for Proposals (RFP) **ADDENDUM #6**

The following are clarifications to date based upon questions posed by potential respondents.

1. A modification to Appendix J: Draft Contractual Agreement section 8.4.3.

Currently, section 8.4.3 of the agreement states: “The cost of fuel is negotiated at a rate set at four dollars and thirty cents (\$4.30) per gallon for the term of this Agreement.”

After careful consideration and review of market conditions, the revised section 8.4.3 would now read as follows:

“The cost of fuel is negotiated at a rate set at four dollars and fifty cents (\$4.50) per gallon for the term of this agreement.”

This adjustment is necessary to ensure that our agreement accurately reflects current market rates and allows both parties to account for fuel costs appropriately during the term of the agreement.

Thank you for your interest in the bid process. Should there be any further questions, please email davidaguirre@imperialctc.org.
