---

The following are clarifications to date based upon questions posed by potential respondents.

**1. A modification to Appendix A: IVT Scope of Work on Item 4.4:**

**Currently, Item 4.4 regarding Calexico on Demand states: “The service is currently operated by a different Contractor than all other services. It is under consideration to include this service under the overall service agreement to increase efficiency. Service is currently under agreement with the existing operator until at minimum of January 10, 2025.”**

**The revised Item 4.4 would now read as follows:**

***“The service is currently operated by a different Contractor than all other services. It is under consideration to include this service under the overall service agreement to increase efficiency. Service is currently under agreement with the existing operator until at minimum of January 10, 2025. It is hereby expressed that the intention is to extend this agreement until the end of the fiscal year, allowing for a smooth transition to the new operator. The new operator shall assume responsibility for the service starting July 1<sup>st</sup>, 2025.”***
