle. If a vehicle has been out of service for more than 30 continuous days, the vehicle must be given an “A” inspection in order to inspect tanks, brakes, and other related items in an “A” inspection prior to re-entering revenue service. Any vehicle that has had the repair of major body damage or collision repairs, shall have an inspection documented and forwarded to ICTC staff to insure vehicle has been returned to full compliance.

Contractor must also meet, or exceed, the PMI requirements set forth by vehicle builders and all major component manufacturers. Major components include, but are not limited to, engines, transmissions, A/C and heating, doors, radios, wheelchair lifts, fareboxes, destination signs, and fuel tanks. Failure to follow manufacturers’ guidelines may result in liquidated damages and/or termination of the Agreement. ICTC shall determine Contractor’s compliance with the above requirements by reviewing detailed monthly PMI reports, and or by utilizing an independent maintenance consultant. ICTC may select buses randomly for independent third party inspections.
If Contractor wishes to revise some of these requirements during the course of the service agreement (because of new information, or techniques that have been approved by the manufacturer), it may present a revised plan, with supporting documentation, to ICTC for review. ICTC decisions regarding revised PMI procedures shall be final.

In addition to these minimum PMI requirements, Contractor must also create and implement PMI functions for the following equipment:

1. Wheelchair Lifts and Ramps — PMI programs for all lift and ramp systems shall be developed to meet the manufacturers’ requirements to address warranty, safety, reliability, and longevity issues.

4. MECHANICAL MAINTENANCE PROGRAM

Contractor, at its sole cost and expense, shall provide all lubricants, repairs, cleaning, cleaning agents, parts, supplies, labor, maintenance, major components, and component rebuilding and replacement required for the operation of all equipment pursuant to the Agreement, unless otherwise indicated. Contractor shall be fully responsible for the safe and efficient maintenance of all vehicles and equipment, radios, fareboxes, and all other ICTC-provided equipment to be used to perform this Agreement in strict conformity to all CHP regulations and Title 13 requirements.

ICTC may inspect any vehicle at any time. Contractor shall allow ICTC, or its designated agent, access to Contractor’s facilities and records for the purpose of monitoring the Contractor’s maintenance performance, as ICTC deems necessary. ICTC shall be permitted to view and copy any vehicle maintenance records, inspect vehicles, and request Contractor’s personnel to drive vehicles and/or position vehicles to inspect the undercarriage, as is necessary to evaluate the condition of vehicles used in the performance of this Agreement. ICTC, or its designated agent(s), shall conduct such inspections on a regular basis.

All parts, materials, tires, lubricants, fluids, oils and procedures used by Contractor on all ICTC-owned vehicles, vehicles and equipment shall meet, or exceed Original Equipment Manufacturer (OEM) specifications and requirements. All parts installed by Contractor on ICTC-owned buses shall become property of ICTC.

4.2. Fareboxes, radios, destination signs, public address systems, request-to-stop systems, and passenger doors shall be inspected, serviced and lubricated at intervals necessary to ensure that this equipment is fully operational as designed whenever the vehicle is used in revenue service.

4.3. At scheduled oil change intervals, a laboratory engine and transmission oil analysis shall be performed on every ICTC-provided bus engine or transmission. The analysis program used by Contractor shall be subject to approval by ICTC.
4.4. Brake inspections and adjustments shall be performed at intervals that insure the safe and efficient operation of the braking system. Brakes must be fully inspected, at a minimum, of 3,000 miles at the “A” inspection.

4.5. All components of the bus bodies, appurtenances, and frames shall be maintained in a safe, sound and undamaged condition at all times. Damage (including body damage and all bus appurtenances) shall be repaired in a professional manner within three weeks (21 calendar days) of occurrences. In the event that the repairs cannot be made within three weeks due to the severity of damage, and/or backorder of parts not typically in Contractor’s inventory, Contractor shall work with ICTC to establish a reasonable schedule for completion.

4.6. All mechanical, electrical, fluid, air, and/or hydraulic systems shall be maintained in a safe and fully functional (as designed) condition at all times.

4.7. The interior passenger compartment shall be free of exhaust fumes from the engine, engine compartment, and exhaust system of the bus at all times.

Racks shall be inspected every 3,000 miles with the “A” PMI. Racks may need to be sanded, repainted or polished, or replaced (if not easily repaired).

4.10. Contractor, as manager of the fleet, shall establish and maintain a spare parts inventory based on the age and variety of vehicles, sufficient to ensure that peak hour vehicle requirements are met. Vehicles may not be used to supply spare parts for other buses.

4.11. ICTC may remove a vehicle from revenue service if ICTC determines that maintenance on any vehicle is not in conformity with the Agreement.

4.12. Contractor, as an agent for ICTC in the case of warranted equipment, will be responsible for ensuring that the vehicle manufacturers and all component manufacturers perform or reimburse Contractor for all parts and labor, which are covered under warranty. Contractor shall diligently follow the preventative maintenance program so any warranty coverage on ICTC-owned or provided equipment is not lessened or invalidated.

4.13. Upon completion or termination of the Agreement for any reason, Contractor shall return vehicles, and all other ICTC-provided equipment to ICTC less reasonable wear-and-tear, as determined by accepted bus industry standards and approved by ICTC.

4.14. Driver and passenger seats shall be maintained in proper operating condition at all times. It shall include, at a minimum, inspection, repair, and replacement for seat cushions, frames, armrests, and all electrical, mechanical, and pneumatic components. All tears, cuts, gum, graffiti and other damage shall be cleaned and/or repaired in a professional manner immediately upon their discovery. Contractor shall replace seat covers that are worn or cannot be professionally repaired, using materials that are identical in design and color as those materials being replaced.
4.15. Contractor is responsible for all towing services related to this AGREEMENT.

4.16. Tire maintenance and replacement are the responsibility of the Contractor. Any new buses delivered during the Agreement will be delivered with tires purchased by ICTC as part of the bus procurement. Any replacements for these original tires will be the responsibility of the Contractor when the original tires require replacement.

4.17. Steam cleaning of engine compartments of buses shall be carried out with Contractor equipment on a regular basis. It is expected that the engine compartment be steam cleaned or pressure washed (at high temperature) prior to every “A” inspection at 3,000 miles.

8. ICTC REIMBURSEMENT OF ENGINE AND TRANSMISSION REBUILD COSTS
ICTC recognizes that during the term of this Agreement, engines and/or transmissions of ICTC-owned buses not under warranty may have to be rebuilt or replaced. If Contractor determines that an engine or transmission needs to be rebuilt or replaced, the Contractor shall notify ICTC, in writing, detailing the reasons for such a determination including pertinent information from the vehicle file and a detailed cost estimate. An outside vendor may be used if deemed cost effective after consultation and approval by ICTC.

8.1. After review, ICTC may direct Contractor in writing, to proceed with the recommended work.

8.2. Contractor will only be permitted to pass through to ICTC the costs related to any engine or transmission work accomplished following the above-mentioned procedure. ICTC will not be liable for any costs if Contractor does not follow the above-mentioned procedure. Contractor must submit a detailed invoice to ICTC for all such work.

8.3. If ICTC determines that such work is necessary due to poor maintenance performance by Contractor, ICTC will not be liable for any costs.

8.4. Contractor shall remain responsible for all costs related to repair or replacement of any engine-driven part including, but not limited to, generators, hydraulic pumps, water pumps, fuel pumps, valve covers, oil pans, alternators, voltage regulators, air compressors, air-conditioning compressors, vacuum pumps, starter motors, and turbocharger. Contractor shall also remain responsible for all costs related to repair or replacement of transmission-related parts including, but not limited to, oil coolers, external oil lines, external filters, external linkage modulators, external speedometers/odometers, "driven" gears or sensors, neutral start switches, and temperature sensors.

F. FY 2016-17 REVISED MOU; ICTC—QUECHAN INDIAN TRIBE—YCIPTA FOR TURQUOISE ROUTE #10 AND BLUE ROUTE #5
July 7, 2016

Imperial County Transportation Commission  
1405 N. Imperial Ave Suite 1

SUBJECT: FY 2016-17 Revised Memorandum of Understanding (MOU); ICTC - Quechan Indian Tribe - Yuma County Intergovernmental Public Transit Authority (YCIPTA) for Turquoise Route #10 and Blue Route #5

Dear Committee Members:

In 2012, ICTC staff entered into discussions, at the request of staff of the Quechan Tribe and YCIPTA, regarding the potential for a public transit route between Yuma AZ, the Winterhaven Ca. area, and El Centro, CA. Discussions ensued over an eight month period regarding operational issues including routing, scheduling, funding, access to bus stop locations and the continuation of travel once in El Centro on Imperial Valley Transit (IVT) for access to social service and commercial activities.

The project required the Boards of the three agencies to approve and give final direction on implementation for services. The Turquoise Route 10 started operation in January 2013. The business plan proposed twice daily roundtrips, three days a week on a YCAT bus. The new YCAT route offered travel opportunities that connected in El Centro to IVT intercity and intracity routes at 7th and State Streets. The price was established at a $2.00 one way fare.

Previously, as a result of the federal transportation bill, Moving Ahead for Progress in the 21st Century Act (MAP-21), the FTA 5311(c) funding would no longer be available to the Quechan Indian Tribe in the future. 5311(c) funding is also known as the Tribal Transit Grant Funding Program and allowed the tribe to apply and be a direct recipient of public transit operational funding. Previously those 5311(c) funds were used to operate the Blue Route 5 in cooperation with YCIPTA. Blue Route 5 is a circulator route with stops in the eastern Imperial County, the Fort Yuma Indian reservation and Yuma. In FY 2015-16 ICTC received a request to share in the cost to provide funding for the Blue Route 5 service, as it does serve eastern Imperial County residents in an amount of $172,270. However, based on additional funding opportunities for the Quechan Indian Tribe in FY 2016-17, ICTC received a request for $138,710.32.

CITIES OF BRAWLEY, CALEXICO, CALIPATRIA, EL CENTRO, HOLTVILLE, IMPERIAL, WESTMORLAND, IMPERIAL IRRIGATION DISTRICT AND COUNTY OF IMPERIAL
Through quarterly coordination and evaluation sessions, the current performance measures have determined that while modest, the Turquoise Route 10 and Blue Route 5 have shown a slight increase in ridership over the previous year.

ICTC staff continues to support and recommends the participation in the revised MOU due to the increased access for Eastern Imperial County residents. However, ICTC will continue to meet with both agencies and continue to monitor both the Turquoise Route 10 and Blue Route 5, in cooperation with YCIPTA and the Quechan Tribe, in order to ensure the proper portion of funding is provided to supplement the transit service in eastern Imperial County. Recommendations from ICTC staff for funding in future years will be based on service needs and service performance for the eastern Imperial County, Winterhaven community.

Funding for this service is derived from the Transportation Development ACT (TDA) Fund, a contribution from the Quechan Tribe, the YCIPTA organization and passenger fares, and is in the recently approved FY 2016-17 ICTC Overall Work Program and Budget.

The Table for the breakdown of the subsidy allocations is on page 9 of the attached “Eastern Imperial County Transit Services Operations and Implementation Business Plan”.

ICTC Staff requests that the Management Committee forward this item to the Commission for review and approval after public comment, if any:

1. Authorize the Chairperson to sign the Memorandum of Understanding (MOU) between the Yuma County Intergovernmental Public Transportation Authority (YCIPTA), The Imperial County Transportation Commission (ICTC) and the Quechan Indian Tribe for the continued implementation and operation of a regional connector bus service (YCAT Turquoise #10) between Yuma AZ, Winterhaven and El Centro, California; and, a circulator route from Yuma with stops in the eastern Imperial County area (YCAT Blue #5) effective July 1, 2016 through June 30, 2017 and provide a not to exceed subsidy to the Quechan Tribe and YCIPTA in an amount of $138,710.32.

Sincerely,

MARK BAZA

These routes do not operate on Sundays and major holidays observed by YCIPTA. YCIPTA-observed holidays are: New Year’s Day, Dr. Martin Luther King, Jr. Day, Presidents Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day and Christmas Day. Saturday service operates on the day after Thanksgiving, Christmas Eve and New Year’s Eve. One (1) bus will operate on each route for a maximum peak vehicle demand of two (2) in eastern Imperial County.

YCIPTA shall oversee and operate these routes in conjunction with the QUECHAN and Imperial County Transportation Commission ("ICTC").

Under the California Transportation Development Act ("TDA"), new routes that are implemented could be exempt from the farebox recovery ratio requirements or other performance measures for three (3) years. Blue Route 5 was treated as a new route for the purposes of the use of TDA funding effective July 1, 2014, and will begin on July 1, 2016, its third year of operations partially funded with TDA funding. Turquoise Route 10 is completing its third year using an exemption due to the route’s inability to meet the
18% farebox recovery ratio standard established by ICTC, and will begin on July 1, 2016, its fourth year of operations partially funded with TDA funding.

This business plan reflects amendments approved in April 2016 adjusting the operation of the Turquoise Route 10 to increase its chances of meeting the 12% farebox ratio performance standard and will replace the Regional Connector Operations and Implementation Plan developed in October 2012, and amended in October 2013, September 2014, and July 2015, lastly due to the inclusion of the Blue Route 5 and the re-designation of the business plan to focus on Eastern Imperial County Transit Services. The routes identified in the plan will continue to act as an extension of the Imperial Valley Transit (IVT) system and continue to replace the former IVT Route 3 between Holtville and Winterhaven, California on Wednesdays. IVT Route 3 continues to operate west of Holtville to El Centro, Monday through Saturday.

**Statement of Purpose and Need**
The purpose of operating transit services in eastern Imperial County is to provide mobility for Winterhaven and Fort Yuma Indian Reservation residents and visitors within eastern Imperial County and to Yuma, Arizona. Six (6) days a week the Blue Route 5 services extend to Andrade Port of Entry as well as providing access to services to Yuma. Two (2) days a week the Turquoise Route 10 services would be extended to El Centro to access services at the County Seat, as well as other quality of life opportunities that are not available in Winterhaven.

Regional and local travel needs were identified below:

- Access to California State and Imperial County agencies and services in El Centro (DMV, courts, Imperial County Public Health Department, Imperial County Department of Social Services).
- Access to medical care in El Centro (health specialists, El Centro Regional Medical Center, Pioneer Memorial Hospital).
- Access to medical care in San Diego, Phoenix (Phoenix Indian Medical Center), and Tucson.
- Access to destinations within Winterhaven and the Fort Yuma Indian Reservation.
- Access to medical care, social services and other destinations in Yuma.

Two (2) studies were completed to assess the potential demand for improved service; Winterhaven Quechan Reservation Rural Connector Report (October, 2007) and the Quechan – Tribal Transit Planning, Service Strategies Report (July, 2011), and a recommendation was derived from these studies to provide a local shuttle connecting the Fort Yuma Indian Reservation with Winterhaven and Yuma as well as a lifeline service connecting the Fort Yuma Indian Reservation with El Centro to provide additional access for the eastern portion of Imperial County with the County Seat.
Section 2
Roles and Responsibilities

YCIPTA - Operating and Contract Authority and Oversight: YCIPTA will use its present transit operations contractor (National Express Transit Services Corporation) to operate both Blue Route 5 - Quechan Shuttle and Turquoise Route 10 – Interstate 8/EI Centro/Yuma. However, YCIPTA, in its sole discretion, reserves the right to replace the transit operations contractor with another company or entity as it deems appropriate.

YCIPTA will administer the operating contract; provide the legal operating authority for this transit service as well as umbrella operating insurance through its operations contractor. YCIPTA will receive monthly reports on project operations and program results, as prepared by the operations contractor. YCIPTA’s Project Liaison shall be the primary contact between the operations contractor, QUECHAN and ICTC.

YCIPTA Project Liaison - Planning, Contract Management and Marketing: YCIPTA shall designate its Transit Director, or designee, as the Project Liaison. The Project Liaison shall conduct daily interactions with the operations contractor, ensuring compliance with all contract terms and conditions, receipt and review of all reports required by the operations contractor, and the coordination of all marketing and promotional programs designed and implemented to support the routes. The Project Liaison will ensure the development and implementation of all programs so that employers, YCIPTA, the contractor, and other partners work together to maximize ridership and the overall effectiveness of the routes.

The Project Liaison shall be responsible for the review and payment of monthly subsidy statements provided by the transit operations and maintenance contractor.

ICTC – Supporting Role:
ICTC will provide a supporting role related to these routes, including providing recommendations to YCIPTA through technical and policy levels, marketing the service in Imperial County and contributing up to One Hundred Thirty-Eight Thousand, Seven Hundred Ten Dollars and Thirty-Two Cents ($138,710.32) of Transportation Development Act (“TDA”) Local Transportation Fund (“LTF”) Article 8(c) funds for a continuation of these routes.

QUECHAN – Supporting Role:
QUECHAN will provide a supporting role related to these funds, including providing recommendations to YCIPTA through technical and policy levels, marketing the route on the Fort Yuma Indian Reservation and contributing Sixty-Eight Thousand, Five Hundred Thirty-Nine Dollars and Twenty-Two Cents ($68,539.22) of Federal Transit Administration (“FTA”) Section 5311(c) monies to operate these routes.
YCIPTA would continue to use FTA Section 5307 funds allocated to the Winterhaven area, FTA Section 5311 funds allocated by ADOT to the small portion of the Fort Yuma Indian Reservation that is in Arizona, plus YCIPTA-generated match, fare revenue collected from the routes, and a portion of the Quechan Business Enterprise parking lot in-kind revenue to cover the remaining costs required to operate these routes.

Section 3
Overview of Operating Plan

Route Plans
The transit service will cover two (2) routes, Blue Route 5, Quechan Shuttle operating between Yuma, Winterhaven and Fort Yuma Indian Reservation, and Turquoise Route 10 between Yuma, Arizona, Winterhaven, California and El Centro via Interstate 8. The routes would be branded under the name Yuma County Area Transit (“YCATA”).

The routes and bus stop placement are subject to concurrence by QUECHAN, City of El Centro, Imperial County and ICTC. YCIPTA staff shall work with the staff from these agencies regarding route changes/development and to obtain approval to place a YCAT bus stop sign in their area of jurisdiction.

Bus stops in the City of Yuma and Fort Yuma Indian Reservation would be coordinated through YCIPTA’s existing encroachment permits for bus stops that are already in place in those jurisdictions.

Imperial Valley Transit (IVT) shall have priority use of its bus stops within the El Centro-Calexico Urbanized Area (“UZA”) as well as other areas of Imperial County served by IVT buses that YCAT would also serve and if a conflict arises where two (2) buses arrive at the bus stop at the same time, IVT’s use of the bus stop shall take priority. IVT’s use of the bus stops shall not, however, unreasonably interfere with YCIPTA’s obligations under this Business Plan and other agreements between YCIPTA, City of El Centro, Imperial County, ICTC and/or QUECHAN.

Exhibit 1 includes the route map, bus stop list and schedules effective July 1, 2015.

The Blue Route 5 will travel 23.9 miles one way, in a clockwise loop from Downtown Yuma Transit Center, through Fort Yuma Indian Reservation and Winterhaven, California serving 41 bus stops. The Turquoise Route 10 will travel 69.4 miles one way, between Yuma, Arizona, and El Centro, California, serving 27 bus stops.

Service Hours
The service hours, days and routes are outlined in Section One – Overview of Proposed Routes above.
Fares – Effective January 9, 2012

The following fares apply to all routes in YCIPTA’s transit system, including Blue Route 5 and Turquoise Route 10. However, effective July 1, 2016, a “cash only-no passes” fare policy will apply to Turquoise Route 10.

Ridership Forecasts
While the two studies identified in Section One did not provide any ridership forecasts, based on historical data in regard to Blue Route 5 and Turquoise Route 10, YCRIPTA staff initially projected that approximately fifty (50) passengers may ride Blue Route 5 each operating day and that approximately fifteen (15) passengers may ride Turquoise Route 10 each operating day.

Based on data from YCRIPTA in regard to fiscal year 2013-2014, Blue Route 5 carried approximately 4.82 passengers per hour which is an increase from 3.41 from FY12-13, as this was the second fiscal year of the route's operation. (Blue Route 5 started on June 1, 2012). According to YCRIPTA's data for fiscal year 2014-2015, Blue Route 5 carried approximately 5.41 passengers per hour, an increase for the third consecutive year since the route's start.

In determining a forecast ridership number for Turquoise Route 10, several factors should be considered. This includes reconciliation of passengers boarding from Winterhaven on IVT Route 3/300/350, the use of the demographic information in the Winterhaven /Quechan Reservation Rural Connector Report and Quechan Service Strategies Report and data from public workshops held by QUECHAN.

Based on data from ICTC in regard to fiscal year 2011-2012, IVT Routes 3/300/350 carried approximately 3.75 passenger trips in the morning and 3.50 passenger trips in the afternoon/evening on Wednesdays. With the transition to Turquoise Route 10, the route performance was 3.41 passengers per hour which is an increase from 2.99 from FY12-13. YCRIPTA’s data for fiscal year 2014-2015, Turquoise Route 10 carried approximately 6.17 passengers per hour, an increase for the second consecutive year since the route’s start on January 7, 2013.

In light of the initial forecasts and actual data described above, the projected ridership for FY 2016-2017 on Blue Route 5 is 6.95 passengers per hour/59.21 per day, while on Turquoise Route 10 it is 6.95 passengers per hour/39.90 per day.

Fare Revenue Forecasts
Based on the projected ridership and historical data for each of the two routes and to take a conservative approach, the fare revenue forecast of Thirty Thousand, Seventeen Dollars and 75 Cents ($30,017.75) for Blue Route 5 and Seven Thousand, Six Hundred Sixty Dollars and No Cents ($7,660.00) for Turquoise Route 10 is projected for FY 2016-2017. It is imperative that a fare structure is established to ensure the maximum farebox recovery in compliance with the TDA. As part of the performance measures, ICTC would review the farebox recovery ratio to ensure compliance with TDA.

Cost and Subsidy Projections
ICTC will pay QUECHAN an amount not to exceed the annual subsidy amount of One Hundred Thirty-Eight Thousand, Seven Hundred Ten Dollars and Thirty-Two Cents ($138,710.32) to fund Eastern Imperial County Transit Services after QUECHAN files a TDA Article 8c claim and supporting documentation with ICTC and QUECHAN will pay YCIPTA the monthly costs based on revenue service hours with these ICTC funds along with QUECHAN funds of an amount not to exceed the annual subsidy of Sixty-Eight Thousand, Five Hundred Thirty-Nine Dollars and Twenty-Two Cents ($68,539.22) to operate Eastern Imperial County Transit Services, to be paid based on revenue vehicle service hours as established through a separate Memorandum of Understanding between YCIPTA and QUECHAN.

For cost and subsidy projections, see the chart below.

Performance Standards
Since ICTC would provide TDA-LTF Article 8(c) funds as contributions to this route, the following proposed performance standards would apply towards these routes, and YCIPTA would report these figures to ICTC and QUECHAN monthly. These reports may be reviewed by ICTC’s Social Services Transportation Advisory Council.

According to the TDA requirements, if the farebox recovery ratio remains below the established standard adopted, efforts must be made to modify the route(s) to improve performance within the (3) three year time frame.

As necessary and required by the FTA, financial and non-financial data shall be collected and reported to the National Transit Database (NTD). YCIPTA would report miles both in the Yuma UZA and El Centro-Calexico UZA.
A re-evaluation of the routes occurred at the EICTS Quarterly Meeting held on March 15, 2016, with the conclusion that adjustments were needed to increase the chances of Turquoise Route 10 meeting its 12% farebox ratio performance standard. Several alternatives were developed and reviewed at a follow-up meeting convened on April 4, 2016, and it was agreed to recommend the elimination of Saturday service and the establishment of a "cash only-no passes" fare policy for Turquoise Route 10 to the governing boards of YCIPTA, ICTC and QUECHAN.

Per TDA requirements, a claimant (ICTC) may receive exemptions from the various ratio requirements for services provided to new areas or along new routes. The exemptions apply until the end of the second, full fiscal year of operation. If a claimant fails to meet a required ratio for a fiscal year, its TDA funding level will be reduced by the amount of required revenues that was not maintained.

**Fiscal Audits and Triennial Performance Audits**

Though ICTC payment of TDA funds to QUECHAN to fund a portion of these routes, QUECHAN will track its expense associated with the use of these funds, TDA funds will be listed as a separate line item of funds in the Basic Financial Statements each year and submit a copy of the report to ICTC before December 31 of the given funded year. ICTC will send a triennial performance auditor to audit this service and its performance measures.

### Section 4
**Marketing and Community Outreach Plan**

**Branding, Marketing and Community Outreach**

Marketing to support these routes will be essential to its success. Consistent, coordinated marketing collateral and programs will be developed by YCIPTA, with input and assistance from ICTC and QUECHAN. The Marketing Plan will include printed ads, flyers, rack cards, media, coordination with employers and other advertising materials. The buses will be marketed and branded as YCAT routes.

The marketing program outlined above will be targeted in Yuma and Imperial Counties. YCIPTA, QUECHAN and ICTC will work to engage the support of residents in the Yuma, Fort Yuma and Winterhaven areas to help ensure project success and sustainability. The marketing program is funded by YCIPTA administrative budget and these costs are not reflected in the business plan.

- YCIPTA will focus the routes' marketing efforts in Yuma County.
- ICTC will focus the routes' marketing efforts in Imperial County.
- QUECHAN will focus the routes' marketing efforts on the Fort Yuma Indian Reservation.
YCIPTA will have the YCAT Rider’s Guide distributed through its networks in Yuma County, including on YCAT buses. The routes will be included in YCAT Rider’s Guide, online at www.ycat.az.gov and on all YCAT marketing pieces. YCIPTA will seek vendors in El Centro to sell bus passes on behalf of YCIPTA. This includes El Centro City Hall and Circle K.

ICTC will have the Imperial Valley Transit Rider’s Guide distributed throughout Imperial County, on IVT buses and have information related to Blue Route 5 and Turquoise Route 10 operated by YCIPTA inside its Rider’s Guide, online at www.ivtransit.com and www.imperialctc.org and on appropriate IVT marketing pieces. In addition, signs will be placed on the IVT buses to promote the routes at ICTC discretion.

QUECHAN will have IVT and YCAT Rider’s Guides available for distribution throughout the Reservation, promote the routes through door-to-door distribution of information, placement of route information online, on social media, on Casino bulletin boards and will allow the sale of IVT and YCAT bus passes at its retail enterprises and casinos on the Reservation.

Section 5
Additional Details of the Operating Plan
Daily operations of the routes are the responsibility of the contractor, as described in Section 2 Roles and Responsibilities, and managed through YCIPTA, consistent with the terms of the Operating Contract. The Project Liaison, as designated by YCIPTA, has the responsibility to ensure that the contractor complies with all terms of the Operating Contract. The Project Liaison also has the lead responsibility for development and implementation of the Marketing and Outreach Plan, to be accomplished with support from YCIPTA, QUECHAN and ICTC.

1. Transit Service Information
The schedules and route information will be maintained on the www.ycat.az.gov and www.ivtransit.com websites and available via the YCAT telephone information system at 928.783.2235 and the IVT telephone information system at 760.482.2900. Service will be noted as a YCAT service.

2. Dispatch
A dispatcher will be on duty to support all service hours of the program to ensure excellent customer service. Contingency plans must be made to reasonably accommodate for service delays due to weather, traffic and vehicle failure by the transit operations contractor.

Dispatchers must have a communications system in place with their drivers via two-way radio or cell phone (depending on distance). Under no circumstances should the bus operators use the communications system in such a manner as to endanger the lives of the passengers or in violation of any laws. YCIPTA intends to use radios from the Yuma Regional Communication System on Blue Route 5 and the San Diego-Imperial County Regional Communication System on Turquoise Route 10.
3. Spare Ratio
YCIPTA would be responsible for providing road support to the YCIPTA vehicle should the vehicle experience any maintenance difficulties. YCIPTA shall be responsible to ensure that a replacement vehicle is provided within sixty (60) minutes of a determination that a YCAT bus is inoperable, and that ample comfort, such as water, is provided on the vehicle on days with extreme temperature (115 degrees or higher) and when extended breakdowns occur.

4. Bus Operators
Bus Operators are expected to be courteous, friendly and professional at all times.

Bus Operators shall be bilingual in English and Spanish to ensure that the distribution of information is available to both languages.

Bus Operator uniforms will be required to be consistent with the branding/marketing of YCIPTA transit services. Uniforms must be kept clean and ironed for a professional appearance at all times.

Bus Operator are prohibited from smoking in the vehicles. Smoking outside of the vehicles is also prohibited near the door of the vehicle or in the presence of customers. Eating is prohibited in front of customers or while driving.

Bus Operator breaks shall be established with dispatch according to transit operations contractor policy. Bus Operator breaks should never be allowed to disrupt customer service or routing.

Training shall be given to all Bus Operators so that clear expectations are in place to ensure excellent customer service. Bus Operators will keep the inside of the vehicles neat and tidy, i.e. picking up trash and newspapers left behind.

5. Vehicles
YCIPTA will provide two (2) vehicle types to operate the routes as outlined in this Business Plan. The vehicles used on these routes can carry up to 32 seated passengers, is 34 feet in length and have up to two (2) wheelchair tie down spaces. To comply with the California Air Resources Board ("CARB") requirements, YCIPTA will only operate vehicles in California with a level 3 diesel particulate trap. YCIPTA currently has nine (9) of these buses called the El Dorado National Passport, a low floor cutaway vehicle on a medium duty chassis. Furthermore, the bus is durable for highway travel. In addition, YCIPTA has six (6) 21-foot El Dorado National Aerolite buses which may also be used on these routes as these buses seat six (6) to eight (8) passengers and has up to two (2) wheelchair tie down spaces, which uses gasoline fuel and are exempt from the CARB Transit Fleet Rule.

Vehicles must be kept clean. Mechanical and cosmetic repairs must be prompt. There should be a spare vehicle that would easily fit into the program when one of the main
vehicles is out for maintenance. All YCIPTA vehicles are ADA compliant and use a low floor ramp for the loading/unloading of mobility devices.

These types of vehicles will provide the most passenger comfort and meet passenger demand. Their size and relative maneuverability will be better suited for the identified routes than larger vehicles, such as transit buses. They will also be more cost effective to operate than larger transit buses.

The Passport buses features two (2) bicycle spaces, electronic destination signs, farebox, smart card system and security cameras. The Aerolite buses features manual destination signs, farebox and smart card system (only on two of these buses).

Pictures of the buses used on these routes are below:
Maintenance of the buses will take place at the YCAT bus facility located at 2715 East 14th Street, Yuma, Arizona.

6. Customer Service
Customer service, marketing and safety are paramount to the success of this program. Service and mechanical failures will be logged and used as a tool by the contractor to ensure quality control and maintenance standards. On board customer surveys will be used to help guide route improvements and to adjust marketing plans, as appropriate.

7. Schedules
Schedules are defined in Exhibit A and are subject to change. Schedules have been developed to ensure that there are no conflicts between YCAT and IVT buses at all shared bus stops in El Centro.

8. Newspapers
Yuma Sun newspapers on Blue Route 5 and Imperial Valley Press on Turquoise Route 10 would be placed, Monday through Saturday, under an existing arrangement. As it relates to the Imperial Valley Press, a newspaper box will be placed at El Centro Regional Bus Transfer Terminal to allow YCIPTA to obtain newspapers.

9. Transfer Agreements
At the present time, passengers transferring to IVT would be required to pay a full fare as if they transferred back to YCAT.

10. Complementary ADA Paratransit Program
Blue Route 5 is treated as a flex route and is exempt from the ADA paratransit requirement since flex routes are treated as "general public demand response services" under the 49 C.F.R. Part 37 of Federal Regulations. The route deviation component is available to all passengers for an additional $2.00 fare unless passengers board at specific bus stop locations defined by YCIPTA. Turquoise Route 10 has been
designated as a commuter route under 49 C.F.R. Part 37 of Federal Regulations, therefore ADA complementary paratransit requirements do not apply. Passengers requesting ADA paratransit service would either ride YCAT OnCall in Yuma County or IVT Access in Imperial County, both within a ¾ mile radius of a non-commuter or flex bus route. Timed connections between the paratransit services and these routes would be established. YCIPITA allows for free transfers between YCAT OnCall and YCAT fixed route buses for these patrons.

11. Former Route 3 to Winterhaven
It is YCIPITA’s and QUECHAN’s desire that ICTC continue the discontinuance of Route 3 east of Holtville.

12. The Future
With the provision of ICTC funding in FY 2015-2016 to cover a greater share of the costs for all eastern Imperial County transit services, ICTC took a more active role in the planning and operation of transit services in eastern Imperial County. Under Moving Ahead with Progress for the 21st Century (MAP-21), and continuing under the Fixing America’s Surface Transportation Act (FAST Act), Tribal Transit funding was reduced to the extent that Quechan Indian Tribe will only be eligible for formula funding unless the Quechan Indian Tribe applies for capital expenses (excluding preventative maintenance). In FY 2016, the Quechan Indian Tribe will receive Forty-Five Thousand, One Hundred Sixty-Six Dollars and No Cents ($45,166.00) with slight annual increases for the foreseeable future.

In Federal Fiscal Year 2017 (FY 2016-2017), the Quechan Indian Tribe would need to request a minimum of One Hundred Thirty-Eight, Seven Hundred Ten Dollars and Thirty-Two Cents ($138,710.32) from ICTC to continue transit services at the present levels. This is due to not being able to use discretionary Tribal Transit funds for operations. YCIPITA would continue to use FTA Section 5307 funds allocated to the Winterhaven area, FTA Section 5311 funds allocated by ADOT to the small portion of the reservation that is in Arizona, plus YCIPITA generated match, fare revenue collected from the routes and Quechan Business Enterprises parking lot in-kind revenue to cover the remaining costs required to operate these routes.

A comprehensive review of these routes occurred in Spring 2016, prior to the YCIPITA, QUECHAN and ICTC budget planning to determine the appropriate level of transit service and population in eastern Imperial County as compared to central and northern Imperial County. This review will also take into consideration need in eastern Imperial County and the routes’ ability to meet TDA and MOU specific performance measures.

Any continuation of transit services beyond June 30, 2017 at the present levels will require additional contributions by ICTC. If service reductions are to occur based on available funding by QUECHAN, YCIPITA and ICTC that are known today, public hearings for route changes would take place in May 2016 as part of the adoption of the YCIPITA fiscal year 2016-2017 operating and capital budget with the route changes taking effect on July 1, 2016. To assist in the determination of future service levels and
contribution shares by all parties for fiscal year 2017-2018 ICTC will minimally need from YCRIPTA a sample of daily ridership data (boardings and alightings) by route direction and bus stop locations during the months of January through March 2017. The sample of data was agreed to by all parties prior to December 15, 2015. The actual daily ridership data should be provided to all parties by April 17, 2017. This would allow a comprehensive analysis of recommended service levels, contribution shares, and funds available for fiscal year 2017-2018.
