**VI. REPORTS**

- A. ICTC Executive Director
  - ICTC was awarded a total of \$274,133 in funding from the Reap 2.0 Subregional Partnership Program to provide technical support to our local agencies with housing planning and to facilitate housing production. More information is to come about the potential project selections.
  - ICTC was recently awarded a grant from the Low Carbon Transit Operations Program for the Calexico Microtransit Service – Calexico On Demand in the amount of \$520k to continue funding operations for the service. ICTC is finalizing the submittal of an additional grant through the CMO program to continue funding the service. ICTC also received an additional funding commitment to further continue the service beyond the current grant funding received.
  - 2024 Local Partnership Program, Cycle 5: The Competitive Call for Projects for the CTC opened on August 16, 2024, with a deadline of November 20, 2024. There is also a competitive call for projects that is open for submittal directly to CTC. ICTC is coordinating with agency staff for project submittals.
  - The Bus Stop Improvement Project design is ongoing and expected to finish in a few months. Additionally, ICTC secured funding for more bus stop locations, which will be integrated into the overall design.
  - Staff is currently working on the development of the Scope of Work (SOW) for the Imperial County EV Charging Infrastructure Feasibility Study to proceed to the

issuance of a Request for Proposals. Staff reviewed the proposed SOW with the ICTC TAC to obtain additional feedback. Staff is anticipating releasing the RFP in the coming weeks.

- ICTC was recently informed that it had received a funding commitment for the completion of the design/environmental phases of the ICTC/IVT Operations and Maintenance Facility project. ICTC is working towards completing a phase 1 site assessment for the proposed site. ICTC is seeking to obtain NEPA clearance from the FTA to utilize federal funding to offset a portion of the acquisition costs.
- It is anticipated that the Calexico Intermodal Transportation Center (ITC) project will start construction in January 2025. The final set of contract documents are being prepared in anticipation of the construction bidding phase. ICTC is also working on integrating CPFCDs funding into its existing FTA RAISE Agreement.
- All other updates on the Directors Report on page 21 of the agenda.

**B. Southern California Association of Governments (SCAG)**

## Memorandum

**Date:** October 29, 2024  
**To:** ICTC Commission Members  
**From:** David Aguirre, Executive Director  
**Re:** Executive Director's Report

---

The following is a summary of the Executive Director's Report for the ICTC Commission meeting on November 13, 2024.

- 1) **Calexico East Port of Entry Intermodal Transportation Center:** *ICTC was recently awarded \$12.6 million by the California State Transportation Agency (CalSTA) through its Transit Intercity Rail Capital Program (TIRCP) to acquire, design and construct a transit facility at the Calexico East Port of Entry (POE). The goal of the Calexico East POE Intermodal Transportation Center is to create a transformative transportation hub that integrates various modes of transportation including public transit buses. The facility is anticipated to offer amenities such as shade, seating, bicycle parking, signage, and travel guidance, addressing the current lack of amenities and transportation options for pedestrians crossing the border at the Calexico East POE. Additionally, this project will bring four new zero emission vehicles to provide public transit services to the area. The project will have several phases with an estimated completion date in 2030.*
- 2) **Electronic Fare Payments:** ICTC is currently pursuing the implementation of an electronic fare payment system to its fixed route transit services. The system would allow all of its fixed route buses to take card payments in addition to its existing cash payment system. ICTC is working on securing the grant funds to implement this project. **More information to come in the coming months.**
- 3) **Reap 2.0 – Subregional Partnership Program:** ICTC was awarded a total of \$274,133 in funding from the Reap 2.0 Subregional Partnership Program to provide technical support to our local agencies with housing planning and to facilitate housing production. ICTC has notified each of our member agencies about the funding availability. Several cities have expressed interest in the funding and staff is working with each of the agencies to further evaluate their proposed projects. **More information is to come about the potential project selections.**
- 4) **Imperial Valley Transit (IVT) Veterans Day and Stuff-a-Bus Campaigns:** *ICTC and IVT are celebrating Veterans on November 4-11th with free rides on IVT, IVT Access and IVT Ride. Just show the driver your U.S. Military ID. ICTC and IVT will also be participating in a "Stuff a Bus" Food Drive from November 4-22nd with all donations going to the Imperial Valley Food Bank. Donate a can or dry food item and receive one free ride.*
- 5) **Imperial Mexicali Binational Alliance (IMBA):** *The next IMBA meeting is scheduled for November 14, 2024, at the ICTC Offices.*
- 6) **Calexico Microtransit Service – Calexico On Demand:** ICTC submitted a grant application for the Clean Mobility Options (CMO) program in October of 2020. The grant application was submitted to provide a clean energy microtransit service in the city of Calexico. In early 2021, ICTC was notified of its grant award of \$1

Million to fund the pilot microtransit service. The microtransit service currently operates as an on-demand service available to provide trips to the general public within the boundaries of the city of Calexico. The award required that ICTC fund and operate the service for a minimum of 4 years. ICTC partnered with Via Transportation, an experienced transportation operator to operate the service. ICTC and Via began the development of the project including service criteria, marketing information, and operational criteria. ICTC obtained approval from the CMO program to commence the service. ICTC kicked off the service on January 9<sup>th</sup>, 2023. Further information about the service can be viewed on the website: <https://city.ridewithvia.com/calexico-ondemand>. ICTC was awarded an additional \$500,000 to be utilized for operations of the service and additional service hours through the CMO program in late 2023. **ICTC was recently awarded a grant from the Low Carbon Transit Operations Program in the amount of \$520k to continue funding operations for the service. ICTC is finalizing the submittal of an additional grant through the CMO program to continue funding the service. ICTC also received an additional funding commitment to further continue the service beyond the current grant funding received.**

- 7) **Active Transportation Program, Cycle 7:** The California Transportation Commission (CTC) has released the Active Transportation Program (ATP) guidelines as of March 22, 2024. Approximately \$568 Million funding will be available for fiscal years 2025/26 through 2028/29 statewide. **Applications were due to the CTC by June 17, 2024.** Imperial County applicants were asked to submit a copy of their applications to the Imperial County Transportation Commission (ICTC). For a copy of the adopted ATP guidelines please refer to Active Transportation Program Guidelines directly at: <https://dot.ca.gov/programs/local-assistance/fed-and-state-programs/active-transportation-program/cycle7>.

In addition, only applicants that submit applications to the statewide ATP will be eligible for Regional ATP funds. Imperial County anticipates approximately \$1.1 million in ATP Cycle 7 Regional Funds will be available for all applicants that are not successful in the statewide call. There might also be additional funding available for quick build type projects. ICTC staff have developed an ATP factsheet for reference to both funding opportunities. Also, the Regional Active Transportation Plan adopted by ICTC is a valuable resource for agencies seeking funding through ATP Cycle 7. The document outlines priorities for each jurisdiction within Imperial County and was developed with significant input from the public. This input likely reflects the needs and preferences of the local community, making it a valuable tool for agencies seeking to align their grant proposals with the region's priorities. The ATP document is on the ICTC website at [https://www.imperialctc.org/assets/documents/transportation-plans-and-studies/ICTC-ATP\\_Final-Document\\_2022.02.28\\_Reduced-Size.pdf](https://www.imperialctc.org/assets/documents/transportation-plans-and-studies/ICTC-ATP_Final-Document_2022.02.28_Reduced-Size.pdf)

**ICTC received correspondence indicating five (5) applications for the Imperial County Region. Applications were submitted by the City of El Centro, Imperial County Office of Education, Heber Public Utility District, City of Calipatria and City of Holtville.**

**As a result of the State of California's budget deficit the ATP program overall funding was reduced significantly. Funding was anticipated to be \$568 Million overall but was ultimately reduced to approximately \$168 Million. Also, because of the budget deficit and associated cuts, the anticipated Imperial County Regional Share was reduced to approximately \$300k. The CTC has released the scoring for all submitted projects. The Imperial County Region was not awarded a statewide award; however, statewide applications will be eligible for regional share consideration. Of the five Imperial County projects, the highest scoring projects were submitted by the Imperial County Office of Education and the City of Holtville. More information to come pertaining to possible regional share award(s).**

- 8) **2024 Local Partnership Program, Cycle 5:** The Road Repair and Accountability Act of 2017 (Senate Bill 1) created the Local Partnership Program (LPP) as a program to reward and incentivize local or regional transportation agencies that have sought and received voter approval of taxes or that have imposed fees, which taxes or fees are dedicated solely for transportation improvements. The program is implemented by the California Transportation Commission (CTC). The CTC adopted the 2024 LPP Program Cycle 5 Guidelines on August 15-16, 2024. As a result of the adoption of the Cycle 5 Guidelines the Call for Projects has opened. The LPP Grant funds require a one-to-one match. The Imperial County Region's estimated allocation amount for FY 2025/26 is \$524million and \$520 million for FY2026/27 for a total of \$1,044 million. There is also a competitive program that is administered by the CTC. Guidelines for the program can be found at <https://catc.ca.gov/-/media/ctc-media/documents/programs/senate-bill->

In the past call for projects, ICTC staff proposed options to TAC members for the distribution of the LPP funds. The distribution calculations proposed were Option 1- Population and Maintained Mileage Based Distribution and Option 2- Using a Flat Distribution in addition to Population and Maintained Mileage Distributions. The proposed distribution is similar to the Local Transportation Authority (LTA) formula distribution.

On August 22, 2024, the TAC committee members reviewed and ultimately recommend Option 2 to be forwarded to the Commission for approval and to authorize ICTC to open the Call for Projects for the Local Partnership Formulaic Program Cycle 5. On August 28, 2024, the Commission approved TACs recommendation. **The Competitive Call for Projects for the CTC opened on August 16, 2024, with a deadline of November 20, 2024, for submittal to the CTC. There is also a competitive call for projects that is open for submittal directly to the CTC. ICTC is coordinating with agency staff for project submittals.**

- 9) **Bus Stop Improvement Project:** Staff are working on developing a bus stop improvement project across multiple cities throughout the county. The project consists of installing various bus shelters and potentially other amenities. ICTC will be coordinating with the various cities to complete the development. ICTC released the Request for Proposals for design services for the project. ICTC is looking to begin design services soon and have construction take place within FY23-24/FY24-25. The contract was awarded at the April Commission meeting. ICTC has already participated in a kickoff meeting with the consultant and all of the effected agencies. The project design is ongoing and is anticipated to be completed in the next few months. ICTC obtained additional funding to incorporate additional bus stop locations. The new location designs are being incorporated into the overall project design. **The 65% percent improvement plans have been completed and will be distributed to participating agencies.**
- 10) **Imperial County EV Charging Infrastructure Feasibility Study:** ICTC recently submitted a grant application under the Carbon Reduction Program (CRP) to prepare a Countywide EV Charging Infrastructure Feasibility Study. The project will aim to identify strategic locations within the county for EV Charging Infrastructure. Caltrans is currently developing a similar project for locations along State facilities. **Staff is currently working on the development of the Scope of Work for the project to proceed to the issuance of a Request for Proposals. Staff reviewed the proposed SOW with the ICTC TAC to obtain additional feedback. Staff is anticipating releasing the RFP in the coming weeks.**
- 11) **ICTC/IVT Operations and Maintenance Facility:** ICTC staff has engaged with the proposed property owner’s representative about ICTC’s interest in the property. ICTC has also communicated with the city of El Centro regarding action items that would need to take place to facilitate the goal of the project. ICTC has also communicated with grant agencies and our Zero Emission Bus Plan engineering consultant to develop a preliminary site plan of the proposed improvements. Next steps include executing a Letter of Intent with the property owner, continuing coordination with the city of El Centro, and to begin conducting the required environmental studies like a Phase 1 Site Assessment. ICTC will also continue to work on grant opportunities to fund the acquisition of the property. **A preliminary site plan has been prepared and was shared with the commission. ICTC was recently informed that it had received a funding commitment for the completion of the design/environmental phases of the project. ICTC is working towards completing an phase 1 site assessment for the proposed site. ICTC is seeking to obtain NEPA clearance from the FTA to utilize federal funding to offset a portion of the acquisition costs.**
- 12) **Community Project Funding/Congressionally Directed Spending (CPFCDS):** ICTC recently received an award of 4.1 million dollars to be utilized towards the Calexico Intermodal Transportation Center Project. The project has already received awards from the RAISE, ATP and REAP 2.0 programs. We would like to thank our local, State and Federal Partners and Congressman Raul Ruiz for their continued support of the project, ICTC and the Imperial County. ICTC would also like to congratulate the cities of Imperial and El Centro, the County of Imperial and the Imperial Irrigation District on their awards. ICTC will continue to work with all the awardees to ensure that their projects are programmed to enable the use of the project funding.
- 13) **Surface Transportation Block Grant Program (STBG), Carbon Reduction Program (CRP) and Congestion Mitigation and Air Quality Program (CMAQ) 2024 Call for Projects – FFY 2023-2024 to FFY 2025/2026:** The

STBG, CRP and CMAQ Call for Projects began on November 9, 2023. Applications were due on Friday, January 26, 2024, at the ICTC office. All agencies were provided guideline documentation were encouraged to submit potential projects.

Program	Applicants	Total Value Requested by All Applicants
CMAQ	City of Imperial	\$388,000
STBG	City of Imperial, City of Brawley and City of El Centro	\$2,416,000
CRP	ICTC – City of Imperial	\$1,083,000

Due to the number of projects submitted, ICTC was able to evaluate all projects internally without utilizing the normal process which involves all cities participating in the scoring and ranking process. ICTC recommended projects to SCAG as part of the final submittal process. SCAG recently approved the list of projects anticipated to receiving funding. The project list is as follows:

Program	Applicants	Total Value Requested by All Applicants
CMAQ	City of Imperial – Aten Blvd Sidewalk Installation Phases 1 through 3	\$388,000
STBG	City of Imperial – P Street Rehab	\$519,000
STBG	City of El Centro – S. Imperial Avenue Utility Relocations	\$520,000
STBG	City of Brawley – Western Avenue Improvements	\$599,000
CRP	ICTC – EV Charger Study	\$150,000
CRP	City of Imperial – EV Charger Installation Phases 1 and 2	\$622,000

ICTC staff will be working with local agency staff and programming all approved projects in the Federal Transportation Improvement Program (FTIP). **Several projects have already started development for use of the grant funds.**

- 14) **Calexico East Port of Entry Bridge Widening Project:** The Project proposes to widen the bridge over the All-American Canal at the U.S./Mexico border approximately 0.7 miles south of State Route (SR) 7. The project proposes widening the existing structure by adding four lanes: Two New Northbound Auto Lanes and Two New Northbound Commercial Vehicle Lanes. In May 2018, Caltrans and ICTC received \$3,000,000 from the California Transportation Commission and the Trade Corridor Enhancement Program (TCEP) to complete the Project Approval and Environmental Document (PA/ED) for the project. In June 2018, Caltrans completed a Project Initiation Document (PID). In Fall of 2018, the PA/ED phase was initiated by Caltrans, technical studies for the National Environment Policy Act (NEPA) document under Caltrans as the NEPA lead are in progress and is scheduled for completion in May 2020. In December 2018, ICTC was awarded \$20 million under the U.S. Department of Transportation’s BUILD discretionary grant program to complete the Design-Build construction phase. ICTC subsequently received TCEP in the amount of \$7.4 Million for construction efforts. The design portion of the project is complete. The project construction is underway, and construction was anticipated to be completed at the beginning of 2023 but suffered delays due to the issuance of the presidential permit. Approximately 87% of construction efforts have been completed. The project was temporarily placed on hold for 6 months due to the issuance of the presidential permit to relocate the border fence. The Presidential Permit was received on July 7, 2023. On November 15, 2023, GSA, ICTC, and regional partners celebrated the completion of Stage 1 of the project with a Ribbon Cutting celebration. ICTC Executive Director David Aguirre led the ceremony. Speakers included ICTC Chair Mike Goodsell, CBP Calexico Port Director Roque Caza, GSA Pacific Rim Region Public Buildings Service Deputy Regional Commissioner Amanda Sweeney, FHWA Senior Project

Engineer Tay Dam, Caltrans District 11's South County and Trade Corridor Director Nikki Tiongco, CTC Commissioner Clarissa Reyes Falcon, and Head Counsel of the Mexican Consulate in Calexico Tarcisio Montes de Oca. The event concluded with the anticipated Ribbon Cutting followed by media opportunities. For additional information regarding this project visit the ICTC website at: <https://www.imperialctc.org/projects/calexico-east-port-of-entry-bridge-expansion>. Stage 3 of the project, which consisted of the completion of improvements to the passenger vehicle lanes, is now complete. Stage 4 of the project is now complete, which consisted of retrofitting activities and roadway striping. The final project improvements, which consisted of the reinstallation of new bolts under the existing bridge section was completed in early August 2024. **The project construction efforts are now complete, and the project is now in closeout phase.**

- 15) **IVT Ride Potential Service Modifications:** IVT Ride is a dial-a-ride service that is available to seniors (55 years of age or older) and persons with disabilities in the communities of Calexico, Heber, El Centro, Imperial and Brawley. The service primarily operates in an intracity capacity with the exception of the communities of El Centro, Imperial and Heber and the Westshores service which travels to the city of Brawley or the Coachella Valley. The Westshores service is also available to the general public. Due to continuing declining ridership on all IVT Ride services, staff are exploring the possibility of modifying the service to provide trips to the general public but still provide priority to the senior population. The possible modification would enable the service to capture additional passengers and implement a microtransit like service in various communities. The possible modification would also require financial investment in technology and the development of a passenger web and mobile application. Staff anticipate bringing the further evaluated concept to the Management Committee and Commission in the coming months. Staff are also pursuing funding opportunities to facilitate the possible transition of the service. **Staff provided the Commission with a presentation on August 28, 2024, with further details. There was consensus to proceed with the software development and hardware acquisition. This item received approval to proceed to further development by the commission. ICTC has received state funding to complete the software and hardware upgrades for the project. ICTC Staff are currently working on developing a plan to conduct outreach (inclusive of in-person presentations and surveys) to the public about the possible service modifications.**
- 16) **Calexico Intermodal Transportation Center (ITC):** A new Intermodal Transportation Center in the City of Calexico has been part of ICTC's long range transit planning. The new Calexico ITC will serve as a regional mobility hub that will accommodate bus bays for Imperial Valley Transit in addition to private bus companies, taxis and farm labor buses. ICTC previously received a Congestion Mitigation and Air Quality federal program fund to complete the environmental and design plans of the new Calexico ITC. The environmental and design phase has been completed. Right of Way Acquisition is underway. ICTC has already acquired 2 of the required 3 properties for the project. The City of Calexico Council approved the commencement of the eminent domain process for two of the required properties. ICTC was recently awarded multiple grants to complete the required construction efforts for the project. ICTC received grant awards from the Regional Early Action Planning (REAP) 2.0, Active Transportation Program (ATP) and Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Grant Programs. Due to the anticipated State budget deficit, REAP 2.0 funding may be impacted. SCAG is working to ensure that the REAP 2.0 funding is not negatively impacted. ICTC is working with SCAG to identify possible alternative funding sources in the interim.

**It is anticipated that the project will start construction in January 2025. The final set of contract documents are being prepared in anticipation of the construction bidding phase. ICTC is also working on integrating CPFCDs funding into its existing FTA RAISE Agreement. The project is scheduled to go out to bid beginning on November 7, 2024.**

- 17) **Transit Comprehensive Operational Analysis:** Staff was able to secure grant funding to complete a Transit Comprehensive Operational Analysis (COA). The COA is a comprehensive evaluation of ICTC's existing transit services while also presenting evaluation findings and recommendations to further improvement of ICTC's existing public transit system. ICTC intends to evaluate all ICTC operated services in addition to incorporating an assessment of the feasibility of intercity passenger rail. Staff recently released the Request for Proposals to the public and are anticipated to work towards a contract award in October 2024. **The analysis is anticipated to take a year to complete.**

- 18) **EV Charger Installation Project:** Staff are working on developing an EV charger installation project across multiple cities throughout the county. ICTC will be coordinating with the various cities to complete the development. *It is anticipated that the project will be completed within FY24-25/25-26.*
- 19) **Forrester Road Project Study Report (PSR):** Caltrans District 11 has been working on a project report on behalf of ICTC. The PSR will analyze safety and operation improvements along Forrester Road between I-8 and SR86/SR78. Other improvements include the Westmorland bypass. A meeting to discuss the draft PSR took place at the ICTC offices on Wednesday, March 29, 2023, at 9 a.m. Further updates to the PSR are anticipated along with additional meetings to discuss the updated PSR. **The updated PSR was recently completed, and the PSR was presented to the management committee and commission in September 2024.**
- 20) **State Route 86 (Northbound) Border Patrol Checkpoint:** State Route 86 (Northbound) Border Patrol Checkpoint: In August 2017 following a year of coordination, Caltrans, the County of Imperial and ICTC met with CBP management and operations staff achieved consensus for a new conceptual alternative prepared by Caltrans. The LTA Board met on September 27, 2017; staff presented the Board with a fund request for \$1.3 million from the 5% Regional Highway Set-Aside from the Measure D allocations. A Consultant Agreement with AECOM for design and construction engineering was approved by the LTA on February 28, 2018. Following our ICTC Board meeting in late September 2020, ICTC has initiated a traffic study as required by Caltrans. Design work has been delayed due to Border Patrol’s concern related to their ability to provide additional funding necessary to meet their operational requirements. On Wednesday, March 17, 2021, ICTC received confirmation from Border Patrol Headquarters in Washington D.C. that they wish to proceed with the original Canopy Design that is similar to Interstate 8 Pine Valley Checkpoint.

*As discussed, and confirmed with Border Patrol, ICTC will only provide the remaining funds we had available (February 2021) of approximately \$1.3 million to complete the traffic study, 100% design plans, and construction of the canopy, lighting related to the canopy, and traffic related improvements required by Caltrans. Border Patrol is committed to paying for all other construction-related costs and Border Patrol will lead the construction contract. Border Patrol, Caltrans and ICTC are having weekly meetings toward completing design plans. CBP will be working with Caltrans to obtain environmental clearance once funding for construction is obtained. The improvement plans have been prepared in final draft form and have been submitted to Caltrans for review. Caltrans has provided review comments on the project improvement plans. ICTC will work with the design engineer to complete the required updates. Environmental studies and Caltrans submittal are pending submittal by CBP. **ICTC’s consultant is working on finalizing the remaining documents for Caltrans submittal.***

- 21) **Regional Active Transportation Program:** ICTC staff has been working with staff from the Southern California Association of Governments (SCAG) in the development of the Active Transportation Program (ATP) guidelines. The ATP is funded from various federal and state funds including the federal Transportation Alternatives Program (TAP), the Highway Safety Improvement Program (HSIP), State Highway Account, and Safe Routes to Schools (SR2S). The approved California Transportation Commission 2023 ATP (Cycle 6) program guidelines divide the funds into state and regional shares. State funds are available through a competitive application process. Applicants that are unsuccessful at the state level are considered for regional funds. Regional ATP funds are administered by the Metropolitan Planning Organizations (MPO). SCAG is Imperial County’s MPO. Per SCAG’s 2023 ATP Regional Guidelines, county transportation commissions may assign up to 20 points to each statewide project application deemed consistent and meeting eligibility requirements. ICTC staff has completed the adoption process of the scoring methodology. ICTC staff received state scoring of ATP applications from Imperial County and presented staff recommendations to TAC members on December 15, 2022. Projects are underway at various stages by the agencies. Staff recommendations were approved at the January Commission meeting. See the table below for further information.

Regional ATP Projects		
Agency	Project Name	Total ATP Funds Requested
City of Calipatria	Bonita Place Pedestrian Safety Project	\$997,000
City of El Centro	Pedestrian Improvement Project – various locations on Main Street	\$1,200,000

ICTC	Pedestrian Improvements for the Calexico Intermodal Transportation Center	\$1,073,000
<b>TOTAL Regional ATP funds</b>		<b>\$3,270,000</b>

- 22) **Orchard Road & SR115 Traffic Concept Report:** During the Commission meeting of September 2022, the Commission asked ICTC staff to follow up on the SR 115 Transportation Concept Report (TCR). ICTC staff has conducted meetings with Caltrans and County Public Works staff during the week of October 17<sup>th</sup>. ICTC staff, in partnership with County and Caltrans staff are continuing discussions for short term options to deter trucks from using Orchard Road. The parties are also expected to discuss long-term options as well. More information will be shared as discussions continue.
- 23) **San Diego & Imperial Counties Sustainable Freight Strategy:** San Diego Association of Governments (SANDAG) and ICTC received a Caltrans Sustainable Transportation Planning Grant for a Sustainable Freight Implementation Strategy for both counties. The goal with the strategy is to help transition the freight sector in San Diego and Imperial Counties to sustainable technologies, operations, infrastructure over the next 30 years. The strategy will systematically implement multimodal freight projects and policies, seek to pilot innovation technologies, create a workforce development toolkit, and identify potential funding sources for implementation. The area of study includes communities adjacent to major freight infrastructure in San Diego and Imperial Counties. Environmental justice areas, as defined by AB617, will be a particular focus and include the Portside Environmental Justice Communities, the International Border Community, and Calexico-El Centro-Heber corridor. This plan kicked off in February 2022 and is expected to be completed March 2024. Public engagement has been instrumental in the creation of this strategy. Participants of Imperial County have included County Public Works department, Work Force Development, Comité Civico del Valle, Imperial Valley Economic Development Corporation, among others. Strategy outcomes are scheduled to be presented to SANDAG and ICTC groups as well as community organizations such as IMBA and AB617 meetings starting in June in Imperial County.
- 24) **State and Federal Local funding Obligations:** Projects programmed in programmed in Federal Fiscal Year (FFY) 2019/2020 were fully obligated according to Caltrans Local Assistance. Beginning October 1, 2020, agencies can move forward with request for authorization (RFA) for Congestion Mitigation Air Quality (CMAQ), Surface Transportation Block Grant program (STBG) programmed in FFY 2020/2021. Other state funding also included in the Federal Transportation Improvement Program (FTIP) include the Active Transportation Program (ATP).
- 25) **State Legislation for Transportation Funding – SB 1 Road Maintenance and Rehabilitation Account (RMRA):** According to the California League of Cities, overall local streets and roads allocations to cities and counties from the Highway Users Tax Account (HUTA) and the Road Maintenance and Rehabilitation Account (RMRA) are projected to climb 14.8% in the current fiscal year, 2021-22, above last year, reflecting a rebound from peak impacts of the pandemic in 2020. For the budget year 2022-23, allocations are projected to grow 10.8% over the current year. This presumes that if the scheduled July 1 cost-of-living fuel tax increase is suspended, the Legislature will backfill any revenue impacts to local governments as leaders have pledged. The estimates are based on new statewide tax revenue estimates released by the California Department of Finance with the Governor’s 2022-23 Proposed Budget. The county estimates were prepared in collaboration with the California State Association of Counties.

- 26) **Funding Opportunities:**
- **LPP Cycle 5 Call-for-Projects:** LPP Cycle 5 is expected to include about \$72M/per year made up of Federal and State funding. The funding/programming years include the 25/26 and 26/27 fiscal years.

## Memorandum

**Date:** November 13, 2024  
**To:** ICTC Commission Meeting  
**From:** David Salgado, Government Affairs Officer (GAO)  
**Re:** **Southern California Association of Government’s (SCAG) Report**

---

The following is a summary of the SCAG Executive Director’s Report and/or Federal and State Legislature Staff Report for the Imperial County Transportation Commission meeting for the month of NOVEMBER 2024.

### **1. ‘Southern California Economic Update’ Presentation Scheduled for December Regional Council**

The “2024 Southern California Economic Update” will be presented during the SCAG Regional Council’s Dec. 5 meeting alongside regular SCAG business. The update will present SCAG’s annual economic analysis and near-term outlook from SCAG’s Economic Roundtable, followed by an in-depth discussion on the state of the economy among Regional Council members.

This change is due to scheduling conflicts with multiple holidays during 2024-25 and the importance of sharing the data and analysis included in the “2024 Southern California Economic Update.” The 2024 Southern California Economic Update will present a detailed economic outlook for the region, highlighting that growth in sectors such as goods movement, healthcare, and tourism will drive the economy in the coming year.

### **2. SCAG Nominates 13 Projects, Totaling Over \$323 Million, for Trade Corridor Enhancement Program Funding**

On Nov. 7, the SCAG Regional Council approved project nominations for Trade Corridor Enhancement Program (TCEP) funding. As the region’s metropolitan planning organization, SCAG is tasked with submitting project nominations from region’s agencies to the California Transportation Commission.

SCAG received 15 project nominations for the SCAG region, with a total TCEP funding request for this cycle of more than \$477 million. Out of the total of 15, two project nominations are led by Caltrans, and six are in partnership with Caltrans, with a TCEP state funding request of over \$154 million. The total TCEP regional funding request is over \$323.7 million. The 2024 TCEP will provide two years of programming in fiscal years 2025-26 and 2026-27 for an estimated total of \$1.071 billion, as provided by the federal Infrastructure Investment and Jobs Act of 2021.

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS  
900 Wilshire Blvd., Ste. 1700, Los Angeles, CA 90017  
T: (213) 236-1800 www.scag.ca.gov

By nominating these projects, SCAG confirms their consistency with the adopted Connect SoCal 2024 Regional Transportation Plan/Sustainable Communities Strategy and the adopted regional freight plan. In addition, SCAG will provide individual consistency letters to include in the applications as part of the new process for 2024 TCEP as to confirm that the proposed nomination is included in the current approved Regional Transportation Plan and Sustainable Communities Strategy.

The TCEP funds freight infrastructure improvements on federally designated Trade Corridors of National and Regional Significance, on California’s portion of the National Highway Freight Network, as identified in the California Freight Mobility Plan, and along other corridors that have a high volume of freight movement as determined by the California Transportation Commission. For more information on the TCEP and SCAG’s project pandemic.

### **3. SCAG Awarded \$2.28 Million in Grants for Traffic Safety Programs**

The SCAG Regional Council approved a resolution to accept 2.28 million in grant funding from the California Office of Traffic Safety (OTS) to improve regional transportation safety.

The funding includes, \$922,456 to support continued development of a new regional safety data analysis and modeling platform. The platform will predict and analyze safety risks on Southern California’s multimodal transportation system to help reduce the number and severity of roadway collisions in the region by leveraging innovative technologies and safety data resources, such as in-vehicle information systems and newly available collision modeling capacities.

OTS also granted \$1.36 million to continue SCAG’s *Go Human* program, which launched in 2015 to reduce collisions and improve safety for people walking and biking. The newly awarded OTS grant will fund continued *Go Human* activities through Sept. 30, 2025, and support implementation of *Go Human*’s new traffic safety advertising campaign as the program enters its 10th year. The funds will also support the development of an accessibility assessment of *Go Human* programs for improved accessibility and equitable distribution of traffic safety resources across the region.

OTS-funded activities in 2025 will leverage a five-year, \$12 million grant from the federal Safe Streets and Roads for All (SS4A) grant program. The SS4A grant will expand the reach of SCAG’s *Go Human* work, such as the Kit of Parts Lending Library technical assistance program, co-branded safety messaging, and the Community Streets Grant Program, which has distributed more than \$1.7 million to community-based organizations since 2018.

#### **4. *Go Human* Community Streets Grant Program Awardees Support Safer Streets**

This summer, three *Go Human* 2024 Community Streets Grant Program awardees—Nyeland Promise, Latino Health Access, and Los Angeles Walks—demonstrated pop-up traffic safety infrastructure improvements using *Go Human*'s Kit of Parts at their project events in their communities.

On July 21, Nyeland Promise, alongside Bike Ventura County, created opportunities for more than 100 community members to test and provide feedback on an artistic creative crosswalk and a separated bike lane at the Nyeland Promise Bike Rodeo in Nyland Acres. Community feedback reflected robust support for making the pop-up designs permanent across Nyeland Acres.

On Aug. 10, Latino Health Access concluded their walking tour by showcasing an artistic creative crosswalk and parklet to collect community feedback on improvements for people walking and biking in Santa Ana. More than 110 attendees tested the pop-up safety improvements. Community feedback indicated significant support for permanent installation of the designs.

On Aug. 21, Los Angeles Walks showcased a pop-up parklet at their Safe Street Advocates event and capacity-building workshop in the city of Los Angeles to collect feedback on a potential parklet in their community. More than 40 community leaders and promoters attended the workshop and shared feedback on the parklet, which indicated resounding support for permanent parklets in the city of Los Angeles.

For more information, read the full project reports on the *Go Human* website and watch the event videos on the SCAG YouTube channel. Visit the SCAG website for information on borrowing the Kit of Parts to showcase potential traffic safety improvements in your community.

#### **5. SCAG Shares Regional Perspective at the California Forward Economic Summit**

SCAG Executive Director Kome Ajise traveled to Sacramento to participate on a panel at California Forward's Economic Summit, which brings together diverse public and private sector partners to discuss building an inclusive and sustainable economy for California. Ajise participated in the main stage panel "Regions Up: Present and Future," discussing the role of local and regional governments in developing a more sustainable California economy. During the panel, he highlighted SCAG's "Southern California Zero-Emission Truck Infrastructure Study," which will boost the availability of electric truck charging infrastructure throughout the region by developing consistent siting criteria to efficiently use potential supply of land available for charging stations. The study supports SCAG's Last Mile Freight Program, which will soon see an infusion of a \$50 million Climate Pollution Reduction Grant awarded by the U.S. Environmental Protection Agency for additional commercial deployment of zero-emission heavy- and medium-duty trucks and supporting infrastructure.

### CONSTRUCTION

#### CURRENT PROJECTS:

1. **I-8, SR-78 Bridge Rehab at Various Locations: 4 Bridges along I-8 and 2 on SR-78 at Palo Verde**

Work on I-8 bridges is mostly complete. These bridges are located at:

- Brock Research Center Rd – Work completed.
- All American Canal (left/right) – Bridge deck work and painting is complete.
- Winterhaven Dr/4<sup>th</sup> Street – work began on August 2024.
- Palo Verde locations have started and will install a long-term automated traffic control signal at both locations for reversible one way traffic throughout the duration of construction.

2. **SR-111 Roadside Improvements:**

- Construction started February 2024, substantial completion achieved. Minor pending work to be completed in November 2024.

- This project will be implementing improvements at various locations on SR-111 between Heber Rd and Niland.
- The scope includes upgrading guardrail, ADA curb ramps and rumble strip installations. The project cost is estimated at \$11 million.

3. **11-2N194: IMP-8-PM R74.5/R83.2:** HM-1 Pavement Preservation – Cold Plane and Overlay with HMA. Started construction in September 2024.

**COMPLETED PROJECTS:**

- SR-98 Widening Project.
- I-8 Roadside Safety Improvements.
- All Imperial County Clean California Projects.
- IMP-8-PM R3.7/48: HM-1 Pave Preservation Ramp Project.

**UPCOMING PROJECTS:**

4. **11-29420: Intersection widening and Installation of Traffic Signals** (Permit Project) at SR-86 and Dogwood Road. Currently in Design phase with a tentative Construction date by mid-2025. Coordination with County of Imperial.

5. **FY 23/24 Major HM Projects** that are currently advertised and scheduled to start mostly Job Order Contracts (JOC's):

- 11-2N178: IMP-8-PM 0/10: HM-1/part of JOC 11JOC23241: Pavement Preservation - Microsurfacing. Start of construction in August 2025.
- 11-2N197: IMP-111-PM 23.5/32.1: HM-1/part of JOC 11JOC23241: Pavement Preservation at Various Locations. Start of construction in Spring 2025.

(Non-JOC)

- 11-2N167: IMP-86-PM 50.46/52.43: HM-3 Bridge Preservation. Start of construction around October 2024.
- 11-2N204: IMP-8-PM R36.4/R39.5 and SD-8-PM 2.9/11.7: HM4 Safety Project – Rumble Strips. Start of

construction February 2025. Awarded on October 2024.

**6. FY 24/25 Major HM projects:**

- 11-2N230: IMP-86-PM 4.5/8.5 and 20.4/21.39. HM-1 Pavement Preservation – Microsurfacing. In design phase, RTL at December 2024, in construction at July 2025.
  - 11-2N147: IMP-111-PM 50.56/52.43. HM-3 Bridge Preservation. In design phase, RTL in September 2024, in construction in March 2025.
  - 11-2N226: IMP-98 PM 0/57: HM4 Safety – Rumble Strips. In design phase, RTL in December 2024, in construction at July 2025.
  - 11-2N225: IMP-78-PM 0/34 and SD-78 PM 16/95. HM4- Safety – Rumble Strips. In design phase, RTL in December 2024, in construction at July 2025.
7. **11-2N228: IMP-78-PM 0/13. HM-1 Pavement Preservation.** In design phase, RTL in December 2024, in construction on July 2025.
8. **11-2N176: Microsurfacing Ramps at IMP-8-PM R50.3/R96.7.** Start construction on August 2025.

**STAKEHOLDER ENGAGEMENT:**

**1. Imperial Ave Bridge:**

- Completed coordination with the City of El Centro to install additional signage on Imperial Ave Bridge.

**2. Imperial County Lithium Valley Specific Plan**

- Engage with County of Imperial, identify areas of priorities and establish collaborative efforts between agencies.

**PROJECT DELIVERY**

**1. SR-186 All-American Canal Bridge:**

- This project proposes to construct a new bridge over the All-American Canal to improve safety and better facilitate international and interregional movement of people, goods and services.
- A 2019 feasibility study proposed 8 alternatives including a no-build option. The following stakeholders

have been identified, Fort Yuma Quechan Indian Tribe, US BIA, US BOR, IID, International Boundary and Water Commission, County of Imperial, Union Pacific Railroad and US GSA. Preliminary design of bridge, roadway realignment and temporary detour road are underway, as well as environmental studies.

- Project Milestones: Project Approval/Environmental Clearance by 12/2024.
2. **11-43154: ADA Curb Ramps & Complete Streets Project on SR-115, SR-86 and SR-111.** Currently in PA&ED phase. Begin design by late 2025. Coordination with City of El Centro, City of Calipatria and City of Holtville. Review of the project plans during the Design phase will be required by Union Pacific Rail Road.
  3. **11-43140 IMP 98 30.9-39.7: Pavement Rehabilitation.** Currently in PA&ED phase. Begin Design by February 2026.

## **MAINTENANCE AND TRAFFIC OPERATIONS**

1. El Centro Traveled Way Crew – Sealing intersections: SR-86, Mowing/Brush Removal, Asphalt repair: I-8 PM 18.2/east of Ocotillo

- El Centro Functional/Marking Crew – Sign/Landscape maintenance, Refresh pavement markings-SR-111/2<sup>nd</sup> Street, Calexico.

- Midway Traveled Way Crew – Crack sealing SR98/SR-7, Asphalt repair: I-8/Ag Station

- Brawley Traveled Way Crew – Sweeping/brush control  
Crack sealing-SR-111/Rutherford Road, Asphalt sealing; SR-86/Buck Road west of Westmorland.

**5. SR-86/Customs & Border Protection (CBP) Checkpoint Expansion:**

- AECOM has submitted a revised concept plan with a standard acceleration lane from the secondary inspection facility and it has been approved.
- The environmental studies are being prepared by ICTC/CBP and will be sent to Caltrans District 11 Staff for review. Caltrans will assist ICTC in coordinating upcoming meetings.

On May 2024, Caltrans placed this project on hold until ICTC/CBP elects to proceed with the environmental process.

**PLANNING AND LOCAL ASSISTANCE**

**CURRENT PROJECTS:**

**1. Feasibility Studies: District 11 Truck Parking and Medium/Heavy Duty ZEV Charging Station Site Assessment –**

- The purpose of this study is to identify potential sites, assess site feasibility, and develop conceptual planning plans for four future truck parking facilities and Medium Duty/Heavy Duty (MD/HD) Zero Emission (ZEV) charging and fueling stations in San Diego and Imperial counties primarily along corridors identified by the Senate Bill (SB) 671 Clean Freight Corridor Efficiency Assessment.
- The study will also support regional and local efforts to advance MD/HD ZEV including the San Diego and Imperial County Sustainable Freight Implementation Strategy
- Feasibility Study: A feasibility study supporting this effort was completed in July 2024.
- Timeline: The Project Initiation Document (PID) to be completed by June 2026.

**2. Calexico East Land Port of Entry Joint Operations Systems-**

- Objective: This project aims to develop a concept for a joint operation system at the Calexico East Port of Entry (POE), which will introduce the first land POE appointment system for

commercial vehicles.

- **System Features:** The system will enable commercial vehicle operators to schedule appointments for designated crossing windows based on current border conditions.
- **Pilot Program:** This pioneering application will initially be tested with commercial vehicles and may later be expanded to passenger vehicles.
- **Scalability:** If successful, the pilot could be scaled to other POEs and potentially implemented at both northern and southern border POEs across the United States.
- **Feasibility Study:** A feasibility study to support this effort was completed in July 2024.
- **Timeline:** The Project Initiation Document (PID) to be completed by June 2026

### **3. Calexico Travel Corridor Improvements (11-43220):**

- Calexico West POE – Mobility, Operational Improvements, Complete Streets, and Traffic Signals.
- This study includes four alternatives and a no build option. All options (except the no-build) include accessibility improvements alongside SR-111.
- These improvements includes curb ramps, crosswalks enhancements at 9th and 10th St, pedestrian push buttons at 2nd ST additional guide signs where needed.
- ITS infrastructure has been put in place to inform users on border wait time on both Calexico East and West.
- Proposed bus stop at W 5th St for eastbound direction on SR-111 PM R0.55.
- The PA&ED to be completed by 2027. Design phase by 2029 and Construction phases to be completed by 2031.
- A short-term solution is being discussed to accelerate delivery of the proposed improvements.

- SR-111/2<sup>nd</sup> Street- Installation of pedestrian push buttons and conversion of East Bound 2<sup>nd</sup> Street through lane to a shared left turn-through lane (which would provide two left-turn lanes for East Bound 2<sup>nd</sup> Street to North Bound SR-111 traffic).

**COMPLETED PROJECTS:**

- **Project Study Report: Forrester Road Improvements**

## DISTRICT 11 LOCAL ASSISTANCE ENGINEER (DLAE) UPDATE

### **November 27, 2024 – Deadline for California Transportation Commission (CTC) Requests**

Please see link below to review the schedule of deadlines and prepare requests for California Transportation Commission (CTC) approval during the January 30-31, 2025, CTC meeting –

<https://dot.ca.gov/-/media/dot-media/programs/financial-programming/documents/2025-external-preparation-schedule.pdf>

When possible, do not wait to submit requests, Caltrans District 11 must receive all documents at least two months prior to the desired CTC meeting date.

Wednesday, **November 27**, 2024, is the final deadline (for January 30-31, 2025, CTC meeting).

For assistance, please call the Caltrans Local Area Engineer, Alejandro Lopez-Rangel: 858-229-1721.

### **Bridge Investment Program (BIP)**

The Bridge Investment Program is a competitive, discretionary program that focuses on existing bridges to reduce the overall number of bridges in poor condition, or in fair condition at risk of falling into poor condition.

The deadlines for applications to be submitted via [Grants.gov](https://www.grants.gov) are:

Fiscal Year BIP Funding	Planning Application Deadline	Bridge Project Application Deadline
<del>FY 2025</del>	<del>October 1, 2024</del>	<del>November 1, 2024</del>
FY 2026	October 1, 2025	November 1, 2025

The deadline for **Large Bridge Project Grant Applications** to be uploaded to [Grants.gov](https://www.grants.gov) is August 1, 2025, for consideration of FY 2026 funds.

Further details are available at this link – [BIP - Funding Programs - Management and Preservation - Bridges & Structures - Federal Highway Administration \(dot.gov\)](#)

### **U.S. Department of Transportation Grant Opportunities**

The USDOT website provides a DOT Discretionary Grants Dashboard, which is a great tool that your local agency can use to find grant opportunities in various areas such as: Strengthening Mobility and Revolutionizing Transportation (SMART), Rural Opportunities to Use Transportation for Economic Success (ROUTES), and Federal Transit Administration (FTA) grant programs, just to name a few. In the link provided below, you can filter for your agency specifics to narrow down grant opportunities. Directions, deadlines, and links to apply are here – <https://www.transportation.gov/grants>

## Fiscal Year 2025-26

# Sustainable Transportation Planning Grant

## Call for Applications

Dear Stakeholders,

On behalf of the California Department of Transportation (Caltrans), we are pleased to release the Fiscal Year 2025-26 Sustainable Transportation Planning Grant Application Guide and Call for Applications. Applications are due by 5:00 PM on Wednesday, **January 22, 2025**. The grant awards will be announced next summer 2025.

This year's grant program includes a third cycle of Climate Adaptation Planning grants to award the remaining budget of approximately \$3.7 million. These grants will support local and regional identification of transportation-related climate vulnerabilities through the development of climate adaptation plans, as well as project-level adaptation planning to identify adaptation projects and strategies for transportation infrastructure. Through this grant program, we look forward to supporting climate change adaptation efforts and studies statewide.

Caltrans is conducting grant application workshops starting next week to provide a grant program overview and review the resources that we have to assist with competitive application development. Contact the appropriate Caltrans district staff to request workshop information and draft application feedback. They can also help choose the the best grant category for your proposed planning project.

Visit the grants website (link below) for workshop dates and times, the Grant Application Guide, application forms and templates, and Caltrans district staff contacts.

## DISTRICT 11 LOCAL ASSISTANCE ENGINEER (DLAE) UPDATE

### **Key Notices of Funding Opportunity (NOFO)**

To provide stakeholders with more visibility on upcoming funding opportunities, DOT is publishing a list of anticipated dates for upcoming Notices of Funding Opportunity (NOFO) for key programs. This list is not comprehensive and will be updated periodically with additional programs and revised dates as appropriate.

#### **A few of the key programs and their deadlines:**

\* Rebuilding American Infrastructure with Sustainability and Equity (RAISE)

1) FY 2025: 1/13/2025

2) FY 2026: 1/13/2026

Further details are available at this link – [Key Notices of Funding Opportunity | US Department of Transportation](#)

### **November 21, 2024 – Environmental and Climate Justice Community Change Grant Deadline**

The U.S. Environmental Protection Agency (EPA) has a new Environmental and Climate Justice Community Change Grants program (Community Change Grants), announced via a Notice of Funding Opportunity (NOFO), for approximately \$2 billion dollars in Inflation Reduction Act (IRA) funds in environmental and climate justice activities to benefit disadvantaged communities through projects that reduce pollution, increase community climate resilience, and build community capacity to address environmental and climate justice challenges. Applications are now open, which the EPA is accepting on a rolling basis, with grant technical assistance available to applicants. Final deadline to apply is **November 21, 2024**.

<https://www.epa.gov/inflation-reduction-act/inflation-reduction-act-community-change-grants-program>

### **November 25, 2024 – FHWA Low-Carbon Transportation Materials Funding Deadline**

The Federal Highway Administration (FHWA) has released a Low-Carbon Transportation Materials (LCTM) Notice of Funding Opportunity (NOFO). This NOFO is open to eligible local governments, political subdivisions of a State, Federally recognized tribes, Federal Land Management Agencies, Metropolitan Planning Organizations, and special purpose districts or public authorities with a transportation function. The LCTM Program aims to increase use of materials that have “substantially lower levels of embodied greenhouse gas emissions” as defined by the Federal Environmental Protection Agency.

For more information on the LCTM Program, please visit <https://www.fhwa.dot.gov/lowcarbon>

NOFO applications must be submitted to [Grants.gov](#) by November 25, 2024, at 8:59 pm PT.

### **Title VI Nondiscrimination Program**

Local agencies must comply with all Title VI requirements (*LAPM* Section 9.2). Title VI compliance is subject to review at any time.

## Virtual Workshop

# Grants Toolkit for Local and Tribal Agencies

Dec. 10, 2024 | 1pm – 2:30pm E.T. | Zoom

***Facing roadblocks applying for grants or managing grant projects?  
Need additional resources to support your grants efforts?***

Join us for this 90-minute virtual information gathering session. This session is being conducted as part of an NCHRP\* research project to develop tools and resources for local governments and tribes to manage the grants lifecycle. Share your insights to help shape a comprehensive grants toolkit that will set you up for success in grant applications and management.

**Why Now?** The **2021 Bipartisan Infrastructure Law (BIL)** provides unprecedented funding opportunities through competitive grant programs that local and tribal agencies can leverage to address critical needs, drive economic growth, and build community resilience.

### What You'll Do
