3. Regional Climate Action Plan- Existing Conditions Analysis Presentation  
*Presented by Consultant Team: Ascent Environment, Inc. & Rincon*

Ascent Environment provided a brief presentation on the GHG Inventory Results and on the Existing Conditions Analysis Results. The Existing Conditions Analysis provides a foundation for the greenhouse gas (GHG) reduction policies that will be included as part of the Regional CAP by providing an understanding of policies, actions and initiatives that are currently in place throughout Imperial county. This analysis also provides the level of implementation and rating of quality, based on five criteria for successful implementation, as assessed by representatives for the respective jurisdictions. The assessed policies, actions and initiatives are categorized based on their connection to state and regional goals and guidelines.

The results will help to guide the policies of the Imperial Valley Regional CAP. Rincon also provided an overview of their Outreach Strategy for this project. Phase I of the outreach strategy focuses on educating and gathering feedback on the draft GHG reduction measures from websites, social media, virtual stakeholder meetings and surveys. Phase II of the outreach is to present the Draft Climate Action Plan and get community feedback.

3. CTSA Reports:

   Mr. Gomez had the following announcements:
- The IVT Access, IVT Ride, and IVT MedTrans service continue to serve the people that need transportation. Sign-ups and certifications continue to be conducted on a remote basis.
- IVT MedTrans updated brochures, with a new calendar, are at ICTC ready to be distributed. If any agency needs the brochures, some can be taken to the agency. The Calendar runs from May through August. The service is still there to assist passengers for any San Diego doctor appointments, the days of services are running as usual.
  ➢ Ms. Blankenship asked if brochures can be delivered to the AAA office.
  ➢ Staff agreed to drop some off at the AAA office.
- The COVID 19 pandemic situation doesn’t allow mobility staff to attend any events, therefore there is nothing to report on that aspect.

Mr. Aguirre had the following updates:
- The Dial A Ride service demand response continues to be available in the usual schedule. Although the demographics that the service is provided to, the senior and disabled population, is recommended to stay home because of the COVID 19 pandemic. Therefore, the situation has dramatically impacted the service passenger count. The service continues to be available, but it is responding to the demand. The demand is very low.
- IVT Access, just like IVT, is running on a Saturday schedule. The services have about 2 in half to 2 buses readily available to respond to the demand of passengers. The service averages 20-25 passengers a day.

4. SSTAC Summer Meetings:
- Mr. Aguirre stated that in the past SSTAC members decided to go dark during the summer months, which include July and August. SSTAC usually reconvenes in September. It is up to SSTAC to discuss their decision if they see the need to meet during the summer months. If SSTAC members decide not to meet, ICTC will send updates on the transportation side. ICTC is always available to any of the SSTAC members that have questions or concerns.
- Ms. Blankenship was encouraged to go dark during the summer months and requested SSTAC members to receive updates, changes, and statistical data monthly. Ms. Blankenship stated that if an emergency does merge during the summer months which SSTAC is required to meet that the option to schedule a meeting continues to be available.
  ➢ Mr. Aguirre stated that SSTAC members will be provided with any updates and/or changes in the transit operations. ICTC is available if any emergency impromptu meeting is required during the summer.
- SSTAC decided to go dark during July and August (Blankenship, Silva), **Motion Carried.**

5. Transit Operator Reports:
- All services: Mr. H. Sanchez reported the following:
  o All services continue to run in a limited schedule, circulators are running with about 20-25 passengers a day. Social distancing continues to be implemented which results in limited seating. Therefore, it is causing small wait times for some passengers that don’t fit. A stand by bus then picks them up to continue the route.
  o The YAP club contacted First Transit to assist with the distribution of kits. Their goal is to provide the whole community with masks. First Transit will assist YAP in distributing these kits to the community.
    • Mr. Torres asked if the pandemic situation has resulted in the reduction of staff.
    • Mr. H. Sanchez stated that some employees were let go because of some service not running a full schedule, therefore leads to a reduction of hours for employees.
6. General Discussion
- Ms. Blankenship asked for a clarification on the protocol to ensure safety in public transit.
  - Mr. C. Sanchez stated that 60ft Gillic buses full capacity is on average of 60-75 passengers and now buses capacity has reduced to only 21 passengers. If the situation comes that there is a passenger overflow, the stand by buses will assist to pick the remaining passengers. The cutaway bus full capacity is on average on 20 passengers and now capacity has reduced to only 8 passengers. The passenger is usually only seen on the big buses, not the small buses. Since not all buses are being used because of the reduction of service, it allows us to wash all buses every day. The bus yard continues to be open for the public to purchase tickets or pay for MedTrans service. The protocol has changed, staff will now approach vehicles with any business to take care of.
  - Ms. Blankenship asked if the seats and rails are being wiped down when unoccupied.
  - Mr. C. Sanchez stated that wiping down the seats and rails usually occurs at the end of the route because it is difficult while on a scheduled route.
- Ms. Blankenship extended a heartfelt thank you ICTC, First Transit staff, IVT Ride service, and IVT Access service for assisting AAA with the afternoon meal distribution.

7. Adjournment
- The meeting adjourned at 10:35 a.m. (Torres), **Motion Carried**.
- The next meeting will be held on Wednesday, September 2, 2020, at the Imperial County Transportation Commission Office, 1503 N. Imperial Ave., Suite 104, El Centro, CA 92243.
C. 2021 ACTIVE TRANSPORTATION PROGRAM REGIONAL GUIDELINES
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
1405 N. Imperial Ave., Suite 1
El Centro, CA 92243

SUBJECT: 2021 Active Transportation Program Regional Guidelines

Dear Committee Members:

Imperial County Transportation Commission (ICTC) staff has been working with staff from the Southern California Association of Governments (SCAG) in the review of the Active Transportation Program (ATP) guidelines. The ATP is funded from various federal and state funds including the federal Transportation Alternatives Program (TAP), the Highway Safety Improvement Program (HSIP), State Highway Account, and Safe Routes to Schools (SR2S).

As a part of Senate Bill (SB) 1, the 2021 ATP Cycle 5 Call for Projects at the state level is expected to include about $445M in funding made up of Federal funding and State SB1 and State Highway Account (SHA) funding. The funding programming years include FY2021/2022, FY2022/2023 FY2023/2024 and FY2024/2025 funding years.

Per the 2021 guidelines issued by the California Transportation Commission (CTC), the program is divided into state and regional shares. Project applications that are not selected for funding from the state’s share of the funds will be passed on to the other Metropolitan Planning Organizations (MPOs) for consideration for regional share funding.

Program funding is segregated into three components and is distributed as follows:
- 50% to the state for a statewide competitive program
- 10% to small urban and rural regions with populations of 200,000 or less for the small urban and rural area competitive program
- Per the 2021 Statewide Guidelines, 40% of the funds for the ATP must be distributed by Metropolitan Planning Organizations (MPO) in urban areas with populations greater than 200,000, with funds distributed to each MPO based on total MPO population

In this fifth call for projects of ATP funds, SCAG does not intend to host a separate Call for Projects. Caltrans will instead forward grant proposals from the SCAG region that were not awarded funding at the statewide selection round for consideration in the Regional Program.

CITIES OF BRAWLEY, CALEXICO, CALIPATRIA, EL CENTRO, HOLTVILLE, IMPERIAL, WESTMORLAND, IMPERIAL IRRIGATION DISTRICT AND COUNTY OF IMPERIAL
Therefore, all project applications must meet the state's criteria and be submitted to Caltrans first. To date, one application has been submitted by member agencies for this current cycle.

ICTC is responsible for scoring from within Imperial County for their consistency with plans adopted by local and regional governments within the county.

Assigning a methodology for assigning the twenty (20) points needs to be completed by ICTC. During past cycles, ICTC has established point scoring methodology with guidance of SCAG. For ATP Cycle five (5) ICTC staff is recommending the following scoring methodology: 20 points for projects that have been identified in an adopted local and/or regional plan; zero points for projects that have not been identified in an adopted local and/or regional plan.

It is requested that the Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Approve the following methodology for assigning points of the 2021 Active Transportation Program Regional Guidelines:
   a. 20 points for projects that have been identified in an adopted local and/or regional plan; and
   b. Zero points for projects that have not been identified in an adopted local and/or regional plan.

Sincerely,

MARK BAZA

Eligible uses include maintaining transit services and the associated operational expenses (only those normally eligible under FTA grant requirements), agency acquisition of personal protective equipment (PPE); safe distancing/sanitation practices; transit operations and lost revenues. The period to utilize the funds depends on our continued response to the COVID-19 pandemic. ICTC plans to utilize the grant to continue to provide IVT Fixed Route, IVT Access (ADA Paratransit Service) and IVT MedTrans (non-emergency transportation to San Diego to medical facilities) transportation services, acquire necessary PPE equipment, enhance cleaning protocols by increasing cleaning frequency, thoroughness and by acquiring CDC approved disinfectants and to offset revenue losses. ICTC hopes to increase service frequency as soon as the opportunity presents itself.

12) **Calexico Intermodal Transportation Center (ITC):** A new Intermodal Transportation Center in the City of Calexico has been part of ICTC’s long range transit planning. The new Calexico ITC will serve as a regional mobility hub that will accommodate bus bays for Imperial Valley Transit in addition to the City of Calexico’s private transit operators, taxis and farm labor buses. ICTC received a Congestion Mitigation and Air Quality federal program fund to complete the environmental and design plans of the new Calexico ITC. ICTC staff is in the process of completing the contract award for a consultant firm that will complete the environmental and
design phase. Currently, ICTC staff is completing the Caltrans award review process with multiple Caltrans’ departments. The ICTC Board adopted the agreement with Psomas on September 26, 2018. Environmental phase is in progress with consultant team and agency partners, including the City of Calexico, Caltrans and ICTC. The environmental phase is in progress including studies. Next steps: Begin design and property (Right of Way) acquisition process.

13) **LTA Bonds Refunding/Financing Effort:** Based on municipal market and sales tax revenue trends we will remain on pause until we have a better sense of phase 3 openings within the County. In addition to continued lifting of travel restrictions at the border as legal crossings are a significant part of Imperial County’s economy. A positive tone in the municipal market continues. There is an increasing number of investors (i.e. cash available) and as they are facing a continuing light calendar we are seeing a compression (lowering) of both absolute yields and spreads. Our Underwriter team (Ramirez & Co., Inc.) will continue to keep an eye on the market and review the most opportune time to move forward with the bond rating and pricing of the bonds.

14) **Potential Bus Stop in Calipatria:** ICTC has evaluated all of its fixed route service routes to attempt to provide service to the east side of Calipatria. Staff conducted time trials as well utilized several types of buses to verify buses would not have issues with other existing stops within proposed routes. Potential stops for the area include a stop along Commercial Avenue and potentially another stop near Alexandria Street. Staff is proposing to utilize its IVC Express route to potentially service the area. Final location and infrastructure associated with the potential bus stop(s) is pending discussion with the city of Calipatria staff.

15) **Imperial County Regional Climate Action Plan:** Imperial County Regional Climate Action Plan: After the kick-off meeting on June 28, 2019, ICTC established Project Management Procedures and Communication Protocols with the Consultant as well as reviewing the Scope of Work and Schedule. Consultant is working on the draft list of strategies. The Consultant is finalizing the final pieces of inventory analysis. The consultant will begin the outreach plan by the end of October 2020 and begin with stakeholder meetings.

16) **Imperial Mexicali Binational Alliance Meeting:** The recent IMBA meeting was held via Zoom on Thursday, August 13, 2020. The meeting provided updates on the following border infrastructure projects - Calexico East Port of Entry/Mexicali II Bridge Widening Project and the Calexico West Port of Entry/Mexicali Mexico Roadway/Bridge Improvements. A strategic planning meeting between MOU signee representatives is tentatively scheduled for October 8, 2020. The next regular meeting is scheduled for October 8, 2020 via Zoom Meeting.

17) **Assembly Bill 335 (Garcia):** AB 335 became effective on January 1, 2020. ICTC had on-going meetings with the City of El Centro and County of Imperial Public Works Department to carry out the transition of the Imperial Valley Resource Management Authority (IVRMA) and the Service Authority for Freeway Emergencies (SAFE). On March 2, 2020, ICTC took over the the administration of the IVRMA. ICTC Staff will continue to work closely with IVRMA staff during the transition time and in the future. ICTC has recruited and hired a replacement for the Project Manager position. On July 1, 2020. ICTC took over the administration of the SAFE. Pending for the IVRMA is the ratification of the resolution by each member agencies council / board.

18) **Community of Niland Bus Stop Bench and Shelter Request:** The ICTC submitted a formal request to the California Department of Transportation (Caltrans) District 11 requesting their assistance in identifying a location for a bus stop bench and shelter in the Community of Niland along State Route 111 (SR-111). The shelter has been installed in an existing parking lot on the east side of SR-111. ICTC and the County of Imperial Public Works are reviewing the possibility of relocating the bus stop to the location of the newly constructed fire station.

19) **State and Federal funding Obligations:** Projects programmed in Federal Fiscal Year (FFY) 2019/2020 were fully obligated according to Caltrans Local Assistance. Beginning October 1, 2020, agencies can move forward with request for authorization (RFA) for Congestion Mitigation Air Quality (CMAQ), Surface Transportation Block Grant program (STBG) programmed in FFY 2020/2021. Other state funding also included in the Federal Transportation Improvement Program (FTIP) include the Active Transportation Program (ATP). See complete project list attached.

20) **2018 Trade Corridor Enhancement Program:** The Trade Corridor Enhancement Program (TCEP), created by Senate Bill (SB) 1 (Beall, Chapter 5, Statutes of 2017), provides approximately $300 million annually for infrastructure improvements on federally designated Trade Corridors of National and Regional Significance, on
the Primary Freight Network, and along other corridors that have a high volume of freight movement. ICTC in partnership with Caltrans and the San Diego Association of Governments (SANDAG) were successful in receiving TCEP funds for Advanced Technology Corridors at the California-Mexico Ports of Entry (POE). The goal project is to implement Intelligent Transportation System (ITS) strategies that will improve border travel delays. Some of the ITS strategies will include Bluetooth and Wi-Fi readers to help track vehicle delays, as well as implement changeable message signs on State Routes to inform border travelers of POE delays. Caltrans will serve as the implementing agency of this project and has an estimated completion date of early 2020. Caltrans has initiated the environmental phase and preliminary design of the project. TCEP funds will be used in collaboration with the BUILD grant award for the design and construction phases.

21) State Legislation for Transportation Funding – SB 1 Road Maintenance and Rehabilitation Account (RMRA): $1.5 Billion annually will go to cities and counties for local road improvements. The following are projected annual revenues of RMRA for the Cities and the County of Imperial for FY 2018/2019. This list of projects for all cities and the county can also be found on the ICTC website at: [http://www.imperialctc.org/senate-bill-1/](http://www.imperialctc.org/senate-bill-1/)

22) **State Legislation for Transportation Funding – SB 1 2018 Local Partnership Program (LPP):** The 2018 Local Partnership Program is comprised of formulaic program and competitive programs. In FY2017/2018 total amount available statewide is $200M and distribution is 50/50 for both formulaic and competitive programs. The formulaic program share distributions for the Local Partnership Program were presented at the CTC meeting in December 6-7, 2017. During the meeting the CTC Commission took action and approved the distribution of funds for the formulaic portion, the funding share for Imperial County in FY2017/2018 is $538,000. For FY2017/2018, no projects were submitted for the formulaic program and funds will be rolled over to FY2018/2019.

23) **Partnerships with IVEDC:**

   a) **Southern Border Broadband Consortium (SBBC):** For FY 2020/2021, SBBC continues to work with local stakeholders to identify, prioritize and advance broadband infrastructure and improvement projects; facilitate and promote broadband education community wide using survey data; work with the Boys and Girls Club of IV and the Workforce Development Board to create Digital Literacy Centers throughout Imperial County; and develop a preferred scenario for 98% deployment in Imperial County and present to the California Advanced Service Fund and the CPUC in 2020. Recent updates to SBBC’s role in the region include a partnership with local healthcare organizations including ECRMC, Pioneers Hospital and Alliance Healthcare to identify telemedicine broadband needs and funding opportunities in Imperial County; working with the California Emerging Technology Fund and the Inland Empire Regional Broadband Consortium as part of a SCAG project to identify transportation broadband strategies to reduce VMT and greenhouse emissions; and working with local internet services providers including AT&T to assist successful applications for funding opportunities with the CPUC in locations such as north County, central Imperial and the Imperial Business Park by end of July 2020.
b) **The Brawley Transit Corridor Brownfield Assessment**: ICTC in partnership with IVEDC received a U.S. Environmental Protection Agency (EPA) Brownfields Communitywide Assessment Grant award of $300,000 from the Environmental Protection Agency’s Brownfields Assessment Program. This assessment will be focused along the transit circulator route within the 13-mile Imperial Valley Transit’s (IVTs) Brawley Gold Line Transit Route and the Brawley Transit Center that serves as the IVTs North Imperial County transfer terminal. The commercial corridors in the target assessment area include over 100 known commercial properties and suspected historical gas station sites with known or suspected underground tanks in the target area. ICTC will be the fiscal agent and has developed an MOU which will define roles and responsibilities (Audits, Administration and Project Management) or ICTC and IVEDC. SCS Engineers have initiated early Tasks that include the Quality Assurance Project Plan (QAPP) and project management plan as required by EPA.

1. **The Finnell Property** has 3 parcels. It received DTSC approval on March 8, 2019. Phase 1 and Phase 2 reports have been finalized and 3 underground storage tanks have been excavated and disposed of no further action is required.
2. **The Chai Property** has 2 parcels. It received DTSC approval on March 28, 2019. Phase 1 report completion occurred on October 15, 2019 and no further action is required.
3. **The Lesicka Property** has 2 parcels. It received DTSC approval on August 29, 2019 and Phase 1 and Phase 2 reports have been finalized and no further action is required.
4. **The Dek Property** has 1 parcel. It received DTSC approval on April 22, 2020. Phase 1 was improperly completed by a previous engineering firm. 95% of the re-development was completed when the contractor discovered concerning amounts of underground contamination on site. We stepped in and completed a phase 2 and we are currently assessing the situation while collecting additional soil samples and pending laboratory results.
5. **The Pioneers Property** has 3 parcels. It received DTSC approval on May 11, 2020. Phase 1’s were completed on all parcels. 1 parcel which is the site of a former Chevron station closed on 1975 will require a phase 2. The Field Sampling Plan was approved and is underway.

24) **California-Baja California Binational Region**: A Fresh Look at Impacts of Border Delays: Building upon previous Caltrans, SANDAG, and ICTC studies, this project will refine the economic models developed to assess economic impacts of delays at the land ports of entry (POEs) between the San Diego and Imperial Counties region and Baja California, Mexico, on the border region economies. It will also estimate greenhouse gas (GHG) emissions of passenger and commercial vehicles due to northbound and southbound border delays at the six California POEs and propose strategies to reduce GHG emissions at the border region. Lastly, extensive outreach to government agencies, local border communities, and private sector stakeholders was conducted. A final report is scheduled to be completed in the spring of 2020.

25) **Meetings attended on behalf of ICTC:**

State and Federal funding Obligations: Beginning October 1, 2019, agencies are allowed to move forward with request for authorization (RFA) for Congestion Mitigation Air Quality (CMAQ), Surface Transportation Block Grant Program (STBG) and Active Transportation Program (ATP) programmed in FY 2020/2021.
Memorandum

Date: September 9th, 2020

To: ICTC City Managers Committee Meeting

From: David Salgado, Regional Affairs Officer (RAO)

Re: Southern California Association of Government’s (SCAG) Report

The following is a summary of the SCAG Executive Director’s Report and/or Federal and State Legislature Staff Report for the Imperial County Transportation Commission’s City Managers meeting for the month of September 2020.

1. **2020 SCAG Sustainable Communities Program (SCP) Grant Program:** SCAG has approved the 2020 SCP grant guidelines. The FY 2020/2021 program will fund projects in the following areas that support and implement the policies and initiatives of the 2020 Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS), Connect SoCal: Active Transportation & Safety; Housing and Sustainability; Smart Cities, Mobility Innovation & Transportation Demand Management; and Green Region. The first Call prioritizes Active Transportation & Safety projects, and the second Call prioritizes efforts to increase housing production. More details and guidelines for subsequent supplemental Calls will be released as they become available.

   Staff will promptly issue a Call for Applications for the Active Transportation & Safety Supplement, subject to authorization of the SCP guidelines by the Regional Council on September 3, 2020. Active Transportation & Safety applications will be due to SCAG by 5 p.m. on November 13, 2020, and staff will conduct a workshop at least one month before this due date in order to answer questions and foster SCP program understanding. There are currently 2 workshops scheduled for October 7th and 21st, 2020. Approval of application rankings will be sought from the Regional Council in May 2021, and individual project initiation schedules will be developed promptly thereafter.

2. **Connect SOCAL Approval:** The Regional Council of Southern California Association of Governments (SCAG) on Thursday formally adopted a 25-year plan to meet the mobility needs of one of the most robust population and economic centers in the United States.

   The plan, Connect SoCal, had previously been approved for conformity purposes by the Federal Highway Administration (FHWA). With Thursday’s action, the 2020-2045 Regional Transportation Plan/Sustainable Communities Strategy provides a roadmap for sensible ways to expand transportation options,
improve air quality and bolster Southern California’s long-term economic viability. The press release is attached to the back up for this agenda for your reference.

3. **GO HUMAN CAMPAIGN RE-LAUNCHES In August!!** SCAG's Go Human program re-launched its advertising campaign with new messaging to encourage drivers to slow down and watch for people walking. Residents across the region saw ads on billboards, gas pump toppers, and social and digital platforms, reaching 280 million impressions. The advertising campaign is just one of many strategies to support safety across the region, which also include a Safe Driver Twitter chat that was held on August 27. SCAG has also developed a Safe Driver Pledge that asks individuals to practice safe driving practices that create safe streets for vulnerable users, particularly those who walk and bike.

4. **2020 Local Early Action Planning Grant (LEAP) Program:** The Local Early Action Planning (LEAP) grant program’s deadline has been extended to January 31, 2021! You still have time to apply! **Jurisdictions who did not apply:** For cities and counties that were not able to meet the July 1, 2020 deadline, you still have more time! You now have until January 31, 2021, to apply for LEAP funding. Remember, LEAP funding is non-competitive, flexible funding to help cities and counties plan for housing in their communities. **Jurisdictions who did apply:** If you have already applied for the LEAP program, you can still make modifications and adjustments to your application. HCD can make adjustments to the application during the review process or even after awards. HCD has dedicated an individual to assist cities in Imperial County. **Sample eligible projects include but are not limited to:**
   - Rezoning and encouraging development through updating ordinances and plans
   - Establishing Prohousing policies
   - CEQA
   - Updating housing elements
   - Updating ordinances to comply with state housing laws (e.g. ADU ordinances)
   - Developing specific plans and other plans focused on housing
   - Implementing processes that streamline the application process for housing developments
   - and much more!

   For technical assistance such as help with brainstorming eligible activities, reviewing draft applications, adjusting existing applications, and answering questions, please contact me or earlyactionplanning@hcd.ca.gov.

5. **SCAG Aerial Imagery Project 2020 Update:** After numerous meetings to discuss the potential for SCAG to facilitate a new Aerial Imagery flyover project, the County of Imperial has agreed to facilitate a procurement process. This will allow for more funds to be applied to the project to support the procurement. SCAG has set aside $250,000 for the project and will increase the support by $50,000 for a total of $300,000. It’s anticipated that once the procurement is completed there will be an opportunity to develop a cost share model moving forward. The County of Imperial has worked to identify some areas of savings (resolutions and coverage areas) which should help to reduce participants share of the overall project cost.
CONNECT SOCAL UPDATE

On May 7, the Regional Council approved Connect SoCal (2020-2045 Regional Transportation Plan/Sustainable Communities Strategy) for federal transportation conformity purposes, certified the Connect SoCal program environmental impact report (PEIR), and delayed for up to 120 days approval of the plan for other purposes primarily due to the COVID-19 pandemic. As part of this action, the Regional Council directed SCAG staff to conduct outreach to jurisdictions to confirm general plan and entitlement information in the Connect SoCal growth forecast. Six jurisdictions requested revisions along these lines and SCAG confirmed those revisions in August. SCAG also shared an update with local city managers and county administrators on revisions to the Connect SoCal growth forecast and updated a broad group of stakeholders on COVID-19 related outreach in preparation for consideration of Connect SoCal for full adoption by the Regional Council at its meeting scheduled for September 3.

During the 120-day delay, SCAG staff further engaged with stakeholders to clarify the constraints of SCAG’s Tier 2 transportation analysis zone (TAZ)-level growth forecast (used for Connect SoCal modeling purposes). As a result of these discussions, SCAG clarified the Connect SoCal Growth Forecast Guiding Principles as reflected in the September 3 meeting agendas for the joint meeting of the policy committees (JPC) and the Regional Council. The Connect SoCal staff report and resolution for consideration by the Regional Council elaborate on the non-binding, advisory nature of this dataset and clarify the limits of SCAG’s authority with respect to the use of TAZ-level data.

The timely approval of Connect SoCal in its entirety will enable SCAG staff to proceed with the distribution of the draft Regional Housing Needs Assessment (RHNA) allocations to local jurisdictions and submit Connect SoCal to the California Air Resources Board for confirmation that the plan will meet per capita greenhouse gas (GHG) reductions targets if implemented, thereby ensuring the region’s eligibility and competitiveness for roughly $1.4 billion requested from state transportation funding programs. Approval of Connect SoCal will also enable staff to proceed with implementing activities designed to support pandemic recovery efforts as further outlined in the Connect SoCal Implementation Strategy, which has been provided to policy committee members and the Regional Council as a separate report in the September 3 meeting agendas. The final plan aims to address the prior May 7 direction of the Regional Council and secure full adoption of the plan in its entirety.

As part of the September 3 Connect SoCal staff report for consideration by the JPC and Regional Council, staff is also recommending adoption of an addendum to the Connect SoCal PEIR, which evaluates technical refinements for Connect SoCal and addresses two comment letters from the Center of Biological Diversity (CBD) received on May 1 and May 6, respectively, wherein the CBD requested expanded background information related to the PEIR environmental setting, environmental impacts, and consideration of other mitigation measures. While SCAG is not obligated to respond to late comments (as the public review period occurred from December 9, 2019 to January 24, 2020), in the interest of providing as much information to the public as possible, SCAG has addressed the CBD’s comments and incorporated additional information in the Connect SoCal PEIR addendum.

SCAG HOSTS TWO-DAY VIRTUAL WORKSHOP IN SUPPORT OF LOCAL HOUSING ELEMENT UPDATES

SCAG hosted a two-day virtual workshop—one session on August 20 and the other on August 27—that provided local governments and other stakeholders in the SCAG region with information and resources to support their 6th Cycle RHNA housing element updates. The workshop served as a stepping stone to begin the conversation, as well as emphasize SCAG’s role as a resource for housing element updates supported in part by the Regional Early Action Planning (REAP) program. SCAG was joined by staff from both the California Department of Housing and Community Development (HCD) and the Governor’s Office of Planning and Research (OPR) to present new legislation relating to housing element compliance and the safety elements and environmental justice components of general plan updates.
Speakers from HCD and SCAG provided an in-depth summary of the available and planned technical assistance for housing element updates. The workshop also featured information on determining accessory dwelling unit capacity and affordability, site inventory strategies, best practices, and lessons learned from veterans preparing past housing element updates. With over 300 attendees, many key stakeholders were engaged in the briefings of legislative and technical requirements of the housing element updates. Attendees included representatives of local government, consultants, housing advocates, and residents. Please visit the SCAG website for more information and resources.

**SCAG TO PARTNER WITH MSRC FOR LAST MILE FREIGHT PROJECT COMMERCIAL DEPLOYMENT**

At the August 20 Mobile Source Air Pollution Reduction Review Committee (MSRC) Board meeting, the MSRC Board unanimously approved a statement of work contract proposed by SCAG for $10 million in grant funds to implement Phase 1 of the Last Mile Freight Project Commercial Deployment. SCAG will partner with the MSRC, serving as the implementor of the Last Mile Freight Project Commercial Deployment through a sole-source contract. SCAG has developed a two-phased approach for the Last Mile Freight Project Commercial Deployment

- **Phase 1:** Establish a call-for-projects process, focusing on the procurement and commercial deployment of zero-emission (ZE) or near-zero emission (NZE) heavy- and/or medium-duty on-road trucks (can include ZE/NZE equipment and supporting infrastructure).
- **Phase 2:** Conduct robust outreach to expand Phase 1 projects and coordinate with both public and private sector stakeholders to deploy broader innovative technologies currently being demonstrated by leading last mile delivery companies, particularly in e-commerce use-cases.

The project’s Phase 1 commercial deployment will align with Connect SoCal’s key connections including accelerated electrification through ZE vehicles, equipment, and supporting infrastructure. The last mile component is a crucial and growing area of focus with the increasing purchase of goods by consumers through e-commerce, especially as e-commerce growth has accelerated from COVID-19-related impacts. As part of the initial step of this project, SCAG will develop and present the program guidelines for approval in the upcoming months.

**GO HUMAN CAMPAIGN RE-LAUNCHES**

In August, SCAG’s *Go Human* program re-launched its advertising campaign with new messaging to encourage drivers to slow down and watch for people walking. Residents across the region saw ads on billboards, gas pump toppers, and social and digital platforms, reaching 280 million impressions. The advertising campaign is just one of many strategies to support safety across the region, which also include a Safe Driver Twitter chat that was held on August 27. SCAG has also developed a Safe Driver Pledge that asks individuals to practice safe driving practices that create safe streets for vulnerable users, particularly those who walk and bike.

**2020–2021 SUSTAINABLE COMMUNITIES PROGRAM FUNDING OPPORTUNITY TO LAUNCH IN SEPTEMBER**

In early September, SCAG will launch the 2020-2021 Sustainable Communities Program funding opportunity to provide technical assistance and resources to local jurisdictions in support of local sustainability and active transportation planning efforts and the implementation of Connect SoCal. The first call for applications will focus on active transportation and safety projects with another three calls for projects to be announced in the future. To date, SCAG’s grant programs in support of these efforts have surpassed $43.4 million in total funding through the Compass Blueprint program ($22 million), 2016 Sustainability Planning Grants Call for Proposals ($12.8 million), and the 2018-2019 Sustainable Communities Program funding opportunity ($8.6 million). Please visit the 2020-2021 Sustainable Communities Program page for further details.
GO HUMAN MINI-GRANT ACTIVITIES UNDERWAY

A total of 28 Go Human Safety Mini-Grant projects from across the SCAG region are now underway. Awarded projects span a wide range of activities that are centered on the mobility and transportation needs of those most impacted by COVID-19, including a storytelling radio series focusing on transit, virtual workshops for youth, free bike match and repair for essential workers and families, and co-creation of community resilience and safety resources, among many other creative and impactful projects. More than $200,000 was awarded to community-based organizations across the region. Please visit the SCAG Go Human blog for more information about the Mini-Grants program and other upcoming projects and events.

SCAG RELEASES PRE-CERTIFIED LOCAL HOUSING DATA TO HELP JURISDICTIONS WITH HOUSING ELEMENT UPDATES

In collaboration with HCD, SCAG has developed a housing needs data package for each local jurisdiction. This data will provide an important tool to save costs and time in updating housing elements for all local jurisdictions in the region. To comply with state housing law, jurisdictions within California must update their housing element every eight years. The data has been pre-certified by HCD to satisfy nearly all statutory requirements for quantification of a local jurisdiction’s housing needs and are available as complete reports as well as in raw format. SCAG is continuing to develop innovative methods of technical assistance to help local jurisdictions with their 6th Cycle RHNA housing element updates, including working with HCD to streamline the review process.

SCAG PARTNERS WITH LOCAL COMMUNITY GROUP IN LONG BEACH ON IMPACT OF COVID-19 ON TRANSPORTATION FOR SENIORS AND OTHERS

On August 13, Long Beach Grey Panthers, in partnership with SCAG, hosted “Seniors Move,” a virtual conversation about COVID-19’s impact on transportation for seniors and other vulnerable populations in Long Beach. SCAG President Rex Richardson kicked off the panel with opening remarks and Myron Wollin, President of Long Beach Grey Panthers along with Long Beach Councilmember Mary Zendejas facilitated the conversation between panelists Mike Gold (Long Beach Transit), KeAndra Cylear Dodds (LA Metro), Mariham Iskander (LGBTQ Center Long Beach), and Dr. Dean Toji (CSU Long Beach). The panel discussed the unique vulnerabilities of the elderly community in Long Beach, with a focus on the LGBTQ community. Existing challenges in reaching and providing services to vulnerable members of the Long Beach community have been exacerbated by the COVID-19 pandemic, particularly due to barriers in disseminating critical information to transit users on service changes and safety for seniors. The conversation aired live on the Long Beach Grey Panthers Facebook page.

This event was the first in a series of engagements hosted by community-based organizations (CBO) examining the path to an equitable recovery of the transportation system, supported by SCAG’s Mobility Innovation and Pricing project. This initiative aims to provide a forum for a shared learning experience with community members to better understand the travel patterns and needs of underrepresented communities throughout the region. Each of these events will be planned and hosted by CBOs to focus on the needs and lived experiences of their community members. Supporting the participation of underrepresented communities in the planning process can build the foundation for equitable implementation of future innovative transportation planning and programs, both through COVID-19 recovery and beyond.

SCAG HOSTS WEBINAR ON RESETTING THE ECONOMIC DEVELOPMENT TABLE AFTER THE COVID-19 SLOWDOWN

On July 23, SCAG hosted a webinar with Kosmont Companies discussing the potential local financing implications of the COVID-19 pandemic for local governments. This session was attended by roughly 100 stakeholders from local jurisdictions and other groups and featured projections of transient occupancy tax and sales tax revenue, as well as information on funding and financing programs that can support accelerated revitalization of retail properties and hotel sites with a focus on retrofitting larger shopping center sites that experienced COVID-19 induced vacancies from tenants forced to close who will not likely reopen. The webinar is available for viewing online.
TOOLBOX TUESDAY TRAINING FOCUSES ON GREEN REGION INITIATIVE SUSTAINABILITY INDICATORS MAP

On July 21, SCAG hosted a Toolbox Tuesday webinar, “Measuring the Region’s Progress with the Green Region Initiative Sustainability Indicators Map,” which provided an overview of the map tool that will help jurisdictions within the SCAG region measure and track sustainability progress across 11 categories and 28 sustainability indicators. In addition, the training covered how the map tool can be used to apply for grants as well as track sustainability progress and best practices in Southern California. A recording of the webinar, as well as materials from the training session, are available on the SCAG website.

FEDERAL TRANSPORTATION IMPROVEMENT PROGRAM UPDATES

Between July 10 and August 21, SCAG’s Federal Transportation Improvement Program (FTIP) team processed two Regular Amendments and two Administrative Modifications for our county transportation commissions in order to obligate federal funds prior to the end of the federal fiscal year. At the same time, staff processed 12 Federal Transit Administration (FTA) Grant Concurrences and assisted transit operators to obligate their FTA grants. Staff also issued the FY 2020, 3rd Quarter Section 5307 Balance Reports for the 6 urbanized areas: LA-Long Beach-Anaheim, Riverside-San Bernardino, Temecula, Santa Clarita, Lancaster-Palmdale and Murrieta-Temecula-Menifee. The FTIP is critical to the delivery of a wide variety of transportation projects across the region such as highway improvements, transit, rail and bus facilities, high occupancy vehicle (HOV) lanes, high occupancy toll (HOT) lanes, signal synchronization, intersection improvements, freeway ramps, non-motorized projects, and bicycle- and pedestrian-related improvements.

SCAG TDM STRATEGIC PLAN RECEIVES NATIONAL AWARD

On August 5, SCAG received the Association for Commuter Transportation National Award for Excellence in Planning for its Transportation Demand Management (TDM) Strategic Plan. The TDM Strategic Plan was developed with the guidance of TDM experts at the local and regional levels from both public and private sectors. It identifies goals, objectives and performance measures to help shape TDM-related planning and policy, with a focus on improving air quality, public health, and quality of life through improved mobility, access to alternative modes, and information sharing. The exploration of existing conditions, international best practices, and the future of mobility helped establish recommendations for addressing the challenges in TDM implementation across the region. The TDM Strategic Plan is a critical component of Connect SoCal and SCAG is currently advancing several planning studies to implement priority recommendations. The final report is available on the SCAG website.

SCAG HONORED WITH STATE-WIDE AWARD FOR PUBLIC OUTREACH ON CLIMATE CHANGE

The California Chapter of the American Planning Association selected SCAG as the 2020 Excellence Award Winner for Public Outreach for SCAG’s “Climate Talks” climate adaptation community outreach events. During these events, the public was invited to walk through an immersive Climate Talks pop-up box that depicted different communication strategies to help residents understand the impact and potential real-life consequences of climate change. This work is part of the Regional Climate Adaptation Framework, which is currently in development and will include tools for local governments and community-based organizations to address climate resiliency and reduce the harms from climate change-related hazards like wildfires, sea-level rise, extreme heat, and flood risks.

SCAG STAFF RECEIVES ZEVe AWARD FROM STATE

In July, SCAG staff member, Joseph Cryer, was recognized by the Governor’s Office of Business Development (GO-Biz) with a ZEVe Award for his work supporting ZEV infrastructure. The ZEVe Award honors ZEV champions throughout the state for their leadership and dedication to improving the ZEV infrastructure approval process. Joseph is a co-lead of SCAG’s accelerated electrification strategy, one of the Key Connections defined in Connect SoCal for implementing the Plan and creating a more sustainable region. This fall, SCAG will kick off a study and public outreach campaign to help drive the growth of electric vehicle charging in the region.
SCAG LAPTOP REFRESH COMPLETED

Despite extended teleworking conditions, SCAG’s Information Technology (IT) department successfully completed an agency-wide laptop upgrade project, which included remote distribution, migration of data, and setup and support for all SCAG staff. The new laptops, approved in February 2020, replace outdated and unreliable hardware by providing staff with updated computing capabilities to support the agency’s work.

GO HUMAN DEMONSTRATION PROJECT LEADS TO MAKEOVER OF SAN PABLO AVENUE IN PALM DESERT

In May 2016, SCAG’s Go Human campaign supported a two-week demonstration project in downtown Palm Desert called “Vision San Pablo,” which provided residents with a preview of proposed changes to San Pablo Avenue and an opportunity to give feedback on the proposed changes and designs. In August of this year, after one year of construction, San Pablo Avenue in Palm Desert has been reconfigured with improved crosswalks, bike lanes, pocket parks, and landscaping, to complete Phase 1 of the makeover. Congratulations to Palm Desert on their efforts to go human!
The following is the California Department of Transportation, District 11 report for the Imperial County Transportation Commission (ICTC) Management Committee meeting of September 9, 2020:

1. Project Updates:

Please see map at end of report for project level detail.

2. Construction:

I-8/Imperial Avenue Interchange

The project will include installing two ramps that will provide direct access to southbound Imperial Avenue which will provide connectivity to the south portion of El Centro. These improvements will complement the City of El Centro’s plans for future development.

Project construction signs were posted in late April with earth moving work beginning May 5 for two months behind concrete barriers. Caltrans issued a virtual groundbreaking media event June 10, 2020, with video clips from California State Transportation Agency (CalSTA) Secretary David S. Kim; Caltrans Director Toks Omishakin; District II Director Gustavo Dallarda, Imperial County Transportation Commission (ICTC)
Construction (continued):

Chairman George A. Nava, City of El Centro Mayor Efrain Silva and others to alert the community about the project and Stage 1 closures on July 6, 2020. The eastbound I-8/Imperial Avenue on- and off-ramps will be closed eight to ten months beginning July 6. The interchange will be fully closed one or two nights the week of July 20 for bridge demolition and removal.

Print ads were placed in the Imperial Valley Press, the Adelante Valle (Spanish), The Imperial Valley Review, the Holtville Tribune and the Desert Review along with Radio spots in KXO Radio and Power 98/98.3 (Spanish) between June 26 and July 5.

A mailer was sent to 4,000 El Centro residents the week of June 29 with closure and detour information.

Additional outreach to businesses in and near the construction zone will continue as needed to keep them informed about project details and impacts.

Informational materials are available at:

https://dot.ca.gov/caltrans-near-me/district-11/current-projects/i8-imp-interchange

The project will be open to traffic in mid-2022, with plant establishment and close out work continuing through 2023.

For new project level details, please contact Jose Ornelas, Imperial Valley Coordinator, jose.ornelas@dot.ca.gov or by phone at 619-208-1104.

SR-98 Widening Project

In the City of Calexico, from Ollie to Rockwood, SR98 will be widened from four to six lanes. Due to delays in contract award it is now anticipated that construction will begin in April 2021.

3. Traffic Operations:

SR-86/Customs & Border Protection Checkpoint Expansion

Caltrans recently received information that the project description and parameters are being further analyzed. A full project update will be provided as soon as it is available.
Traffic Operations (continued):

SR-86/Westmorland School Crossing Improvements

Caltrans has recently completed the installation of signage and pavement treatments for the pedestrian crossing at the intersection of SR-86 and C Street in Westmorland.
4. Planning:

El Centro Land Use, Mobility Element and Environmental Justice Update:

The City of El Centro was successful in obtaining a Sustainable Communities Planning Grant from Caltrans which will address such topics as reducing suburban sprawl and vehicle dependency, and encouraging multimodal activity. The updated Plan will embrace key planning principles and goals such as GHG emission reduction targets, provide consistency with the Southern California Association of Governments (SCAG) Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS), provide improvements to public health, reduce vehicle miles traveled (VMT), and seek improvements to transportation technology as well as to incorporate Active Transportation Planning goals.

This contract was awarded to Chen Ryan and City Place Planning. The kick-off meeting was held on August 20, 2019 and the contract is expected to be complete in early 2021.

District 11 Active Transportation Plan:

Caltrans District 11 is developing an Active Transportation Plan for San Diego and Imperial Counties. This plan will include an existing conditions analysis and a prioritized list of identified bicycle and pedestrian needs on and around the State Highway System.

Input from regional and local partner agencies and local advocates is essential to the development of this plan. Caltrans encourages our partner agencies to participate in the Active Transportation Plan Working Group (ATPWG). Your agency’s involvement will ensure Caltrans has an accurate inventory of existing conditions as well as planned and necessary active transportation improvements.

Further outreach will occur at future TAC meetings and through non-traditional methods such as social media and virtual meetings.

Border Master Plan:

The BMP is a comprehensive, binational approach to coordinate the planning and delivery of international land ports of entry (POEs) and their transportation infrastructure projects.

The first BMP, completed in 2008, formalized the binational dialogue between the United States and Mexico and established a structure for the BMP process. The 2014 BMP refreshed previous efforts, reprioritizing projects and developing a framework for transportation project sensitivity analysis. Building upon the efforts of the previous two BMPs, the 2021 BMP will broaden outreach activities to gain new insights on border issues, assess current border conditions, determine the status of border transportation projects, and identify new border improvement strategies. A critical component to the success of the BMP is the active participation of local, regional, state, and federal agencies from the United States and Mexico. More than 30 agencies from both sides of the border participate in this process.
Planning (Continued):

During the summer of 2020, the following items were accomplished:

- Two stakeholder surveys
- Two workshops:
- Next steps: Finalize Port of Entry profiles and existing conditions report, develop a draft report on innovative ideas which will be presented at the next Technical Working Group meeting scheduled for September 10, 2020.

6. Upcoming Projects:

For 2020, there are two projects that have been confirmed in the Caltrans Project Delivery Plan in Imperial County. They are:

- Widening on SR-98 from Ollie to Rockwood.
- Upgrade curve warning signs along various routes.

7. Local Assistance:

Summer 2020 Deadline: Active Transportation Program (ATP) Cycle 5 Call for Projects:

The California Transportation Commission (CTC) call for ATP projects began March 25, 2020. The extended deadline was July 15, 2020, for “Quick-Build” ATP projects. September 15, 2020 is the new deadline for all other ATP project types.

The following link provides all available details, including the revised schedule.

Although financing projects statewide, the ATP is oversubscribed and cannot meet all needs. This following link opens a list of additional programs that fund active transportation-related projects:

- Under this new Interim Timely Use of Funds Policy, any agencies that need extensions past the December deadline must submit new time extension requests for consideration at the December 2020 CTC meetings.

In addition, per the Interim Timely Use of Funds Policy, projects that received a construction allocation (capital and/or support) at the October 2019, December 2019, or January 2020 Commission meetings:

- The contract award deadline will be revised to allow 12 months to award instead of six months. There is no additional action required by Local Agencies for this extension.

Learn how Value Capture Strategies can help your state and local authorities meet infrastructure investment needs.

Lacking funding, communities across the nation are ill-prepared to meet the crisis of infrastructure investment brought about by deteriorating infrastructure, rapid growth, urbanization, climate change, and many other emergencies. Learn how States and local agencies can pay for investments in transportation infrastructure and other improvements by capturing the future increase in property tax revenues generated from new development and economic activities.

Value Capture strategies can be a reliable and sustainable transportation gap funding tool. These strategies also help local governments achieve a variety of economic development goals, including job creation, growth in property values, and protection of the local tax base.

FHWA’s Value Capture Implementation Team, in partnership with local experts, will conduct a virtual peer exchange on Thursday, September 24, 2020 from 1:00–3:00 p.m. ET.

- Implements new and innovative funding strategies to help pay urban, suburban, and rural public roads as well as spur economic development redevelopment.
- Utilizes economic development tools to attract new or existing businesses to your community.
- Helps local governments in protecting local tax base and create jobs.

**WHAT IS R.O.U.T.E.S.?**

The Rural Opportunities to Use Transportation for Economic Success (R.O.U.T.E.S.) Initiative will address disparities in rural transportation infrastructure in order to tangibly improve safety and economic competitiveness in all parts of the country.

**WHY IS R.O.U.T.E.S. NEEDED?**

Rural transportation networks are critically important for domestic uses and export of agriculture, mining, and energy commodities, as well as the quality of life for all Americans.

Yet rural networks face unique challenges in safety, infrastructure condition, and usage:

- 19% of the nation’s population lives in rural areas but 46% of the nation’s highway fatalities occur on rural roads
- 44% of rural vehicle miles are generated by urban residents traveling to destinations outside their home metro areas
- Nearly half of all truck vehicle-miles-traveled (VMT) occur on rural roads and two-thirds of rail freight originates in rural areas
- 39% of all highway-rail crossing fatalities occur in rural areas, and the highway fatality rate is more than twice that in urban areas
- 80% of America’s poor-condition bridges are in rural areas

DOT has been working to address these needs with efforts such as the new TIFIA credit program’s Rural Project Initiative. DOT plans to review other programs and improve data-driven consideration of rural infrastructure that can address national transportation priorities such as safety, economic competitiveness, and quality of life.
WHAT WILL R.O.U.T.E.S. DO?

R.O.U.T.E.S. will embark on three activities:

1. Collecting input from stakeholders on the benefits rural projects offer for safety and economic outcomes, as well as the type and degree of assistance rural projects require.

2. Providing user-friendly information to rural communities to enhance understanding about DOT’s infrastructure grant options.

3. Improving DOT’s data-driven approaches to better assess needs and benefits of rural transportation infrastructure projects.

The effort will be led by an internal DOT multimodal council that will ensure DOT’s rural efforts are coordinated across its modal administrations.

A. IVRMA FY 2020-21 BUDGET, AMENDMENT #1
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
1503 N. Imperial Ave., Suite 104
El Centro, CA 92243

SUBJECT: IVRMA FY 2020-2021 Budget, Amendment #1

Dear Management Committee:

At the IVRMA board meeting on June 24, 2020, the IVRMA FY 2020-21 budget was approved for a total of $298,847.00. On July 22, 2020, the IVRMA Board took action to modify the population formula used for local agency dues for FY 2020-2021 and subsequent years beyond. For FY 2020-2021, the new formula and modification less the prison inmate population is to only affect the City of Calipatria and the County of Imperial dues for FY 2020-2021, with no additional increase to the remaining agencies fees.

The modification reduced the total member agency dues by $9,158.00 and the overall budget revenues to $289,689.10. The expenditures designated for Professional and Special Services Wages were reduced from $156,503.00 to $147,345.00.

Revenues
Revenues will be decreased by $9,158.00 from membership fees

Expenditures
There will be a reduction of the Professional and Special Services wages from $156,503 to $147,345

The attachment illustrates the requested Budget Amendment.

It is requested that the ICTC Management Committee forward this item to the IVRMA Board for their review and approval after the receipt of public comment, if any:

1. Approve the FY 2020-2021 IVRMA Budget, Amendment #1

Sincerely,

B. COORDINATED PUBLIC TRANSIT—HUMAN SERVICES TRANSPORTATION UPDATE—AWARD RECOMMENDATION
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
1503 N. Imperial Ave Suite 104
El Centro, CA 92243

SUBJECT: Coordinated Public Transit – Human Services Transportation Plan Update – Award Recommendation

Dear Committee Members:

In accordance with the provisions of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), recipients under the Federal Transit Administration (FTA) Sections 5310 amongst other federal programs. Public transit agencies must comply with all federal coordinated planning requirements to be eligible for available funds. The reauthorization stipulates that projects selected for funding under these specified programs must be derived from a locally coordinated, public transit-human services transportation plan (Coordinated Plan).

The update to the Coordinated Plan will include a reassessment of all available public and private transportation services in Imperial County, a reassessment of public and social services transportation needs, development of strategies and/or activities to address gaps in service, identification of coordination actions to eliminate or reduce duplication in services where they exist, and a prioritization of implementation strategies.

ICTC staff recently completed a competitive bid via a Request for Proposals (RFP) process to acquire the services of a qualified consulting team to complete the Coordinated Public Transit – Human Services Transportation Plan Update. The RFP was circulated to various professional service firms who have experience completing similar work for other agencies.

A total of one (1) consultant submitted a response to ICTC’s RFP. The consultant that submitted a response was Moore and Associates. As a result of only having one submittal, ICTC conducted a review of the consultant’s response and deemed it responsive. Amongst the items reviewed to determine responsiveness, ICTC staff reviewed technical experience, proposed methodology and approach to work; project team and staff qualifications; price and a comparison to available budget; and completeness of response and references.
Moore and Associates has experience working with ICTC on previous projects, as the firm recently completed ICTC’s TDA Triennial Performance Audit. Moore and Associates will be utilizing its Valencia office. Moore and Associates will utilize the services of a DBE located in the San Diego area to assist with Bilingual services.

A budget of $75,000 was identified and approved in the ICTC FY 2020-21 OWP and budget (7416001-525010).

The original procurement documents; RFP and consultant response proposals; and, all contract exhibits referenced in the contract document are available for review at the ICTC administrative offices by request.

It is requested that Management Committee recommend that the Commission review and approve after public comment, if any:

1. Approve the award of the Agreement for the Coordinated Public Transit – Human Services Transportation Plan Update to Moore and Associates in the amount of $74,293.46.
2. Authorize the Chairperson to sign the agreement.

Sincerely,

MARK BAZA
Executive Director

9.2. Program scheduling shall be as described in Exhibit "A" unless revisions to Exhibit "A" are approved by both ICTC and CONSULTANT’s Contract Manager. Time extensions may be allowed for delays caused by ICTC, other governmental agencies, or factors not directly brought about by the negligence or lack of due care on the part of CONSULTANT.

10. **SUSPENSION OF AGREEMENT.**

ICTC shall have the authority to suspend this Agreement, wholly or in part, for such period as deemed necessary due to unfavorable conditions or to the failure on the part of CONSULTANT to perform any provision of this Agreement. CONSULTANT will be paid the compensation due and payable to the date of suspension.

11. **SUSPENSION AND/OR TERMINATION.**

11.1. ICTC retains the right to terminate this Agreement for any reason by notifying
CONSULTANT in writing seven (7) days prior to termination and by paying the compensation due and payable to the date of termination; provided, however, if this Agreement is terminated for fault of CONSULTANT, ICTC shall be obligated to compensate CONSULTANT only for that portion of CONSULTANT’s services which have been performed in accordance with the terms and conditions of this Agreement. Said compensation is to be arrived at by mutual agreement between ICTC and CONSULTANT; should the Parties fail to agree on said compensation, an independent arbitrator shall be appointed and the decision of the arbitrator shall be binding upon the Parties.

11.2. Upon such termination, CONSULTANT shall immediately turn over to ICTC any and all copies of videotapes, studies, sketches, drawings, computations and other data, whether or not completed, prepared by CONSULTANT in connection with this Agreement. Such materials shall become the permanent property of ICTC.

12. INSPECTION.

CONSULTANT shall furnish ICTC with every reasonable opportunity for ICTC to ascertain that the services of CONSULTANT are being performed in accordance with the requirements and intentions of this Agreement. All work done and materials furnished, if any, shall be subject to ICTC’s inspection and approval. The inspection of such work shall not relieve CONSULTANT of any of its obligations to fulfill its Agreement as prescribed.

13. OWNERSHIP OF MATERIALS.

All original drawings, videotapes and other materials prepared by or in possession of CONSULTANT pursuant to this Agreement shall become the permanent property of ICTC and shall be delivered to ICTC upon demand.

14. INTEREST OF CONSULTANT.

14.1. CONSULTANT covenants that it presently has no interest, and shall not acquire any interest, direct or indirect, financial or otherwise, which would conflict in any manner or degree with the performance of the services hereunder.

14.2. CONSULTANT covenants that, in the performance of this Agreement, no sub-contractor or person having such an interest shall be employed.
14.3. CONSULTANT certifies that no one who has or will have any financial interest pursuant to this Agreement is an officer or employee of ICTC.

15. INDEMNIFICATION.

A. Indemnity for Professional Services. To the furthest extent allowed by law, Consultant shall indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of Consultant, its principals, officers, employees, agents or volunteers in the performance of professional services under this Agreement.

B. Other Indemnities. Other than in the performance of professional services, and to the fullest extent allowed by law, Consultant shall indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Consultant's obligations under the preceding sentence shall apply regardless of whether ICTC or any of its members, board members, officers, officials, employees, agents or volunteers are negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the gross negligence, or caused by the willful misconduct, of ICTC, or any of its members, board members, officers, officials, employees, agents or volunteers.

C. If Consultant should subcontract all or any portion of the services to be performed under this Agreement, Consultant shall require each subcontractor to indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraphs.

or obligate ICTC in any way without the written consent of ICTC.
17. **INSURANCE.**

Throughout the life of this Agreement, Consultant shall pay for and maintain in full force and effect all policies of insurance required hereunder with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated not less than "A- VII" in Best's Insurance Rating Guide, or (ii) as may be authorized in writing by ICTC’s Executive Director or his/her designee at any time and in his/her sole discretion. The following policies of insurance are required:

(i) **COMMERCIAL GENERAL LIABILITY** insurance which shall be at least as broad as the most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01 and include insurance for “bodily injury,” “property damage” and “personal and advertising injury” with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability of not less than the following:

(iv) **EMPLOYERS’ LIABILITY** insurance with limits of liability of not less than $1,000,000 each accident, $1,000,000 disease policy limit and $1,000,000 disease each employee.

(v) **PROFESSIONAL LIABILITY (Errors and Omissions)** insurance appropriate to Consultant’s profession, with limits of liability of $2,000,000 per claim/occurrence and $2,000,000 policy aggregate.
In the event Consultant purchases an Umbrella or Excess insurance policy(ies) to meet the minimum limits of insurance set forth above, this insurance policy(ies) shall “follow form” and afford no less coverage than the primary insurance policy(ies).

Consultant shall be responsible for payment of any deductibles contained in any insurance policies required hereunder and Consultant shall also be responsible for payment of any self-insured retentions. Any deductibles or self-insured retentions must be declared to, and approved by, the ICTC’s Executive Director or his/her designee in his/her sole discretion. At the option of the ICTC’s Executive Director or his/her designee, either (i) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects ICTC, its members, board members, officers, officials, employees and agents; or (ii) Consultant shall provide a financial guarantee, satisfactory to the ICTC’s Executive Director or his/her designee in his/her sole discretion, guaranteeing payment of losses and related investigations, claim administration and defense expenses. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, Consultant shall furnish ICTC with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for ICTC, Consultant shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

The General Liability and Automobile Liability insurance policies shall be written on an occurrence form. The General Liability (including ongoing operations and completed operations) and Automobile Liability insurance policies shall name ICTC, its members, board members, officers, officials, employees and agents as an additional insured. All such policies of insurance shall be endorsed so Consultant’s insurance shall be primary and no contribution shall be required of ICTC, its members, board members, officers, officials, employees, agents or volunteers. The coverage(s) shall contain no special limitations on the scope of protection afforded to ICTC, its members, board members,
officers, officials, employees and agents. The Workers’ Compensation insurance policy shall contain a waiver of subrogation as to ICTC, its members, board members, officers, employees, agents and volunteers. Should Consultant maintain insurance with broader coverage and/or limits of liability greater than those shown above, ICTC requires and shall be entitled to the broader coverage and/or the higher limits of liability maintained by Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to ICTC.

If the Professional Liability (Errors and Omissions) insurance policy is written on a claims-made coverage form:

(i) The retroactive date must be shown, and must be before the effective date of this Agreement or the commencement of work by Consultant.

(ii) Insurance must be maintained and evidence of insurance must be provided for at least 5 years after completion of the work or termination of the Agreement, whichever first occurs.

(iii) If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement, or work commencement date, Consultant must purchase extended reporting period coverage for a minimum of 5 years after completion of the work or termination of the Agreement, whichever first occurs.

(iv) A copy of the claims reporting requirements must be submitted to ICTC for review.

(v) These requirements shall survive expiration or termination of the Agreement.

Consultant shall furnish ICTC with all certificate(s) and applicable endorsements effecting coverage required hereunder. All certificates and applicable endorsements are to be received and approved by ICTC’s Executive Director or his/her designee in his/her sole discretion prior to ICTC’s execution of the AGREEMENT and before work commences. Upon request of ICTC, Consultant shall immediately furnish ICTC with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.

If at any time during the life of the Agreement or any extension, Consultant or any of its sub-Consultants fail to maintain any required insurance in full force and effect, all work under this
Agreement shall be discontinued immediately, until notice is received by ICTC that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to ICTC. Any failure to maintain the required insurance shall be sufficient cause for ICTC to terminate this Agreement. No action taken by ICTC hereunder shall in any way relieve Consultant of its responsibilities under this Agreement.

The fact that insurance is obtained by Consultant shall not be deemed to release or diminish the liability of Consultant, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify ICTC shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the policy limits do not act as a limitation upon the amount of indemnification to be provided by Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of Consultant, its principals, officers, agents, employees, persons under the supervision of Consultant, vendors, suppliers, invitees, sub-Consultants, or anyone employed directly or indirectly by any of them.

If Consultant should subcontract all or any portion of the services to be performed under this Agreement, Consultant shall require each sub-Consultant to provide insurance protection in favor of ICTC, its members, board members, officers, officials, employees, agents and volunteers in accordance with the terms of each of the preceding paragraphs, except that the sub-Consultant’s certificates and endorsements shall be on file with Consultant and ICTC prior to the commencement of any work by the sub-Consultant.

C. AGREEMENT FOR PROFESSIONAL MAINTENANCE AUDIT REPORTING SERVICES OF THE ICTC TRANSIT OPERATIONS—CALENDER YEARS 2020-2022
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
11503 N. Imperial Ave. Suite 104
El Centro, Ca. 92243

SUBJECT: Agreement for Professional Maintenance Audit Reporting Services of the ICTC Transit Operations – Calendar Years 2020-2022

Dear Committee Members:

Over the past few years, ICTC has taken ownership of sixty-three (63) transit vehicles with an estimated value of approximately $8.5 million dollars. The vehicles are utilized to transport passengers under the contracted services for Imperial Valley Transit, IVT Access for persons with disabilities, IVT RIDE for seniors and persons with disabilities, and IVT MedTrans, the non-emergency transportation to medical facilities in San Diego.

Part of the agreement between ICTC and First Transit (Operator) is that First Transit is to provide maintenance services for all fleet vehicles. Maintenance services includes regular preventative maintenance such as oil changes and similar items in addition to repair services as required for any vehicles in the fleet. First Transit also has dedicated maintenance staff including a maintenance manager that is responsible for the upkeep of the fleet.

After a review of resources and consultation with peer agencies ICTC staff recognized that specialized assistance would be beneficial in the oversight of the maintenance performed on the transit fleet. The work associated would include but not be limited to: fleet inspection; review of safety procedures and policies; reviews of the transit contractor’s preventative maintenance records; maintenance shop operations; fluid samples and, laboratory analysis on an annual basis.

The consultant will also be required to review the existing contractual agreements between ICTC and the operators to determine that contract language is in place to hold the operator accountable for negligence, that contractual definitions of maintenance terms are consistent with industry practices and understood by ICTC staff and the operator staff, that pricing mechanisms are in line with industry practices for parts and maintenance services and that contractor maintenance staffing requirements are sufficient to ensure proper and efficient turnaround for the maintenance of the vehicles.

A competitive bid was completed in August 2020 for a new three-year contract. ICTC received one (1) additional proposal, however, the proposal was deemed non-responsive due to the response being received past the deadline.

The following is a summary of the one qualified proposal:

CITIES OF BRAWLEY, CALEXICO, CALIPATRIA, EL CENTRO, HOLTVILLE, IMPERIAL, WESTMORLAND, IMPERIAL IRRIGATION DISTRICT AND COUNTY OF IMPERIAL
It must be noted that the current four transit operations are under separate contracts, but with one operator, First Transit, Inc. This reduces the physical locations and maintenance systems etc. that must be reviewed by the audit team, thereby reducing the annual cost. Should future competitive bids be conducted for transit services during this three-year period, and additional transit operators be awarded service contracts, a contract modification may be required for additional time and expense.

The proposal from TRC indicated that their project team was focused on delivering the requested services as noted within the contents of the Request for Proposals. TRC’s proposal acknowledged and elaborated on all of the Scope of Work items noted within the Request for Proposals, in addition to the ICTC issued addenda. TRC also displayed the firm’s superior familiarity with transit regulations and transit maintenance operational practices. TRC was also awarded the previous agreement which offers familiarity with our system and operator. In addition, the TRC project team offered value added benefits through their knowledge and experience with larger transit agencies. This included periodic review sessions with ICTC staff on transit maintenance best practices and requirements in the industry for potential improvements in contractual language, and general improvements to ICTC staff’s oversight of transit maintenance.

The project cost sets an annual budget but also contains a fee for future delivery inspection(s) of new vehicles that may be acquired by ICTC during the life of this contract.

Funding for this project has been budgeted in the ICTC FY 20-21 Overall Work Program and Budget/Transit Finance Plan and subsequent years will be budgeted to accommodate the remaining service years.

It is requested that the ICTC Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Authorize the Chairman to sign the agreement for the IVT Transit Maintenance Audit effective October 1, 2020, for the audit period of calendar years 2020, 2021 and 2022, with the firm of TRC Engineering Services, LLC:

   A. For the fiscal reporting period of July 1, 2020 through June 30, 2021, the annual not to exceed fee is set at $16,796
   B. For the fiscal reporting period of July 1, 2021 through June 30, 2022, the annual not to exceed fee is set at $16,796
   C. For the fiscal reporting period of July 1, 2022 through June 30, 2023, the annual not to exceed fee is set at $16,796
   D. For the post-delivery inspection service fee of $860 per event.

Sincerely,

MARK BAZA

    11.1. ICTC retains the right to terminate this Agreement for any reason by notifying
CONSULTANT in writing seven (7) days prior to termination and by paying the compensation due and payable to the date of termination; provided, however, if this Agreement is terminated for fault of CONSULTANT, ICTC shall be obligated to compensate CONSULTANT only for that portion of CONSULTANT’s services which have been performed in accordance with the terms and conditions of this Agreement. Said compensation is to be arrived at by mutual agreement between ICTC and CONSULTANT; should the Parties fail to agree on said compensation, an independent arbitrator shall be appointed and the decision of the arbitrator shall be binding upon the Parties.

11.2. Upon such termination, CONSULTANT shall immediately turn over to ICTC any and all copies of videotapes, studies, sketches, drawings, computations and other data, whether or not completed, prepared by CONSULTANT in connection with this Agreement. Such materials shall become the permanent property of ICTC.

12. **INSPECTION.**

CONSULTANT shall furnish ICTC with every reasonable opportunity for ICTC to ascertain that the services of CONSULTANT are being performed in accordance with the requirements and intentions of this Agreement. All work done and materials furnished, if any, shall be subject to ICTC’s inspection and approval. The inspection of such work shall not relieve CONSULTANT of any of its obligations to fulfill its Agreement as prescribed.

13. **OWNERSHIP OF MATERIALS.**

All original drawings, videotapes and other materials prepared by or in possession of CONSULTANT pursuant to this Agreement shall become the permanent property of ICTC and shall be delivered to ICTC upon demand.

14.2. CONSULTANT covenants that, in the performance of this Agreement, no sub-contractor or person having such an interest shall be employed.
14.3. CONSULTANT certifies that no one who has or will have any financial interest pursuant to this Agreement is an officer or employee of ICTC.

15. INDEMNIFICATION.

A. Indemnity for Professional Services. To the furthest extent allowed by law, Consultant shall indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of Consultant, its principals, officers, employees, agents or volunteers in the performance of professional services under this Agreement.

B. Other Indemnities. Other than in the performance of professional services, and to the fullest extent allowed by law, Consultant shall indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Consultant’s obligations under the preceding sentence shall apply regardless of whether ICTC or any of its members, board members, officers, officials, employees, agents or volunteers are negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused solely by the gross negligence, or caused by the willful misconduct, of ICTC, or any of its members, board members, officers, officials, employees, agents or volunteers.

C. If Consultant should subcontract all or any portion of the services to be performed under this Agreement, Consultant shall require each subcontractor to indemnify, hold harmless and defend ICTC and its members, board members, officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraphs.

D. This section shall survive termination or expiration of this Agreement.
16. **INDEPENDENT CONTRACTOR.**

16.1. CONSULTANT is not an employee or agent of ICTC and is only responsible for the requirements and results specified by this Agreement or any other agreement.

16.2. CONSULTANT shall be responsible to ICTC only for the requirements and results specified by this Agreement and except as specifically provided in this Agreement, shall not be subject to ICTC’s control with respect to the physical actions or activities of CONSULTANT in fulfillment of the requirements of this Agreement.

16.3. CONSULTANT is not, and shall not be, entitled to receive from, or through, ICTC, and ICTC shall not provide, or be obligated to provide, CONSULTANT with Worker’s Compensation coverage or any other type of employment or worker insurance or benefit coverage required or provided by any Federal, State or local law or regulation for, or normally afforded to, an employee of ICTC.

16.4. CONSULTANT shall not be entitled to have ICTC withhold or pay, and ICTC shall not withhold or pay, on behalf of CONSULTANT, any tax or money relating to the Social Security Old Age Pension Program, Social Security Disability Program, or any other type of pension, annuity, or disability program required or provided by any Federal, State or local law or regulation.

16.5. CONSULTANT shall not be entitled to participate in, or receive any benefit from, or make any claim against any ICTC fringe program, including, but not limited to, ICTC’s pension plan, medical and health care plan, dental plan, life insurance plan, or any other type of benefit program, plan, or coverage designated for, provided to, or offered to ICTC’s employee.

16.6. ICTC shall not withhold or pay, on behalf of CONSULTANT, any Federal, State, or local tax, including, but not limited to, any personal income tax, owed by CONSULTANT.

16.7. CONSULTANT is, and at all times during the term of this Agreement, shall represent and conduct itself as an independent contractor, not as an employee of ICTC.

16.8. CONSULTANT shall not have the authority, express or implied, to act on behalf of, bind or obligate ICTC in any way without the written consent of ICTC.
17. INSURANCE.

Throughout the life of this Agreement, Consultant shall pay for and maintain in full force and effect all policies of insurance required hereunder with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated not less than "A- VII" in Best's Insurance Rating Guide, or (ii) as may be authorized in writing by ICTC’s Executive Director or his/her designee at any time and in his/her sole discretion. The following policies of insurance are required:

(i) COMMERCIAL GENERAL LIABILITY insurance which shall be at least as broad as the most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01 and include insurance for “bodily injury,” “property damage” and “personal and advertising injury” with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability of not less than the following:

- $2,000,000 per occurrence for bodily injury and property damage
- $1,000,000 per occurrence for personal and advertising injury
- $4,000,000 aggregate for products and completed operations
- $4,000,000 general aggregate

(ii) COMMERCIAL AUTOMOBILE LIABILITY insurance which shall be at least as broad as the most current version of Insurance Service Office (ISO) Business Auto Coverage Form CA 00 01, and include coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1 - Any Auto) with limits of liability of not less than $2,000,000 per accident for bodily injury and property damage.

(iii) WORKERS’ COMPENSATION insurance as required under the California Labor Code.

(iv) EMPLOYERS’ LIABILITY insurance with limits of liability of not less than $1,000,000 each accident, $1,000,000 disease policy limit and $1,000,000 disease each employee.

(v) PROFESSIONAL LIABILITY (Errors and Omissions) insurance appropriate to Consultant’s profession, with limits of liability of $2,000,000 per claim/occurrence and $2,000,000 policy aggregate.
In the event Consultant purchases an Umbrella or Excess insurance policy(ies) to meet the minimum limits of insurance set forth above, this insurance policy(ies) shall “follow form” and afford no less coverage than the primary insurance policy(ies).

Consultant shall be responsible for payment of any deductibles contained in any insurance policies required hereunder and Consultant shall also be responsible for payment of any self-insured retentions. Any deductibles or self-insured retentions must be declared to, and approved by, the ICTC’s Executive Director or his/her designee in his/her sole discretion. At the option of the ICTC’s Executive Director or his/her designee, either (i) the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects ICTC, its members, board members, officers, officials, employees and agents; or (ii) Consultant shall provide a financial guarantee, satisfactory to the ICTC’s Executive Director or his/her designee in his/her sole discretion, guaranteeing payment of losses and related investigations, claim administration and defense expenses. At no time shall ICTC be responsible for the payment of any deductibles or self-insured retentions.

All policies of insurance required hereunder shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after 30 calendar day written notice has been given to ICTC. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, Consultant shall furnish ICTC with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for ICTC, Consultant shall provide a new certificate, and applicable endorsements, evidencing renewal of such policy not less than 15 calendar days prior to the expiration date of the expiring policy.

The General Liability and Automobile Liability insurance policies shall be written on an occurrence form. The General Liability (including ongoing operations and completed operations) and Automobile Liability insurance policies shall name ICTC, its members, board members, officers, officials, employees and agents as an additional insured. All such policies of insurance shall be endorsed so Consultant’s insurance shall be primary and no contribution shall be required of ICTC, its members, board members, officers, officials, employees, agents or volunteers. The coverage(s) shall contain no special limitations on the scope of protection afforded to ICTC, its members, board members,
officers, officials, employees and agents. The Workers’ Compensation insurance policy shall contain a
waiver of subrogation as to ICTC, its members, board members, officers, employees, agents and
volunteers. Should Consultant maintain insurance with broader coverage and/or limits of liability
greater than those shown above, ICTC requires and shall be entitled to the broader coverage and/or the
higher limits of liability maintained by Consultant. Any available insurance proceeds in excess of the
specified minimum limits of insurance and coverage shall be available to ICTC.

If the Professional Liability (Errors and Omissions) insurance policy is written on a claims-made
coverage form:
(i) The retroactive date must be shown, and must be before the effective date of this Agreement
or the commencement of work by Consultant.
(ii) Insurance must be maintained and evidence of insurance must be provided for at least 5
years after completion of the work or termination of the Agreement, whichever first occurs.
(iii) If coverage is canceled or non-renewed, and not replaced with another claims-made policy
form with a retroactive date prior to the effective date of the Agreement, or work commencement date,
Consultant must purchase extended reporting period coverage for a minimum of 5 years after
completion of the work or termination of the Agreement, whichever first occurs.
(iv) A copy of the claims reporting requirements must be submitted to ICTC for review.
(v) These requirements shall survive expiration or termination of the Agreement.

Consultant shall furnish ICTC with all certificate(s) and applicable endorsements effecting
coverage required hereunder. All certificates and applicable endorsements are to be received and
approved by ICTC’s Executive Director or his/her designee in his/her sole discretion prior to
ICTC’s execution of the AGREEMENT and before work commences. Upon request of ICTC,
Consultant shall immediately furnish ICTC with a complete copy of any insurance policy required under
this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and
correct copy of the original policy. This requirement shall survive expiration or termination of this
Agreement.

If at any time during the life of the Agreement or any extension, Consultant or any of its sub-
Consultants fail to maintain any required insurance in full force and effect, all work under this
Agreement shall be discontinued immediately, until notice is received by ICTC that the required
insurance has been restored to full force and effect and that the premiums therefore have been paid for a
period satisfactory to ICTC. Any failure to maintain the required insurance shall be sufficient cause for
ICTC to terminate this Agreement. No action taken by ICTC hereunder shall in any way relieve
Consultant of its responsibilities under this Agreement.

The fact that insurance is obtained by Consultant shall not be deemed to release or diminish the
liability of Consultant, including, without limitation, liability under the indemnity provisions of this
Agreement. The duty to indemnify ICTC shall apply to all claims and liability regardless of whether any
insurance policies are applicable. The policy limits do not act as a limitation upon the policy limits do
not act as a limitation upon the amount of indemnification to be provided by Consultant. Approval or
purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the
liability of Consultant, its principals, officers, agents, employees, persons under the supervision of
Consultant, vendors, suppliers, invitees, sub-Consultants, or anyone employed directly or indirectly by
any of them.

If Consultant should subcontract all or any portion of the services to be performed under this
Agreement, Consultant shall require each sub-Consultant to provide insurance protection in favor of
ICTC, its members, board members, officers, officials, employees, agents and volunteers in accordance
with the terms of each of the preceding paragraphs, except that the sub-Consultant’s certificates and
endorsements shall be on file with Consultant and ICTC prior to the commencement of any work by the
sub-Consultant.

September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
1503 N. Imperial Ave Suite 104
El Centro, CA 92243

Dear Committee Members:

ICTC staff recently issued a Task Order Scope of Work to the engineering firms that were selected as part of its On-Call Engineering, Architecture and Professional Support Services Procurement. The task order was issued to acquire engineering support services to complete various tasks associated with the review of the engineering documents prepared by another consultant under a separate agreement for the Calexico ITC Project. The services requested include improvement plan review, specification and contract document review, assistance with the bidding phase for construction efforts and other project documentation review.

ICTC received one response belonging to the engineering firm Civil Pros. ICTC staff did reach out to all of the approved firms prior to the response deadline to encourage participation. The other firms indicated their existing workload would not allow them to assist with the requested services. The response received by Civil Pros met the requirements of the issued Task Order. Civil Pros has experience working on similar type transit infrastructure improvement projects and will provide ICTC with critical review comments and guidance towards ICTC’s efforts to complete the project.

The Civil Pros proposed cost to provide the services is $103,727.00. The proposed cost includes engineering support by structural, geotechnical, and environmental subconsultants. Funding for this project is approved in FY 2020-21 ICTC Overall Work Program and Budget/Transit Finance Plan through the Transportation Development Act (TDA) Fund approved on June 24, 2020.

The On-Call Engineering RFQ and Responses, Task Order and the Civil Pros response are available for review at the ICTC administrative offices.
It is requested that the ICTC Management Committee forward this item to the Commission for their review and approval after public comment, if any:

1. Approve the Task Order Award for engineering support services for the Calexico ITC to Civil Pros in the amount of $103,727.00.
2. Authorize the Chairperson to sign the Task Order.

E. MOU BETWEEN ICTC AND THE US BORDER PATROL AIR & MARINE, PROGRAM MANAGEMENT OFFICE FOR THE BORDER PATROL CHECKPOINT AT SR-86
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission
1503 N. Imperial Ave., Suite 104
El Centro, CA 92243

SUBJECT: Memorandum of Understanding (MOU) between Imperial County Transportation Commission (ICTC) and the U.S. Border Patrol Air & Marine, Program Management Office (BPAM PMO) for the Border Patrol Checkpoint Project at SR-86

Dear Committee Members:

The “State Route 86 U.S. Border Patrol Checkpoint” improvement project was identified as a regional priority by the Imperial County Local Transportation Authority (LTA) and the Imperial County Transportation Commission (ICTC). The current configuration of the checkpoint has been a bottleneck and creates delays for regional travel and goods movement in Imperial Valley. Extensive meetings have been held among the stakeholders involved that resulted in improvement alternatives that were presented and approved by the LTA. Ultimately, on September 27, 2017, the LTA approved funding for the project as part of the five percent Regional Highway Set-Aside from Measure D in the amount of $1.3 million dollars.

ICTC and U.S. Border Patrol have agreed to modify the project to reduce the project costs. Border Patrol will use their existing canopy and ICTC will add a second lane and related safety improvements. Border Patrol will provide all other equipment and technology, related to their inspection operations.

To coordinate and facilitate this project a draft MOU has been established between ICTC and BP. The goal of the MOU is to serve as a guide for the coordination between ICTC and BP through every step from design to construction of the project. The draft MOU and Exhibit A are attached for your review.

It is requested that ICTC Management Committee forward this item to the Commission for their review and approval after the receipt of public comment, if any:

1. Authorize the Chairman to sign the Memorandum of Understanding (MOU) for the State Route 86 (Northbound) Border Patrol Checkpoint Project between ICTC and the U.S. Border Patrol Air & Marine, Program Management Office

the checkpoint expansion project as described in Exhibit A. The Exhibit A describes the mutually agreed scope of services to be performed by consultant firm “AECOM” procured by LTA on February 28, 2018 in the amount of $319,000 ICTC to carry out the design engineering and construction management support services of the Project.

NOW THEREFORE, for and in consideration of the mutual promises set herein, ICTC and BPAM PMO have and hereby agree as follows:

1. On September 27, 2017, LTA authorized $1,300,000.00 of Regional Highway Set-Aside Measure D funds for the completion of design and construction of the State Route 86 Border Patrol Checkpoint Expansion project as described in Exhibit A. This MOU shall commence on the date set forth above, and shall remain in effect through September 30, 2023, or completion of construction as confirmed by all parties.

If additional funds are necessary for elements outside of the planned scope of work and can be acquired, the Parties will work cooperatively to incorporate into the design and construction.

8. Representatives of each Party to this MOU shall meet in person or by conference call at least quarterly, or as necessary, to discuss the project’s scheduling and coordination through design and construction of the checkpoint expansion, and other issues related to the specifications of the project, including, but not limited to, actual costs of the Service and any necessary adjustments based on actual costs of the project.

9. Each Party, on its own behalf and on the behalf of its agents and employees, agrees that each is acting in an independent capacity and not as an agent, officer, or employee of any of the other parties.

10. Parties represent and warrant that the people executing this MOU on their respective behalf have the authority to sign this MOU and bind all Parties to the performance of all duties and obligations herein.

11. It is understood and agreed that ICTC and BPAM PMO maintain insurance policies or self-insured programs to fund their respective liabilities. Evidence of insurance, e.g., Certificates of Insurance or other similar documentation, shall not be required of either party under this MOU.

12. F. FUND REQUEST TO THE LTA—SR-98 OLLIE AVENUE AND ROCKWOOD AVENUE
September 4, 2020

ICTC Management Committee
Imperial County Transportation Commission

SUBJECT: Fund Request to the Local Transportation Authority (LTA) – State Route 98 from Ollie Avenue and Rockwood Avenue

Dear Committee Members:

As a part of the Calexico West Port of Entry (POE) Expansion project, SR-98 and Cesar Chavez Boulevard were widened and improved to serve the expansion to the west. Caltrans completed construction on SR-98 between VV Williams and Ollie Avenue in March 2018, and the City of Calexico completed the Cesar Chavez Blvd. widening in October 2019. Caltrans has completed the design and right of way phase for SR-98 Widening between Rockwood Avenue and Ollie Avenue. On June 24, 2020, the California Transportation Commission (CTC) authorized construction funding. The total project cost is estimated at $6.33 million using a combination of 2016 Earmark Repurposing, Demonstration, and Traffic Congestion Relief funds. The project has a $1.7 million funding shortfall for which Caltrans is requesting an ICTC local contribution of $200,000. The remaining $1.5 million shortfall would be covered by other state and federal funds.

Attached is a summary of the LTA expenditures and funding available from the 5% Regional Highway Set-Aside fund.

It is requested that the ICTC Management Committee forward this item to the LTA Board for their review and approval after public comment, if any:

1. Approve the allocation for funding needed in the amount of $200,000 as a local match for the SR-98 Widening Project from Ollie and Rockwood Avenues, from the LTA 5% Regional Highway Set-Aside from the Measure D allocations and,
2. Authorize the Executive Director to execute the necessary agreements between Caltrans and the Imperial County Transportation Commission.

Sincerely,

MARK BAZA
Executive Director
